MRS. JANE STANFORD DIES SUDDENLY

"I HAVE BEEN POISONED" HER LAST WORDS

AUTOPSY WILL BE HELD ON BODY BY PHYSICIANS AT HONOLULU.

THOUGHT SHE WAS MURDERED

Found Dying in Her Room in Hawaiian Hotel.

Firmly Believe That She Was the Victim of a Plot.

Conflicting Stories Are Told Regarding the Poison Tale.

How the News of Her Death Was Received at Stanford.

HONOLULU, MARCH 1.—MRS. JANE LATHROP STANFORD OF SAN FRANCISCO, WIDOW OF U. S. SENATOR LELAND STANFORD, DIED AT 11:40 O'CLOCK LAST NIGHT AT THE MOANA HOTEL HERE.

SUSPICIOUS CIRCUMSTANCES SURROUND THE DEATH OF MRS. STANFORD. SHE WAS TAKEN ILL AT 11 O'CLOCK, AND SAID:

"I HAVE BEEN POISONED." HER LAST WORDS WERE:

"THIS IS A HORRIBLE DEATH TO DIE."

MRS. STANFORD CAME HERE FROM SAN FRANCISCO ON THE KOREA, FEBRUARY 21. IN CONVERSATION WITH MRS. HENRY HIGHTON OF SAN FRANCISCO, WHO IS NOW HERE, MRS STANFORD SAID THAT AN ATTEMPT HAD BEEN MADE TO POISON HER IN THAT CITY, AND THAT THIS WAS HER REASON FOR SAILING ON THE KOREA.

IT WAS MRS. STANFORD'S BELIEF, ACCORDING TO MRS. HIGHTON, THAT ENOUGH POISON HAD BEEN USED TO KILL 20 PEOPLE.

IT IS UNDERSTOOD THAT AN INVESTIGATION OF THE CASE IS NOW BEING MADE BY THE POLICE OF SAN FRANCISCO.

THE POLICE HERE ARE ALSO CONDUCTING AN INVESTIGATION.

BEFORE RETIRING LAST NIGHT MRS. STANFORD TOOK A DOSE OF BICARBONATE OF SODA, WHICH SHE PURCHASED IN SAN FRANCISCO. IT IS REPORTED THAT THE SODA CONTAINED STRYCHNINE, BUT THIS REPORT CANNOT BE VERIFIED. DR. HUMPHREYS, WHO ATTENDED MRS. STANFORD, IS NOW MAKING AN EXAMINATION OF THE CONTENTS OF THE BOTTLE WHICH HAS NOT BEEN TOUCHED SINCE MRS. STANFORD LEFT SAN FRANCISCO.

YESTERDAY AFTERNOON MRS. STANFORD WENT TO A PICNIC. SHE ATE HEARTILY ON RETURNING TO THE HOTEL, BUT TOOK NO DINNER, AND RETIRED SHORTLY AFTER 10 O'CLOCK.

AT 11 O'CLOCK A GUEST OF THE HOTEL WHO OCCUPIED AN ADJOINING ROOM, HEARD MRS. SANFORD GROANING, AND RUNNING TO THE ROOM, FOUND HER LYING ON THE FLOOR.

SHE HAD EVIDENTLY TRIED TO SUMMON HELP.

AT THE TIME OF MRS. STANFORD'S DEATH THERE WERE PRESENT MISS BURNER, HER SECRETARY, AND HER MAID, MAY WILSON.

BOTH ARE PROSTRATED.

NO STATEMENT HAS BEEN ISSUED BY DR. HUMPHREYS OR BY DR. H. V. MURRAY, WHO WAS CALLED INTO CONSULTATION.

THE LATE MRS. JANE STANFORD.

NEWS OF DEATH AT THE UNIVERSITY

STANFORD UNIVERSITY, March 1.—"Mrs. Stanford died suddenly this morning at the Moana Hotel."

This brief cablegram from Honolulu reached Mr. Charles G. Lathrop, brother of Mrs. Jane Lathrop Stanford, at the university today.

The message was signed by Dr. Humphrey, a prominent physician of Honolulu, who was attending Mrs. Stanford. No further particulars have been received, but it is supposed that death resulted from a severe case of grippe, which Mrs. Stanford contracted just before she started on a health seeking trip to Japan.

NEWS SPREADS.

A few minutes after 8 o'clock and just after the first hour classes had assembled in the university the news of Mrs. Stanford's death spread from building to building, and students and professors alike dropped all work and by the time the official notice that the university would be closed until further notice, came from President Jordan's office, the whole student body had quietly retired from the quadrangles.

SCHOOL SUSPENDED.

Everything at the university is temporarily suspended and the university and the 2000 inhabitants of the campus are mourning the loss of the last of the founders of the Stanford University.

EIGHTY YEARS OLD.

Mrs. Stanford was in her eightieth year. She was born in Albany, N. Y.

Mr. Charles G. Lathrop, treasurer of the university, left for San Francisco this morning to try to obtain further information regarding the circumstances of the death.

The body of Mrs. Stanford will be returned from Honolulu on the first steamer. Until its arrival it is probable that the university will remain closed. The funeral will take place from the Stanford Memorial Church, and interment will be made in the Stanford mausoleum on the campus.

The death of Mrs. Stanford will stop all student activities that have been scheduled for the next few days. Baseball games, track meets and student theatrical performances have been postponed.

DR. JORDAN GRIEVES.

President David Starr Jordan, when interviewed this morning, was overcome with grief. He stated that the death of Mrs. Stanford would result in no change whatever in the policy of the university; that things have been in the hands of the board of trustees for some time past, and that the trustees are in entire sympathy with Mrs. Stanford's wishes. President Jordan expressed great sorrow, and said:

SUDDEN SHOCK.

"The shock is a sudden one. In view of the fact that Mrs. Stanford has been in such fine health, it was expected by everyone that she would live for several years to come. Her death at this time was wholly unexpected."

FORTUNE WILL GO TO THE UNIVERSITY

SAN FRANCISCO, March 1.—Mrs. Jane Lathrop Stanford was born in Albany, N. Y., in 1825. She married Leland Stanford, who later became one of the builders of the Central Pacific railroad and accumulated an immense fortune.

As the wife of Governor, and later, Senator Stanford, Mrs. Stanford for many years took a prominent part in social affairs.

THE UNIVERSITY.

She co-operated with her husband in the founding of Leland Stanford Jr. University, and after Senator Stanford's death devoted herself almost entirely to the interests of the university.

Although the immense endowment of nearly twenty million dollars made by Senator and Mrs. Stanford to the university was placed in the hands of trustees, Mrs. Stanford until the time of her death exercised control of the funds and the appointment of trustees.

FORTUNE FOR COLLEGE.

Almost all of the entire Stanford fortune now goes to the university. Mrs. Stanford had but one child, a son, who died at an early age, and in memory of whom the Leland Stanford Jr. University was founded.

GIVEN POISON AT HER HOME

SAN FRANCISCO, March 1.—On the 18th of last month it was reported that an attempt had been made to murder Mrs. Stanford by means of poison placed in a bottle of mineral water at her home on California street in this city.

DEADLY MIXTURE.

It was stated that she had taken three drinks of the deadly mixture, but the poison had been used in such large quantity that it served as its own emetic.

Mrs. Stanford was taken violently ill and medical aid was summoned. The contents of her stomach and the water remaining in the bottle were analyzed and sufficient strychnine to have killed three persons was found.

HEALTH DECLINES.

Mrs. Stanford first drank of the water on January 14, and from that time her health declined. Although the story of the attempt to poison her was positively denied, persistent rumors regarding the matter were circulated. She sailed for the Orient on the steamer Korea two weeks ago, and it was believed by her friends here that the voyage would result in her complete restoration to health.

THE MOTIVE.

No one had access to Mrs. Stanford's apartments in this city except the members of her household, and though many theories were advanced, the detectives who investigated the affair did not announce the discovery of any motive for the attempted murder, if, indeed, the poison had been intended for Mrs. Stanford at all.

WILL HOLD AN AUTOPSY ON BODY

HONOLULU, March 1—The remains were taken to an undertaking establishment, where they are awaiting an autopsy.

The investigation of the police have so far failed to find any evidence of poisoning, but the authorities decline to express any opinion pending the result of the autopsy and the analysis of the bottle of bicarbonate of soda. A box of capsules was also found in the room and these are being analyzed.

The guest of the hotel who occupied an adjoining suite, and who, hearing Mrs. Stanford groaning, ran to her as-

WOOD PIPES A FAILURE FOR WATER CONDUITS.

Former President of Los Angeles Water Company Says They Go to Pieces in Three Years.

City Water Officials All Declare Wooden Conduits Are a Failure and Unite in Saying They Have Been Discarded As Worthless.

Owing to the fact that the Bay Cities scheme includes a proposition to bring the water to Oakland in a wooden conduit 60-miles long, the efficiency of wood pipe for water conveyance has become the subject of deep interest in connection with the proposed bond issue

Wooden pipes for water and sewer conduits have been used in Los Angeles and with a view to ascertaining the facts in regard to the experiment, Mr. C. H. King, the East Oakland capitalist, wrote to W. H. Perry, now a large lumber dealer in Los Angeles and Santa Monica, but formerly one of the chief stockholders of the Los Angeles City Water Company, asking for information on the point.

Mr. King has had a long acquaintance with Mr. Perry, and wrote for unbiased information.

Mr. Perry's answer was an unqualified condemnation of wooden pipe for water conduits. He said they rotted out in three years, and had other demerits which caused their use to be discontinued after a trial. Here is the correspondence in full:

FACTS ABOUT WOOD PIPE.

"OAKLAND, Cal., Feb. 15, 1905."

"W. H. Perry, Santa Monica, Cal. My Dear Mr. Perry: When you and Mr. Mott were in San Francisco I was very anxious to talk with you about the Oakland city water problem, but called just after you had left. It is proposed by the Bay Cities Water Company to conduct the water for sixty miles in a wooden pipe.

"If I recollect right your first Los Angeles water pipe was wood. Now what I wish particularly to ask is whether the wooden pipe was entirely satisfactory, and if not what were its weak points.

"Any information you can give me on this subject will be highly appreciated. Yours with very much respect and esteem,

"C. H. KING."

WOOD PIPE IS DECLARED WORTHLESS.

Mr. Perry's reply is as follows:

"SANTA MONICA, Feb. 18th, 1905."

"Mr. C. H. King, 1029 Sixth avenue, Oakland, Ca., Dear Mr. King: In reply to your letter of the 15th inst. in regard to wooden conduits for water, I would advise you not to put them in as they do not last.

"The Los Angeles City Water Company used them and they went to pieces in three years.

"Los Angeles city tried them for sewer conduits with the same experience.

"With the best wood that you can get they go to pieces very unevenly and my advice is not to use them.

"I will be glad to give you any further information I can in regard to water conduits and will be glad to answer any questions in regard to the same. Yours sincerely,

"W. H. PERRY."

LOS ANGELES OFFICIALS CONDEMN WOODEN PIPE.

To obtain fuller information in regard to the use of wooden pipes, the leading officials conected with the Los Angeles city works, which have passed from private ownership into city control, were interviewed in person. They made the following statements, corroborating Mr. Perry in every particular:

WOOD PIPE A FAILURE SAYS FORMER MAYOR EATON.

LOS ANGELES, March 1.—Ex-Mayor Fred Eaton, former superintendent Los Angeles water works, said: "As a general proposition I would condemn the use of wood conduits for enterprises of any size.

"Results in Los Angeles have proved them a failure, for constant wetting and drying soon causes wood to rot.

"I have found gophers attacking wood conduits under ground and they have been a source of much trouble. While superintendent of the Los Angeles water works I steadfastly opposed placing any new conduits of wood."

BANKER ELLIOTT CONDEMNS.

J. M. Elliott, President of the First National Bank and ex-member of the Los Angeles water board, said:

"I am convinced from my own observation that the use of wood conduits for water carriage or sewage is a failure. They are too short-lived to be profitable material for this use.

"Such has been shown to be the case in the Los Angeles water system and in the old outfall sewer."

DISCARDED AS WORTHLESS.

E. A. Tuttle, Assistant City Engineer, said:

"Wood conduits in city's zanja sewer system, have caused this department much trouble and are very unsatisfactory. Example of this seen in old outfall sewer constructed in 1893, stave tube 4 half feet diameter with staves 1¾ inches thickness of selected redwood. We are continually patching it so that it may hold together until brick outfall sewer is completed. Wood zanja gave similar trouble. Would never advise their use."

WOOD PIPES GO TO PIECES.

William Mulholland, superintendent city water department, said:

"A striking example of the inefficiency of wood conduits is shown in the pipe of the West Los Angeles Water Company. This is a 30-inch main, built under the best conditions and always under pressure. It has stood less than ten years and must be abandoned. A gang of men was constantly at work during the past year keeping it in repair. A sheet-iron blow off of 200 feet placed at the same time as the wood pipe is in good condition, while the wood conduits go to pieces. Wood conduits are a poor investment for any large enterprise."

The above are verbatim statements made in person with a full knowledge of the purpose for which the information was sought.

COMMANDED BY SPIRITS TO CUT HER THROAT

Bleeding From Wound, Barefooted Woman Wanders About Streets Clad in Nightgown.

Barefooted and without other covering than the flimsiest of night gowns, Mrs. L. C. Darling, a young woman apparently about 30 years of age, rang the doorbell of the home of Dr. Herrick at 1317 Harrison stret about 8 o'clock this morning, and when the door was open fell into the hallway with a scream, saying:

"Don't let Charlie Atkins kill me."

The front of her gown was sprinkled with blood coming from a small wound in the side of her neck, but further information concerning her could not be elicited from her.

She was in a raging fever and the cold, foggy morning and wet pavements had such an effect upon her that it is feared such an illness may be brought on as will cause her death.

The wound is not serious and is of such a character that it could not at first be said with certainty what caused it, and in the delirious condition of the woman her outcry for protection was taken with a certain amount of allowance. Dr. Herrick saw the case was one that needed nursing and having no place in his own home, rang for the police patrol and had the woman taken to the receiving hospital after doing what he could for her under his roof. As soon as she arrived at the hospital Steward Harry Borchert summoned Dr. R. T. Stratton, who is now in attendance upon her.

After an hour of attention at the receiving hospital the woman recovered sufficiently to state that her name was Mrs. Anna Darling and that she was living at 1322 Harrison street with Mr. and Mrs. Andrew Duncan and the second chapter of the story was unfolded.

A visit to the Duncan home revealed the fact that Mrs. Darling was living away from her husband, who is working at Fowler, Fresno county, but she gets money from him regularly. She is a very nervous woman and given to Spiritualism and became possessed of queer ideas. Mrs. Duncan stated that she had been nervous all night and that finally her sister took her into her own bed with her to quiet her and at 4 o'clock she went to sleep and was lying quietly at 8 o'clock, when she left her. At 9 o'clock they discovered her absence, but did not know which way to look for her until they were apriseds of where she was.

In a statement made to Detective Shorey, Mrs. Darling stated that she had tried to cut her own throat with a pair of scissors in obedience to the command of spirits. She said that Mrs. Duncan was a spiritualist and that she had told her that her brother-in-law, George Atkins, was her enemy and that she was going to commit suicide.

Mrs. Duncan denies that she is a Spiritualist, but says she reads palms, but never told Mrs. Darling anything about her brother-in-law, and that this is all the outcome of a diseased mental condition due to ill health. Mrs. Duncan, as soon as she knew where to find Mrs. Darling, took a basket of clothes to the hospital and after her friend had been dressed took her to her home.

WOMEN, NOT SOLDIERS, TO WELCOME STOESSEL

Few to Cheer Defender of Port Arthur.

ST PETERSBURG March 1—Lieut-Gen Stoessel arrived in St Petersburg from Moscow

A quarter of an hour before his train was due it looked as if not more than a hundred persons would be present to welcome the defender of Port Arthur but their number augmented rapidly as when the train steamed into the depot many hundreds of people especially women crowded on the platforms War Minister Sakharoff and Admiral Silotti in behalf of the admiralty welcomed Gen Stoessel who was loudly cheered and presented with flowers

HAIR WAS WHITE

After receiving the personal congratulations of friends the general traversed the cheering crowd to a reception room stopping now and then to shake hands with admirers

Behind the general came Mrs Stoessel leaning on the arm of a military officer She seemed to be even more bronzed than her husband and smiled happily at the warm welcome accorded him

It was remarked that the general's hair was turned white

In the reception room Gen Bogdanovich welcomed Gen Stoessel He referred to the internal troubles saying that when Gen Stoessel left Russia calm prevailed while now an internal enemy was endeavoring to undermine the prestige of the state

Replying Gen Stoessel said he had heard while at Constantinople of the disorders in Russia and since then he had traveled in Southern Russia had spoken to the people and had noticed their tranquility of mind and especially their loyalty to the emperor

He was confident that the people would remain loyal and that Russia would issue victorious from the recent crisis

When the reception ceremonies were over General and Mrs Stoessel entered an open carriage and drove through the Nevsky Prospect to the residence of Lieut Gen Prince Vasemsky a member of the Imperial council where they will stay

The crowds in the streets lustily cheered the general The absence of military and naval officers from the platform was very noticeable

Only a few military men and no naval officers excepting Admiral Silotti were present A large force of police surrounded the railroad station while the route to Prince Vasemsky's residence was patrolled by numerous detachments of cossacks and life guards apparently in expectation of a hostile demonstration Altogether the general's welcome was by no means in the nature of a popular reception

Two months ago all Russia was singing the praises of the defender of Port Arthur yet when he came home comparatively few people assembled to cheer him

JOHN L. DAVIE ANNOUNCES HIS PLATFORM

Independent Candidate for Mayor Issues an Address Outlining the Policy He Will Pursue.

John L Davie independent candidate for Mayor has issued the following

Address to the citizens of Oakland

In announcing my candidacy for the office of Mayor I deem it due to the people that I should publicly declare before seeking their suffrages the principles and policies which shall govern my administration in case I am chosen as their Chief Executive at the coming election

1st—I am an independent candidate for the office and therefore under no obligation or subserviency to any political party combination or boss but in the performance of my duties will as God gives me the wisdom act in the interests of the whole people without fear favor or hope of reward except that accorded to a servant for services faithfully performed

2nd—I hold these truths to be self evident That the city of Oakland from every natural point of view is the most admirably located of any city on the continent and her climatic conditions are unsurpassed by any city on earth It is also a self evident truth that she is entitled to all the benefits to be derived from an active efficient and economical administration of the laws that those in charge of her municipal affairs should devote their entire time and their whole energies in building up the city and make her what Nature ordained she should be one of the beautiful spots of the earth

If elected I promise the voters and people of this city to devote my whole time to their service and make every dollar spent count 100 cents in promoting and upbuilding the municipality of Oakland

3rd—I am not in favor of parsimony in either public or private affairs but in public as well as in private life frugal economy and rigid honesty should be the watch cry This is especially true and should govern every public servant entrusted with the distribution of public funds which are too often regarded as a fruit of official prey to be dealt out to the spoilsmen who have promoted the election of their friends to office and by that means seek to control their actions when elevated to power or place

This sort of favoritism will find no lodgement in the Mayor's office if the writer hereof is placed at the helm I also declare that during my term of service, the rate of taxation shall not exceed the $1 00 limit with which taxes economically disbursed every interest in the city would be protected and her material development advanced in a greater degree than has characterized the administration of her affairs for the past nine years

4th—The streets of Oakland are now in such a dilapidated condition as to be a menace to human life and a disgrace to a city of even the fifth class instead of one which is second in the State both in point of wealth and material resources My first attention if elected will be devoted to remedying this evil which can be accomplished only by well-directed and persistent effort which I gave to the subject during my former administration

Public park and places of resort for an idle hour for women and children will receive my most fostering care The energetic promotion of the interests of the public schools which lie at the foundation of the republic shall ever enlist my earnest solicitation and support and those together with a determined effort to render more efficient the fire and police departments of the city shall receive every consideration at my hand

5th—I am in favor of the municipal ownership of water and all other public utilities when the same can be acquired at a fair price but am opposed to any schemes or grafts by which this city would be plunged into a maze of bonded indebtedness and therefore denounce the so called Bay Cities water bonds as an attempt to saddle the city with a debt of six millions of dollars which would paralyze our industries for the next fifty years

It would drive capital and investors from Oakland as certain and effectually as though we were attacked by an epidemic of Asiatic cholera Our taxes are already too high and if we desire to build up the city we must reduce instead of increase this burden Let us first turn our attention to increasing our taxable property by inducing investors to buy property and settle here and we can then secure water and other public utilities without laying any embargo upon the city's growth

Sixth—I beg leave to call the attention of the voters to the following statement of facts and figures which are taken from the report of the City Auditor of Oakland and which should be in the hands of every voter of this city

My administration in 1895 and 1896 cost the city $1 10[illegible]

My immediate successor W R Thomas run up the scale to $1 51 or $ 08 1 89 in excess of my figures

Thomas was succeeded by R W Snow whose figures foot up $1 9 [illegible] leaving a balance in his administration in favor of same of the sum of $193 397 1

Then Anson Barstow took the helm and the city paid during his stewardship $1 59[illegible] 660 As compared with my shorts he was short $ 69 906

This brings us to the present incumbent who distances all of his predecessors to the tune of $ 98[illegible] 3 7 in excess of my expenditures $4 5[illegible] 0 16

I will here add that my administration was run on the $1 10 limit for the first year which was raised by the City Council to $1 10 the second year against my veto but my administration was even then $391 110 09 less than my immediate predecessor

If elected I will reduce the present levy of $1 10 to $1 00 which is made if properly expended to conduct the affairs of this city I will also add during my 1st term devote my whole time to the city's affairs in improving her streets parks and school houses which have all been sadly overlooked for to these many years Very respectfully

JOHN L DAVIE

MARTIAL LAW IS IN FORCE

Governor-General of Poland Has Given Orders.

WARSAW March 1 (2 30 p m)—The Governor General of Poland today proclaimed a partial state of siege of governments of Kalisz Lublin Kielce and Lomza

A similar condition prevails in the remaining six provisional governments

All Poland is now governed under a modified form of martial law

The proclamation does not give specific reasons for the action taken but it is due to the general unsatisfactory condition of the country

The strike on the Vistula railroad is ended

Train service both north and south of Warsaw has been resumed

The strikers obtained higher wages and other concessions

The strike on the suburban railroads has also ended and all Warsaw railroad communications are now restored

JAPANESE ARE A MENACE TO THE STATE.

Senate Passes a Resolution Asking Congress and President to Take Action.

SACRAMENTO March 1—By a unanimous vote the Senate today passed a concurrent resolution offered by Woodward of Sonoma requesting and directing California's Senators and Representatives in Congress to call the attention of President Roosevelt and the Department of State to menaces of Japanese immigration

The resolution urges that immediate action be taken by treaty or otherwise to limit further immigration of Japanese into the United States The resolution was unanimously adopted by 27 votes

THE RESOLUTIONS

SACRAMENTO March 1—The concurrent resolutions introduced by Senator Woodward are as follows

Whereas The constantly increasing immigration of the subjects of the Japanese empire into the Pacific coast States and Territories and particularly into the State of California has become and is now a serious menace to the well being and prosperity of those States and Territories and particularly to the people of California, demanding the taking of immediate steps looking to the stay thereof and

GREAT DANGER

Whereas It is well known and generally recognized and acknowledged that among other facts and reasons justifying an apprehension of great danger because of the growing and threatened invasion of our State by Japanese immigrants the following are capable of exact proof and do exist

Then follows ten reasons covering several typewritten pages giving reasons in support of the resolution It is pointed out that the Japanese laborers by reason of race habits mode of living and general characteristics are an undesirable and unsatisfactory addition to the population Japanese laborers are debarred from naturalization and even if they desired could not become citizens It is stated that the Japanese immigrants that come to America are the most undesirable class of people that could be sent from Japan

GAIN CONTROL

The resolutions point out that Japanese contract laborers have already gained control of numerous branches of industry in this State and by reason of the low rate of wages paid for the work are beginning to crowd out white labor The Japanese are further accused of being merely transients who do not employ any of their savings in building up the communities where they reside for a time

The resolutions conclude as follows

WANT PROTECTION

Resolved By the Senate and Assembly concurring that we as the representatives of the people of the State of California do urgently and strongly ask and request and as far as it may be proper demand for the protection of the people of this State and for the proper safeguarding of their interests that action be taken without delay by treaty or otherwise as may be most expeditious and advantageous tending within reasonable bounds to limit and diminish the further migration of Japanese laborers into the United States

That our Senators and Representatives in Congress be and they are hereby requested and directed to bring the matter to the attention of the President and the Department of State

That the Governor be requested to forward a copy of the foregoing preamble and of these resolutions to the President and the Secretary of State

THE DEBATE

Debate on the resolution was immediately commenced Selvage of Humboldt said that those who have watched conditions in Asia can plainly see the menace to California He said that when the war between Russia and Japan is ended the soldiers must find occupation Japan cannot find employment for all its soldiers and that they will naturally look to the West The result declared Selvage will be the overrunning of California with Japanese

The relations between Japan and the United States have been most friendly concluded Selvage but conditions which are now shaping strongly menace the welfare of America There should be no delay in directing Congress to take action

WOLFE'S PLEA

Wolfe of San Francisco made a plea for the adoption of the resolution while Shortridge of Santa Clara said he appreciated the motive which impelled the resolution he doubted the right of the Senate to take action in view of the fact that America is at peace with both Japan and Russia

The resolution was favored by Bigelow of Contra Costa and Ralston of Calaveras Rowell of Fresno said he had tried years ago to have in the platform of the Republican party a plank calling for the exclusion of the Japanese but failed

LUKENS' FIGHT

Lukens of Alameda made an uphill fight for delay In the excitement attending the offering of a number of motions President Anderson declared the Woodward resolution adopted Ralston protested without avail and Curtin of Sonora finally straightened out matters by securing a reconsideration

After additional debate the roll was called on the resolution which was unanimously adopted In the Assembly McGowan offered a copy of the Woodward resolution which was made a special order for tomorrow morning

COUNTY MEASURE

Amendments May Destroy All Usefulness of Bill.

SACRAMENTO March 1—The county division bill of the Merchants Exchange Oakland is being buffeted in a vicious manner in the Senate although Broughton who has patched it up in the interest of people in the southern part of the State hopes to pull it through without arousing the opposition of residents in the South who do not want county division

Broughton asked to be permitted to withdraw half a dozen amendments which he has already offered to the measure in order to tack on half a dozen more of an entirely different character

Senators Mattos and Simpson stood ready with still other changes which would render the bill as useless in the South as it is now in Alameda county President Anderson however ruled that to grant Broughton's request would take up three hours of the time of the Senate

The bill was then referred to the committee on county government and a report will be made some time today

GETS INCREASE

SACRAMENTO March 1—Senator Lukens has secured an increase from one thousand to fifteen hundred dollars in the appropriation for Company A Veteran Reserves of Oakland The allowance has been approved by the Ways and Means and Finance Committees of Assembly and Senate respectively The item appears in the bill for armory rents for companies unattached

REPUBLICANS MEET TONIGHT

A Republican meeting is to be held this evening in Golden West Hall at Thirty fourth and Peralta streets Speeches will be made by Frank K Mott and Abe P Leach candidates for Mayor and City Attorney respectively and other candidates on the Republican ticket for municipal offices

NO WORD OF GEMS

The police have received no word relative to the missing gems of Mrs J Brown who is supposed to have given a fictitious name and address in relating the loss of two rings valued at $250 in the Louvre Restaurant Mrs Brown does not reside in Alameda at the address she gave the police.

HORROR ON HIGH SEA

Terrible Experience With Hunger, Thirst and Cold.

NEW YORK March 1—Captain Minott of the steam dredger Texas which foundered at sea with a loss of twenty-two lives was brought here today on the steamer Rotterdam from Rotterdam The other survivors of the Texas were landed at Waterford several weeks ago having been rescued by the brigantine Mercedes after a terrible experience with hunger thirst and cold in an open boat

The Texas which was bound from Dantzic to Galveston foundered at midnight on Christmas eve Two of her boats were launched but one of them was swamped This boat containing the chief officer and seven men sank immediately and all of its occupants were drowned In the second boat the survivors drifted fourteen days the last six of which they were without food or water One of the men died from exposure another became insane and the remaining twelve were on the verge of hysteria when help came to them They had drank sea water and their bodies were covered with boils When taken on board the Mercedes one of the survivors said that they had just drawn lots to decide which one should be killed to furnish food for his fellows A little later they were transferred to the steamship Zeno and landed at Waterford Ireland

FISCAL REFORM IS DISCUSSED

LONDON March 1—The conference of the Association of Chambers of Commerce of the United Kingdom sitting in London today lengthily discussed fiscal reform and ultimately decided by the votes of forty-two chambers against twenty-one that changes in the fiscal system are essential to provide against unfair competition and an imperial conference should be called to discuss the question.

EMPEROR REFUSES

Hungarian Political Situation Very Uncertain.

VIENNA March 1—The last ten days, which have been filled with endeavors on the part of Emperor Francis Joseph and the Hungarian political leaders to effect a solution of the political crisis in Hungary especially the formation of a neutral cabinet to render possible legislation and routine business have brought no result and no improvement whatever

Today the situation is more uncertain than ever

The extreme element of the independence party insists upon concessions from the throne on military questions particularly the use of Hungarian words in command of the Hungarian army

Francis Kossuth leader of the united opposition however counsels moderation and even postponement of the extreme military demands To these the Emperor gives no sign of conceding

His continued silence is drawing all Hungarian eyes more or less anxiously towards Vigna

He evidently is waiting to see what the Hungarians will do and vice versa

Each side seems to be trying to exhaust the other's patience.

The Hungarian diet reassembles March 8 and the combined opposition does not conceal its determination to maintain its present strong position

GOOD WORK OF MRS. STANFORD

The life of the late Mrs Jane Lathrop Stanford is one long record of good deeds and it is scarcely necessary to say that her name will go down to posterity as the co-founder with her husband the late Leland B Stanford, of the great institution of learning at Palo Alto the Leland Stanford Junior University

Mrs Stanford's social life began when Mr Stanford was elected Governor of California in 1861, and her presence graced many State functions, her benevolent and kindly disposition winning her hosts of friends

The founding of the University was determined upon by the Hon Leland Stanford and Mrs Stanford in 1884 In March of the year following the Legislature of California passed an Act providing for the administration of trust funds in connection with institutions of learning November 14 1885 the grant of endowment was publicly made in accordance with this Act and on the same day the Board of Trustees held its first meeting in San Francisco

The work of construction was at once begun and the corner stone laid May 14 1887 the nineteenth anniversary of the birth of Leland Stanford Jr The University was formally opened to students October 1 1891

This great work alone would have been sufficient to make the name of the Stanfords beloved by all who recognize in the attainment of knowledge and the facilitating of means therefor the perpetuation of the high standing and intellectual development of our country But this is not the only philanthropy with which Mrs Stanford's name is linked with that of her husband

Among the many great deeds may be mentioned the building of the Children's Hospital in Albany New York which cost $100,000 supported by an endowment of $100 000 more The sum of $160 000 has been given to kindergarten schools in San Francisco

Since the death of Senator Stanford Mrs Stanford had devoted her attention almost exclusively to the development of the University and her death has thrown a great shadow upon the thousands of young men and women who have passed from the doors of the institution ably fitted intellectually to cope with the world as well as upon those who are now acquiring knowledge beneath its roof

The landed endowment of the University in addition to the Palo Alto estate consists of the Vina estate in Tehama county of fifty-nine thousand acres the Gridley estate in Butte county of twenty-two thousand acres and various tracts of minor importance The Stanford residence in San Francisco has also been deeded to the University by Mrs Stanford

Indigestion, insomnia, overwork may be the possible cause of your headache but WRIGHT'S PARAGON HEADACHE CURE is as certain as the sunrise No scientific truth more wonderful than the amount of positive relief contained in one small Wafer or Tablet. Down goes the cure away goes the headache up go your spirits That is the process The most desirable feature of this medicine is its immediate action as it will generally relieve the most severe pain in five minutes while at the same time it is tasteless harmless will not purge or disturb the stomach and has no unpleasant after effects WRIGHT'S PARAGON HEADACHE CURE may be relied upon as being entirely free from anything of an injurious nature and is absolutely without a rival

RESPECT MEMORY OF MRS. STANFORD

SACRAMENTO March 1—By a rising vote, the Senate agreed to adjourn in respect to the memory of Mrs Jane L Stanford The motion was presented by Senator Shortridge who said that the name of the Stanfords was left as a rich heritage to the State.

This afternoon the Assembly took similar action in regard to Mrs Stanford's death.

MRS. STANFORD DIES SUDDENLY

(Continued From Page 1)

Miss Berner has been Mrs Stanford's secretary for twenty years

DR. JORDAN PAYS HER A TRIBUTE

STANFORD UNIVERSITY, March 1—Dr Jordan president of Stanford University says

'The sudden death of Mrs Stanford has come as a great shock to all of us She has been so brave and so strong that we hoped for her return well rested, and that her last look on earth might be on her beloved Palo Alto

'But it was a joy to her to have been spared so long—to have lived to see the work of her husband's life and hers firmly and fully established

Here has been a life of the most perfect devotion to her own and her husband's ideals If in the years we knew her she ever had a selfish feeling no one ever detected it.

THOUGHT OF UNIVERSITY

'All her thoughts were of the university, and of the way to make it effective for wisdom and righteousness No one outside the university can understand the difficulties in her way in the final establishment of the university, and her patient deeds of self-sacrifice can be known only to those who saw them from day to day

'Some day the world may understand a part of this

'It will then know her for the wisest as well as the most generous friend of learning in our time It will know her as the most loyal and most devoted of wives who did always the best that she could do

'Wise devoted steadfast prudent patient and just every good word we can use was hers by right. The men and women of the university feel the loss not alone of the most generous of helpers but of the nearest of friends

DID NOT TAKE UP POISON STORY

SAN FRANCISCO March 1—Chief of Detectives Burnett stated today that his department had not investigated the story of the alleged attempt to poison Mrs Stanford just before she sailed for Honolulu. He said that no complaint had been made to his department and if any investigation had been made it was done by private parties

MAY HAVE DIED NATURAL DEATH

SAN FRANCISCO, March 1—Mountford S Wilson attorney for Mrs Stanford, stated to the Associated Press that he thought Mrs Stanford had died from natural causes while not denying that an investigation had been made here of Mrs Stanford's illness he said that the stories circulated about it were sensational and mostly without foundation

THINKS SHE HAD BEEN POISONED

SAN FRANCISCO March 1—An official of the Morse Detective Agency which investigated the first attempt by poison on the life of Mrs Stanford, stated that there was some foundation for the belief that she had been poisoned prior to her departure for Honolulu Beyond that statement however, he would give no particulars.

MANY LAWS ENACTED BY THE 58th CONGRESS.

Investigation of the Oil Trust.

WASHINGTON March 1—The legislative activity of the fifty-eighth Congress during its short session just closing may be estimated by the fact that over one hundred laws affecting the general public have been enacted and over one thousand private acts passed The private acts consist largely of pensions granted while a few relief measures and removal of charges of desertion make up the remainder

The regular appropriation bills all are progressing to completion and some of them have already received the signature of President Roosevelt

TREATIES

The Senate has amended and ratified arbitration treaties with seven European powers and sixteen American republics It also has sat as a court and acquitted Charles Swayne Judge of the District Court for the Northern District of Florida on articles of impeachment voted by the House

In joint session of the two Houses the electoral vote for President and Vice-President was canvassed and the official announcement made of the election of Roosevelt and Fairbanks

A revision of the Philippine tariff has progressed nearly to completion without indication of defeat and an act has been signed intended to develop the resources of those islands by guaranteeing interest on capital invested in railroad building and authorizing the issuance of bonds for municipal improvements schools and roads

ALASKA LAWS

The laws for Alaska have been codified an additional District Judge authorized and the revenues from the liquor traffic in that territory diverted to the support of schools the building of roads and the care of the insane

Legislation for the government of the Panama canal zone and regulations for the construction of the canal has been passed by both Houses but differences remain to be adjusted in conferences

Two new battleships were provided for by Congress in the Naval Appropriation Bill

TRADE MARK LAWS

The trade mark laws have been revised and an international copyright act passed Jurisdiction of the forest reserves has been transferred from the Interior to the Agricultural Department Authority to make arrests in forest reserves has been granted employes as a measure of further protection President Roosevelt has been authorized to set apart a portion of the Wichita forest reserve as a breeding place for game animals and birds

OIL TRUST

By resolution of the House the Department of Commerce and Labor has begun an investigation of the oil trust

Obscene matter has been prohibited importation and transit as interstate commerce and further aid in the enforcement of the immigration laws foreign ships entering United States ports are required to furnish complete passenger lists

Captured Confederate flag in possession of the War Department were ordered returned to the proper regiment carrying the colors

The American National Red Cross Society was incorporated as was the trustees of the Grand Encampment of Knights Templar of the United States

STATEHOOD BILLS

Statehood bills have passed both Houses and are in conference Both measures contain provisions for the admission of Oklahoma and the Indian Territory as one State

The foundation for railroad legislation has been laid by the passage of a bill through the House after exhaustive hearings and the beginning of an inquiry by the Senate which is to be conducted during the recess

NO EXTRAVAGANCE

A halt has been called in the extravagance with which public documents have been printed

The President was authorized to grant medals for heroism in the saving of life in train wrecks

The extradition laws of the United States were extended to the Philippines

The State of Arkansas was ceded a strip of land from the Indian Territory

ROUND VALLEY

A portion of the Round Valley Indian reservation in California was opened to settlement

Settlers in the Rosebud reservation were given additional time to establish citizenship

The unallotted lands in the Yakima reservation in Washington were disposed of

Twenty eight of the public acts are authorities to build bridges or dam navigable streams Twenty three relate to the District of Columbia and four to the judiciary

RELIGIOUS MEETINGS

Great Evangelistic Campaign Opens Next Sunday.

Oakland is being invited to the great Union Evangelistic campaign that opens next Sunday night in five of the largest churches in the city Workers are going from house to house handing cards of invitation and personally inviting all to attend These cards are very nicely designed and printed in three colors showing a picture of the church in the district where the meetings are to be held and the evangelist and singer of the district Twenty thousand of these are to be distributed this week before Sunday Each church has been assigned a territory to canvass This work is under the direction of the press and advertising committee The eight sheet posters are up on the bill boards and by the churches where services are to be held Three hundred window cards are being placed in the best residences of the city

Rev Robert Coyle D D of Denver Colo will arrive on the train this evening Dr Coyle will speak at the Union mass meeting of all the churches to be held in the First Congregational church Oakland Friday evening telling of the great evangelistic campaign that last month so stirred Denver and a large part of Colorado On Sunday morning Dr Coyle will preach in his former pulpit the First Presbyterian church and on Sunday evening he will speak at the Twenty third Avenue Baptist church where all the churches of that district will be gathered together Next Tuesday he will speak before the pastors of San Francisco in the interests of an evangelistic campaign in that city Dr Coyle and Mrs Coyle will be the guests of Dr and Mrs G Erwin Brinkerhoff 868 Alice street

There was a good showing at the choir rehearsals last evening and splendid progress is being made with the new songs One of the great features of these evangelistic services will be the singing of the five splendid choruses under the direction of the singing evangelists The choir loft at the First Presbyterian church is being enlarged to hold 150 singers and Mr J P Dillis the choirister and soloist will do a great telling work with these trained singers The meeting at the Eighth Avenue Methodist church is increasing both in numbers and interest under the earnest preaching of D Walton's pleasing singing Last night Mr and Mrs Pugh sang a duet and tonight Mr Pugn will sing a song dedicated to ex Governor Northen of Georgia It is entitled 'Tis in Part I Know the Lord Mr Pugh has a fine tenor voice and his solos are looked forward to with great interest Last night services were held in the five churches in the districts and tonight there will be union services of all the churches in the Twenty third avenue district where Rev E B Winning will speak and in the Eighth avenue district where Dr Walton and Mr Pugh are conducting services In the other districts each church will have its regular prayer meeting

STUBBORN FIGHT MADE BY INSURGENT BANDS.

Turkish Troops Are Deserting.

CONSTANTINOPLE March 1—The present insurrection in Yemen province Arabia, appears to put in the shade all previous revolts

The center of the movement is at Saada northward of Sanaa, and there are signs of its extension to the province of Assrye

The insurgents have again surrounded Sanaa and a stubborn fight has been in progress for five days

Many of the Turkish troops refuse to resist any further and are deserting

In the south the towns of Aab and Hidjeh, the latter containing 2000 troops with four guns are surrounded and on the point of capitulating

The alleged victory of February 1 when it was officially announced that the Turkish troops had routed the rebels in Saana and Hoidea Yemen province and had relieved the besieged garrison of Sanaa, turns out to have been an insurgent success

Turkey's defective transportation delays the dispatch of reinforcements

The object of the insurrection is believed to be the creation of an autonomous arab state

MRS. R. M. COPLIN PASSES AWAY

EARLY RESIDENT OF STATE AND PROMINENT IN CHURCH WORK.

After an extended illness of about ten years duration Mrs Ruth M Coplin quietly and peacefully passed away Tuesday at 6 40 p m at the home of her son A Dodge Coplin of this city

During the past year the many manifold complications peculiar to a long period of invalidism quietly closed in about the life of a once active philanthropic woman and snapped the shuttle of time over the last thread of a life much loved by those who knew her

Mrs Coplin was a native of Pennsylvania and later a resident of New York In the early 60's with another sister she came West around the Horn and breathed the early air of California life

Later she met and married the Rev Alanson Coplin who was then a member of the California Methodist Conference and held a number of important charges throughout the State

In 1876 Mr Coplin gave up his formal pastoral duties and entered a business career as a merchant on Broadway In this connection he remained for twenty three years and during this period both he and Mrs Coplin became well and favorably known

Prior to her sickness and death Mrs Coplin for many years was very actively engaged in many different lines of church and social work Being possessed of a strong and psychic mind with a highly developed mentality she maintained full control of her powers up to within two hours of her final call

Surviving her remain her beloved husband Alanson Coplin and two children A Dodge Coplin the architect and Ethel V Coplin teacher of physical culture

About a year and a half ago Mrs Coplin lost her brother the late James Munsell Jr who also resided on Webster street in this city In her immediate family another brother Mr Harvey Munsell of New York a veteran of thirteen battles of the Civil War still survives her

Arrangements for the funeral services have been made They will take place in the parlors of the First M E Church Fourteenth and Clay streets tomorrow at 2 30 p m with the Rev E R Dille officiating Interment will be private at Mountain View Cemetery

ANTI-OIL TRUST BILL PASSES

KANSAS IS CONTINUING THE FIGHT AGAINST STANDARD COMPANY.

TOPEKA Kans March 1—The House today 82 to 18 passed the anti discrimination bill aimed principally at the Standard Oil Company and the last of the anti trust measures to come up in this session It now goes to Governor Hoch This bill will reinforce the half dozen other anti trust measures passed by the present Legislature

A heated debate preceded the passage of the measure today during which Representative Beekman pointing at Charles H Ridgeway a lobbyist who fought the anti discrimination bill created a sensation when he declared

He is fighting this bill because he represents the miller's trust.

S. P. EMPLOYES DISCHARGED

OVER 1,000 MEN TOLD THAT THEIR SERVICES ARE NO LONGER REQUIRED.

SAN FRANCISCO March 1—Fully 1600 employees of the Southern Pacific Company received notice yesterday that their services were no longer required Julius Kruttschnitt issued the order of discharge through H J Small of this city the superintendent of motive power and machinery These men averaged wages of $3 per day each so the daily saving in wages to the company by their dismissal will amount to $4800 or a total of $144 800 per month of twenty-six working days

The men who have been let out are from the shops, no trainmen or clerks being effected In the Sacramento shops alone fully 480 men are now out of work The order also affects a lot of men in the shops in Oakland Sixteenth street in this city, Dunsmuir San Luis Obispo Los Angeles Tucson and El Paso A little over 10 per cent of all the shopmen of the company's lines west of El Paso and Reno or 1000 employees have been scratched from the payrolls In the shops east of El Paso the discharges number 600 men

The officials explain that the men have been laid off only temporarily, say perhaps four or five months and that it is as usual for the company to take some such step almost every year Why any shopmen should be dismissed they say is due to the fact that work in the shops is now very slack and that a full complement of men in any of the shops at this time of the year is not required

During the past two years the company has bought many new locomotives and cars and has completed the bulk of the work of changing 1000 of its engines from coal into oil burners With the latter work about finished the services of a lot of mechanics is the officials state now absolutely unnecessary Again much of the rolling stock being new it does not call for many repairs and therefore many other men can easily be dispensed with for a number of months to come

It is known that Harriman and Kruttschnitt think the shop payrolls during the past year have been excessively large as compared with the two or three preceding years and they want to equalize matters by materially reducing them during 1905

TOKIO March 1—Marquis Saionji president of the Constitutionalists one of the two great political parties the other being the Progressists headed by Count Okuma in delivering a farewell address today to those of the party who are members of the Diet warned them to pay no attention to false rumors of peace between Japan and Russia

He said it would be necessary to prosecute the war until the complete attainment of the national object namely the securing to Japan of the guarantee of a permanent peace

BOXWOOD SCHOOL

The old and well established Eastern school Boxwood of Lynne Conn has recently passed to the control of the Misses Febbetts of St Margarets School Sausalito Cal who will conduct it hereafter as an Eastern end of St Margaret's in the West

The two schools will be strictly co ordinate—offer the same courses exact the same fees and be managed in the same way thus allowing pupils of either school a year or two years residence at the other without interruption of studies or disturbance of school discipline and without added expense except in so far as additional expense is incurred by the journey across the continent

RUSSIA LEAVES HER DEAD

FIERCE HAND TO HAND BATTLE WITH THE JAPANESE OUTPOSTS

TOKIO March 1 5 p m—The headquarters of the Japanese army on the Shakhe river telegraphing yesterday says

The enemy's batteries at Fungtou Mountain and the Northern height of Tungchiltun commenced bombarding at noon We did not reply

Monday night the enemy's field guns at Shupingtai and heavy guns at Wenchengpu concentrated their fire on our outposts in the vicinity of the railroad bridge At 1 o'clock in the morning five companies of infantry advanced on either side of the railroad and surrounded our outposts Thirdly part of the enemy charged into our trenches and engaged in a fierce hand to hand fight Our posts had repulsed the enemy entirely at 3 in the morning The enemy left sixty dead some prisoners and some spoils

Small bodies of the enemy at Wanchiayuantzu Sanchiatzu and Lapitai have been repulsed

WOMAN WILL NOT PROSECUTE

MRS. L AVAN REFUSES TO PRESS CHARGE AGAINST J E. REBOLI

John E Reboli whose infatuation for Mrs L Avan who resides with her husband at 179 College avenue caused him to threaten the life of the woman he admired was discharged this morning by Police Judge Samuels because the woman in the case refused to prosecute

As in many other cases the woman had no reasons to give why she wished the charge dismissed

To the inquiries of a Tribune reporter she gave the nondescript answer of because and shrugged her shoulders when pressed for a more definite answer

I have nothing to say she answered I think the newspapers have had enough talk about the matter already

The husband C E Avan and the wife participated in the arrest of Reboli who on at least two occasions is alleged to have attempted to make Mrs Avan respond to his advances at the point of a pistol

One version of the affair has it that Reboli tried to win the love of a woman already another man's wife by firing three shots at her This story lacks confirmation as Mrs Avan will not discuss the scene between her and Reboli when her life was dependent on the pressing of the trigger of a pistol

Long before court opened this morning Mrs Avan was in the corridors of the city hall looking for the prosecuting attorney to inform him that she had changed her mind about the prosecution of her admirer

She finally found Prosecuting Attorney Greene and confided her wishes to him As there had been no complaint filed the case was dropped by Police Judge Samuels on the second calling of the complaint

A Dollar's Worth Free To Any Rheumatic Sufferer

I ask no deposit— no reference— no security There is nothing to risk—nothing to promise—nothing to pay either now or later Any Rheumatic sufferer who does not know my remedy may have a full dollar's worth free to try

I willingly make this liberal offer because I know that Dr Shoop's Rheumatic Remedy may be relied upon ALWAYS to bring the utmost relief that medicine can Years before I discovered this remedy I studied the nature of Rheumatism For Rheumatism is really

Crystalized Poison!

Your blood is always full of poison—the poison you eat and drink and breathe into your system It is the purpose of the blood to absorb and carry off this very poison And the kidneys which are the blood filters are expected to cleanse the blood and send it back through the system clean to gather more poison which they in turn will eliminate

But sometimes the kidneys fail And sometimes from some other cause the blood gets so full of poison that they can not absorb it all This is the start of Rheumatism The poison accumulates and crystalizes The crystals look like little grains of sugar or of fine white sand The blood carries them and they increase in size Then when it can carry them no longer it deposits them in a joint—on a bone—anywhere

The twinge in your leg—the dull ache in your arm on a rainy day—these are the outward signs of the unseen crystals And the twisted limbs and unspeakable anguish of the sufferer who has allowed his symptoms to go unheeded and unattended for years—these are the evidences of what Rheumatism neglected can do

Rheumatism includes lumbago sciatica neuralgia, gout—for all these are the results of rheumatic poison in the blood

Plainly the first thing to do is to remove the poison But this is not enough The FORMATION of the poison must be stopped so that nature may have a chance to dissolve and eliminate the crystals which have already formed Unless this is done there can be no cure—no permanent relief

I searched the whole earth for a specific for Rheumatism—something that I or any physician could feel safe in prescribing—something that we could count on not only occasionally but ALWAYS For the ravages of Rheumatism are everywhere and genuine relief is rare

I spent twenty years in experimenting before I felt satisfied that I had a certain remedy for this dread disease—a remedy which would not only clean out the poison but one which would stop its formation

Certain Relief

The secret lay in a wonderful chemical I found in Germany When I found this chemical I knew that I could make a Rheumatic cure that would be practically certain But even then before I made an announcement—before I was willing to put my name on it—I made more than 1,000 tests And my failures were but 2 per cent

This German chemical is not the only ingredient I use in Dr Shoop's Rheumatic Cure—but it made the remedy possible—made possible an achievement which I doubt not could have been made in no other way

This chemical was very expensive The duty too was high In all it cost me $4 90 per pound But what is $4 90 per pound for a REAL remedy for the world's most painful disease? for a REAL relief from the greatest torture human beings know?

I don't mean that Dr Shoop's Rheumatic Cure can turn bony joints into flesh again—that is impossible But it will drive from the blood the poison that causes pain and swelling and then that is the end of pain and swelling—the end of the suffering—the end of Rheumatism That is why I can afford to make this liberal offer—that is why I can afford to spend the FIRST dollar that Rheumatic sufferers the world over may learn of my remedy

Simply Write Me

The offer is open to everyone everywhere who has not tried my remedy But you must write ME for the free dollar package order I will send you an order on your druggist which he will accept as gladly as he would accept a dollar. He will hand you from his shelves a standard sized package and he will send the bill to me There are no conditions—no requirements All that I ask you to do is to write—write today I will send you my book on Rheumatism beside It is free It will help you to understand your case Address Dr Shoop Box C 380 Racine Wis

Mild cases are sometimes cured by a single package—On sale at forty thousand drug stores

WORKS WILL ALL BE BUILT BY CONTRACTORS.

Jerry Dunn Warns Workingmen That Bonds Will Mean the Employment of Japanese and Hobos.

Editor TRIBUNE—A studied effort is being made to delude the workingmen of Oakland with the idea that if the bonds carry the work of constructing the Bay Cities water system will be done by the city by day's labor.

This attempt to deceive laboring men is on a par with the many other forms of deceit practiced in behalf of this dizzy water scheme.

Every bit of the work will be let out by contract, and experience proves what contractors will do in the way of hunting up cheap labor and running their own supply stores and eating houses. If the workingmen of Oakland vote for these bonds, they will have the pleasure of standing around with their hands in their pockets while hoboes and Japanese, raked up from Portland to Los Angeles, do the work for scab wages.

It is not proposed that the city shall have anything to do with building the dam, pipe line and the receiving reservoir—that is all to be done by the Bay Cities Company. Contractors will do the work with cheap labor picked up where it can be had cheapest.

Of course, the pipe system in Oakland will be laid by contract, just as all big city jobs are. The Twelfth street dam, the East Oakland sewer, and the Thirty-sixth street sewer are recent examples of this. Do the workingmen of Oakland need to be told the character of labor employed, the standard of wages paid or the quality of the work turned out?

If they do, I invite their attention to the aforesaid dam and sewers, and advise them to consult with some of the men who worked on those jobs.

The big contract on Adams Point is another example, and the grading for the Santa Fe road into this city is another. Was it Oakland labor or cheap transient labor that did the bulk of the work on these jobs? We saw men flocking into town with their blankets on their backs and going to work for wages below the standard in this city, while the contractors ran their own supply stores and eating houses—or camps, rather. The business men of Oakland got as little benefit as did the workingmen, resident in this city.

Laboring men should be warned by bitter experience and not allow themselves to be made the cat's-paws of a lot of non-resident speculators who are trying to play upon their feelings. Not on eof the Bay Cities crowd lives in Oakland. Not one of the gang who is pushing it up for them have any sympathy for workingmen, particularly for organized labor. But let that go. It is an absolute certainty that if the bonds are voted, the work will be done by contract with cheap imported labor. The workingmen can put that fact in their pipes and smoke it—along with the high taxes in their homes.

EXISTING PLANT IS HIS CHOICE

A. F. WERMAN OF FRUITVALE SAYS CITY SHOULD AVOID MORE LITIGATION.

Editor TRIBUNE—I believe if the city wishes to purchase a water plant it should buy one already established. As there is only one plant in existence—that of the Contra Costa Water Company—the only thing to do is to purchase it. If the proposed bonds to accept the Bay Cities proposition carry, it will mean unprofitable competition and years of expensive litigation.

A. F. WERMAN.

FEARS LITIGATION TO FOLLOW BONDS

S. B. ZIMMER OF THE SEVENTH WARD FAVORS BUYING C. C. PLANT.

Editor TRIBUNE—I am unqualifiedly opposed to issuing bonds to acquire the Bay Cities water proposition. As a tax payer and property owner, I could not favor a proposition that would raise taxes to no purpose. Even if the Bay Cities should be able to bring an abundant supply to the city limits within three years, which is highly improbable, what would the people get? It would be necessary to establish a distributing system at great expense and then would begin a fight in the courts that would last for years. I am certainly opposed to the proposed bonds.

If the city must own its water plant I am in favor of purchasing that of the Contra Costa Water Company.

S. B. ZIMMER.

SAYS LITIGATION THREATENS CITY

L. H. GEAR DOES NOT FAVOR THE BAY CITIES' PROPOSITION.

Editor TRIBUNE—If for no other reason, I would be against the proposed bonds on account of the litigation that would follow. Oakland is a city of litigation, and it should be stopped. We have fought for the water front, fought the water companies and fought the railroad, and what good has it all done us? It reminds one of George Elliot's character who was always going to have the law on somebody. After the Bay Cities Company got the water here, if it ever did, the trouble would have just begun. I shall vote against the proposed bonds.

L. H. GEAR.

SAYS BONDS WOULD HARM THE CITY

A. W. STILWELL CHANGES VIEWS AFTER STUDYING PROPOSED ISSUE.

Editor TRIBUNE—When the Bay Cities proposition was first published I thought it would be a good thing, as I was in favor of the municipal ownership of a water plant. But a careful study of the subject has changed my views, and I am now convinced that the only way for the city to acquire a municipal plant would be to purchase, outright, the existing plant of the Contra Costa Company.

Having the welfare of the city at heart, I went over each of the propositions that are to be submited to the voters and I can find nothing favorable to the Bay Cities Company. In the first place, there is no guarantee that the city will get water. There is a bond, which has not yet been executed, promised, but that is merely to insure the city against loss by litigation. The company offers to furnish a bond for $1,000,000 and asks the city to pay it $3,700,000. That is hardly business-like, to say the least. If we ever did get the water there would begin competition, which would be unprofitable, and litigation that would, in all likelihood, continue for years, with the city the loser in the long run.

I believe in public improvements, but I don't think the Bay Cities has offered an improvement. I think it will be a detriment to the city if the bonds carry.

A. W. STILWELL.

WANTS WATER AT EDGE OF CITY

WHY GEORGE A. HERZER WILL VOTE AGAINST THE BONDS.

Editor TRIBUNE—I believe thoroughly in the municipal ownership of water. It would be a good thing to have the city freed of the water question. I think that the majority of voters favor the city owning its own water.

The question which is now before the people for settlement is accepting or rejecting the proposition of the Bay Cities Company, which embodies the expenditure of nearly $6,000,000. While I would favor the Bay Cities in the event it had the water at the city's edge, free of ruinous and costly litigation, at the present time I am in favor of purchasing the plant already in existence.

If the city is going into the water business on its own account, I do not think it would be wise to invite competition. A happy solution of the question would be to purchase both plants, if it were possible. Otherwise I favor buying out the Contra Costa Water Company, unless the Bay Cities was in a position to deliver water to consumers at a minute's notice.

GEORGE A. HERZER.

WOULD STOP WATER TROUBLE

GEORGE H. LEE WOULD BUY OLD PLANT AND SETTLE DISPUTE.

Editor TRIBUNE—Will it pay for the City of Oakland to purchase the Contra Costa water plant? Yes! Although admitted by rate and tax payers the price is too high, let us see if we can scale the price down. It will pay the tax payers and raters to secure the plant now. Twenty-five years ago the price asked for the Spring Valley plant was $20,000,000. See now what it can be bought for. They might sell for $45,000,000. Oakland is but an infant yet, and she is destined to be ere long the second largest city on the Pacific Coast. Let us not retard her progress by going after the uncertain and experimental. I am in favor of securing the plant even if the city has to pay $7,000,000. As a consumer I pay $3.40 per month, two in family, and small lawn, no horse nor cow, only extra water for two pet ebony cats. If we had city ownership of water supply I believe it would not be long ere a reasonable reduction could be made on water rates throughout the city. Its purchase would be as bread cast upon the waters. History repeats itself, and let us take heed through the experiences of our little sister city across the bay. The leven is working from year to year and the increase is only a few millions yearly. Jobbery has left San Francisco out in the cold. We cannot afford to follow in her footsteps. Together with my associate we have located over 500 families in East Oakland and Fruitvale; sold out eight tracts of land, and we are still working on more extended lines in the same direction. Let us settle this ownership of water supply now. We cannot afford to waste time in litigation, destruction of streets and perhaps a new role of jobbery.

HE LIKES THE BOND ISSUE

F. J. CUNHA IS IN FAVOR OF CITY OWNING ITS PLANT.

WILL TRY TO HAVE BONDS CARRY

J. C. FERNANDEZ WANTS TO BE PUT DOWN FOR ISSUE.

Editor TRIBUNE—I am in favor of the bonds and the Bay Cities proposition. I think every one should do what he can in favor of getting the municipal plant. It is a people's proposition, and every one should work for it.

Put me down for the bonds.

J. C. FERNANDEZ.

SAYS BAY CITIES IS ONLY SYSTEM

L. ROBERTS WOULD HAVE THE CITY BONDED FOR PLANT.

Editor TRIBUNE—The Bay Cities proposition is the only system possible to Oakland, in my opinion. The Contra Costa is not the plant we need. There is a disposition in some minds to consider the Contra Costa as having some rights, or some claims upon the people of the city which should save it from having its property wiped out by a competing municipal plant.

I thought that way, too, for a long time myself, and undoubtedly before the city should attempt to look further for a municipal plant it should give consideration to the plant already in the field and attempt to deal fairly with the people owning such plant.

But we have done that in a most thorough, patient, forbearing and exhausting way. No human beings could have been more tolerant of the Contra Costa conduct than have been the people of Oakland. We have sought, beseeched that concern to save its property by making a reasonable deal with the city. We have told them that the people are aroused; that they intend to take upon themselves the matter of furnishing themselves with water; that a municipal plant will shortly come into existence; and if such be not theirs it will be a plant furnished by some other concern.

How has the Contra Costa treated us and our council in this matter? How is it treating our council today in this very mater of fixing water rates? It treats our city government contemptuously except when that city government is under its control. It defies the people. The statements that I am making are not unparliamentary nor intended to be so. They are flat facts which are in the minds and hearts of all the people of Oakland today. The time has passed for bothering with the Contra Costa any further; we must go ahead and get in our municipal system and put in this Bay Cities' works.

L. ROBERTS.

VERY FEW PEOPLE

Are Free From Some Form of Indigestion.

Very few people are free from some form of indigestion, but scarcely two will have the same symptoms.

Some suffer most directly after eating, bloating from gas in stomach and bowels, others have heartburn or sour risings, still others have palpitation of heart, headaches, sleeplessness, pains in chest and under shoulder blades, some have extreme nervousness, as in nervous dyspepsia.

But whatever the symptoms may be, the cause in all cases of indigestion is the same, that is the stomach for some reason fails to properly and promptly digest what is eaten.

This is the whole story of stomach troubles in a nutshell. The stomach must have rest and assistance and Stuart's Dyspepsia Tablets give it both by supplying those natural digestives which every weak stomach lacks, owing to the failure of the peptic glands in the stomach to secrete sufficient acid and pepsin to thoroughly digest and assimilate the food eaten.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 3000 grains of meat, eggs or other wholesome food, and this claim has been proven by actual experiment, which anyone can perform for himself in the following manner: Cut a hard boiled egg into very small pieces, as it would be if masticated; place the egg and two or three of the tablets in a bottle or jar containing warm water heated to 98 degrees (the temperature of the body) and keep it at this temperature for three and one-half hours, at the end of which time the egg will be as completely digested as it would have been in the healthy stomach of a hungry boy.

The point of this experiment is that what Stuart's Dyspepsia Tablets will do to the egg in the bottle they will do to the egg or meat in the stomach and nothing else will rest and invigorate the stomach so safely and effectually. Even a little child can take Stuart's Tablets with safety and benefit if its digestion is weak and the thousands of cures accomplished by their regular daily use are easily explained when it is understood that they are composed of vegetable essences, aseptic, pepsin, distaste and Golden Seal, which mingle with the food and digest it thoroughly, giving the overworked stomach a chance to recuperate.

Dieting never cures Dyspepsia, neither do pills and cathartic medicines, which simply irritate and inflame the intestines.

When enough food is eaten and promptly digested there will be no constipation, nor in fact will there be disease of any kind because good digestion means good health in every organ.

The merit and success of Stuart's Dyspepsia Tablets are world-wide and they are sold at the moderate price of 50 cents for full sized package in every drug store in the United States and Canada, as well as in Europe.

HE SAYS WE NEED BONDS

L. S. PARSONS SAYS BAY CITIES IS A GOOD PROPOSITION.

Editor TRIBUNE—We must have the bonds. I do not believe we could get a better proposition than the Bay Cities has offered us. The council tried, and the Bay Cities turned out to be the best, by far the best. Let us have the bonds. We must have a municipal water system.

L. S. PARSONS.

WOULD LIKE TO SPEND THE MONEY

C. O. DAILEY IS IN FAVOR OF A NEW PLANT.

Editor TRIBUNE—I have not yet seen a single reason why the water bonds should not be carried. The Contra Costa plant is more than thirty years old; the reservoir is half filled up; it lies in a comparatively flat country, and if the dam were raised it would overflow the country. They have to pump water from the wells to supplement the supply of the city. The distributing system is about worn out. Who wants to buy that for $7,000,000 or $8,000,000, when we can get a brand new system for $5,700,000.

EXPERT GRUNSKY AGAINST BAY CITIES

He Satisfied San Francisco That Company's Title Was Not Complete and Water Was Not Good.

(From Yesterday's Last Edition.)

Editor TRIBUNE:—The Bay Cities Company has taken active charge of the water bond campaign. That corporation betrays the keenest anxiety to get the city as a partner in a big law suit. Its methods, from the pamphlet issued by its President to the speeches made by its attorneys and engineers, are becoming more and more rancorous and personal. The whip is swung over all citizens who doubt the propriety of going into a municipal water supply, which carries a wooden pipe, pumping plant and a cloud of law suits with it.

The Bay Cities attorney, whose oratory is principally relied on, is telling the people that his company has already a merchantable title and that there is not a suit on file against it in any court. It is to be regretted if a statement so secretive of the truth shall influence a vote in favor of that corporation. The lawsuits to come will be to prevent the diversion of the water by this company. It is now under notice disputing its right to divert or take at all the water which it proposes to send to Oakland through a wooden pipe. It concedes that three years will be required to build the dams and the wooden pipe, and that the money for which our bonds are sold is to remain in escrow until then. The company then proposes to take our money and give the city back a bond of one million dollars to indemnify us for the expense of law suits in which the transaction will involve Oakland.

It will be seen that there can be no suits against the company until it supplies a cause of action by diversion of the water, and that we are to wait three years for that diversion, and and thereafter must wait an indefinite time for the conclusion of the suits, for our title, with a good prospect of doing without water and having a dry plant and innumerable lawsuits on our hands at the same time.

In 1903 the Bay Cities Water Company offered its property to San Francisco. Mr. Grunsky, then City Engineer of that city and now a member of the Panama Canal Commission, was ordered to examine the proposition and his report was against it on account of insufficiency, infirmity of title and probable quality. He said the water claimed by the company had "been determined by it as though there were no adverse claims to it." He found that the water sheds are soil covered, and wherever the water was standing it was covered by a vigorous growth of algae, which in the beds of the streams formed a carpet more than a quarter of an inch thick. He found the water sheds grazed by live stock and said, "the run off waters of such a region cannot be rated as of prime quality for domestic use." Mr. Grunsky said that, "if, notwithstanding an aggregate yield less than desirable and a quality of water which must be assumed to require filtering, it be thought advisable by the Board of Supervisors to continue the investigation further, then the next step should be the determination of the rights of the company to the run off waters of the water sheds claimed to be controlled by it. Such determination is of importance to the city in case of an offer by the water company to sell acquired rights and properties, in which event it must have satisfactory assurance that there will be no failure of supply."

Further on, in considering the interception by the Bay Cities of the flow of flood waters through Sunol valley, Mr. Grunsky notes the prior appropriation of those waters by the Spring Valley Company, and says such interception will be resisted and the older company will not abandon that source of supply "until compelled to do so after its day in court."

Grunsky's report satisfied the Supervisors and there has been no subsequent negotiation. In unquoted portions of it, the existence of vested rights is seen to cover the field of the Bay Cities Company as completely as the algae does its water.

Grunsky's report, made after a long examination, supports the report of Desmond Fitzgerald. They are both experts, and Grunsky's report was accepted as conclusive by the Supervisors of San Francisco, and Desmond Fitzgerald's was accepted as conclusive by the City of Oakland. Why the same council, without recalling its acceptance of Fitzgerald's report, is asking the people now to vote bonds without first making a contract with the Bay Cities Company, and letting the people see it and vote on it, is not explained.

The position of the taxpayers of Oakland is made unpleasant by the attorneys, agents and canvassers of the Bay Cities, who personally attack and abuse those who want to see a contract, and a merchantable title, and who don't want a wooden pipe.

NIGHT IN JAIL

Ex-Senator Bunkers Still in Custody of Sheriff.

(From Yesterday's Last Edition.)

SACRAMENTO, February 28.—Senator Harry Bunkers deserted for the time being by his bondsmen, passed the night under lock and key in one of the steel tanks in the county jail. Yesterday he was nominally surrendered by his bondsmen to allow his attorney to take his case before the Supreme Court on habeas corpus proceedings, and as his bondsmen, Moffitt and Kelly of Alameda, were not in the city to go on new bonds, Sheriff Reese took no chances but locked him up.

He was allowed to go out for his meals today in care of a deputy sheriff, but will be retained in custody until new bonds are given.

PANAMA CONTRACTS

Without Legal Advertising Supplies Were Taken.

WASHINGTON, February 28.—Emergency contracts for supplies made by the Panama Canal Commission without legal advertising for bids formed one of the topics of discussion at today's meeting of the cabinet.

Secretary Taft explained that two weeks or more ago he had sent to the commission for all emergency contracts that had been made. He had gone over most of them with some care and was inclined to the opinion that, in such as he had examined, the commission had acted wisely.

Some of the purchases, perhaps, were open to unfavorable criticism, but it was remarkable he thought in view of the necessity for haste in procuring many of the supplies, particularly medical supplies, that criticism should lie against the contracts made. He had not completed its examination yet, but at its conclusion he will bring the matter again to the attention of the cabinet.

Arrangements for the inaugural ceremony were discussed informally, but no conclusions beyond a few of a nature personal to the President and to the members of the cabinet were reached.

Attorney-General Moody said that Judge Charles Swayne, acquitted yesterday by the Senate on the impeachment charges, had requested and had been granted a leave of absence for two months. Judge Swayne expects in that time to undergo a surgical operation.

PROBATION OFFICERS

Alameda County is Not Included in Bill.

(From Yesterday's Last Edition.)

SACRAMENTO, February 28.—Espey of Oakland today endeavored to induce the Alameda delegation in the Senate to restore an original provision in the bill providing for the pay of probation officers by the county, making it operative in Alameda county as well as in Los Angeles. The amendment of the bill by Senator Carter last night eliminated Alameda county.

Senators Lukens and Mattos promised to aid Espey in the work, but Senator Leavitt opposed the project. Senator Simpson was not seen.

Without a unanimous request to have Alameda county included in the bill, Espey saw it would be useless to try to amend it and so abandoned the measure to its fate. As a consequence, Ezra Decoto, the probation officer in Oakland, will have to be paid by private subscriptions instead of out of the county treasury.

RACE-POOL BILL.

The long deferred fight over the race-pool bill, by Espey of Oakland, will take place in the Assembly tomorrow afternoon, when the measure comes up as a special order.

Espey says that he will be able to make a good showing in support of the measure.

The Amerige measure prohibiting boycotting and picketing, has disappeared from the files of the Assembly. It is identical with the Ralston bill in the Senate. Its disappearance cannot be explained.

Twenty-four members of the Assembly were excused this morning until tomorrow, and it is understood that nearly all of them, with a complimentary ringside ticket in his pocket, have gone to San Francisco to witness the fight between Corbett and Battling Nelson tonight.

Ralston's anti-prize fight bill was to have come up yesterday, but it could not be found in its legitimate place on third reading file. It was then passed until today, but the absence of nearly one-third of the members at a ring engagement will prevent the consideration of the measure.

MRS. RUTH COPLIN IS DEAD

Mrs. Ruth M. Coplin died this morning at her residence, 1437 Franklin street. She had been ill for quite a while. She was the wife of the Rev. Alanson Coplin and was the mother of A. Dodge Coplin, the architect, and Ethel A. Coplin.

The deceased was a native of Pennsylvania. She was 60 years of age. For the last twenty-eight years she resided here and was well known in religious and social circles. Both she and her husband came to Oakland in 1876 and have resided here almost continuously ever since.

The family has not decided yet on the day the funeral will be held.

OFFICER SHOT BY A STRANGER

SAN JOSE, February 28.—Constable J. J. Toomey of Santa Clara was shot about noon today by a stranger in that town, the ball inflicting a dangerous wound in the leg. Two strangers attempted to get away with a stack of money on a table in a saloon where one of them and a saloon habitue were playing cards, and while endeavoring to arrest them the constable was shot. The two men were overpowered and taken to the county jail.

BUFFALO BILL'S WIFE ON STAND

NORTH PLATTE, Neb., Februaray 28.—Mrs. Louisa Cody, wife of Col. Cody (Buffalo Bill), today took the witness stand in defense of her character and good name, which have been assailed by her husband in his sensational petition for divorce, and to tell her side of the family quarrel.

Mrs. Cody emphatically denied that she had ever attempted to poison her husband, and that she had administered dragon's blood or any poison to him for the purpose of securing his love or gaining control over him.

KELLY'S CASE IS BEFORE JURY

SACRAMENTO, February 28.—The Grand Jury of Sacramento county are in session today, and judging by the witnesses who are being examined, the case of Martin Kelly is on the tapis. Miss Alice Kelly, Stenographer Vaughn and George Peckham were before the body this morning and Martin Kelly in person is waiting for examination.

THE WATER ISSUE

The municipal league will hold a meeting in Hamilton Hall tomorrow night to discuss the water question. W. S. Tevis of the Bay Cities Water Company will be present and make an address.

DIED SUDDENLY.

Mrs. Peter Bone of Sunol died suddenly this morning at her home while awaiting the arrival of a doctor. She was forty-five years of age and was a native of Denver. She was in apparent good health until this morning when she was taken suddenly ill. Owing to the fact that no doctor was in attendance, the matter has been reported to the coroner.

Roll of Bank Notes Stolen

Taken from a Bureau Drawer While the Family was at Dinner.

During the past few days the newspapers of California have published many stories of losses by theft of money, jewelry and other valuable things. In nearly all cases the articles were deposited in desks, bureaus, closets, and in one case five hundred dollars in gold was hidden in a sauce pan in the kitchen. In no case were the stolen articles recovered. Doubtless there are in Oakland thousands of people who are thoughtlessly imperilling articles of value and vertu which they consider priceless because they could not be duplicated. Is it wise to tempt thieves to your house by the knowledge that such things are handy? Would it not be much wiser and as a business proposition much more economical to rent a box in the magnificent safe deposit vaults of the Central Bank, than to run any such risk? In the incident above referred to, where five hundred dollars in gold was stolen, we would emphasize the fact that had its owner expended four dollars a year in renting a safety box, she would now be $496 to the good.

These ideas are worth thinking about—and acting upon.

RAILROAD MEN LAID OFF

An order was given at the Southern Pacific yards at West Oakland to-day to lay off a number of men in the machine and other shops. It is stated that about twelve per cent of the men will be laid off by the railroad at West Oakland for the present.

NEARLY KILLED

SAN FRANCISCO, Feb. 28.—Peter Seppel, a laborer and formerly a sailor, had a narrow escape from death at an early hour this morning at the hands of August Linkros, a carpenter, as the result of a brawl in a saloon at 628 Mission street.

According to the story of Seppel and other witnesses, he and some other men were in the saloon shortly before 1 a. m. when Linkros entered and proceeded to make a rough house. The bartender put Linkros out, but he returned in a few minutes, brandishing a revolver, which he pointed at Seppel, but the latter struck his arm up and the shot which immediately was fired missed him, the bullet going into the ceiling. Linkros then beat Seppel severely over the head with the butt of the weapon, badly lacerating his scalp. Aided by two others, Seppel grappled with Linkros and finally got him into the street. While the scuffle was in progress, Policeman E. F. Ruggles appeared, when the belligerents, except Seppel, took to their heels. Ruggles finally caught Linkros in the latter's room, 110 Minna street, and also found the revolver, which had one chamber discharged and was covered with blood. Linkros was arrested and taken to the City Hall police station, and later was charged with assault with intent to commit murder. Seppel had his wounds dressed and went home.

LOGAN SAILS FOR MANILA

SAN FRANCISCO, February 28.—The transport Logan sailed today for Manila via Honolulu and Guam. Besides a large number of saloon passengers she carried 285 enlisted men of the Second squadron of the Eighth cavalry, 846 enlisted men of the Sixth Infantry, 21 enlisted men of the Marine Corps, 14 enlisted men of the Hospital Corps and a cargo of army supplies. Captain Simpson has been detached from his command in the Sixth Infantry and assigned to the position of Quartermaster-Captain of the Logan, succeeding Captain Lafitte.

MRS. T. WATSON RETURNS

SAN FRANCISCO, February 28.— Few recent arrivals in the city have been attended with more interest than has that of Mrs. Thomas Watson. Mrs. Watson arrived here from England the latter part of last week and is a guest at the St. Francis hotel. About eight years ago Miss Emma Spreckels married Thomas Watson against the wishes of her father, Claus Spreckels, and the breach thus caused has never been healed. Mrs. Watson made her home in England until Mr. Watson's death a year ago. Mr. Watson left his widow a considerable fortune. He held several offices in his resident country and refused a seat in Parliament.

Mrs. Watson and her brother Rudolph are on the best of terms. She is also friendly with her sister-in-law and niece, Mrs. Augustus Spreckels, and Miss Lurline Spreckels, and is being shown every courtesy by them.

There is every reason to believe that Mrs. Watson's return to San Francisco will result in a reconciliation with her father. She is the only daughter of the great sugar king.

IN THE HOUSE.

WASHINGTON, February 28.—When the House met today consideration was given to a number of bills by unanimous consent. Bills were passed setting aside certain public lands in the Philippines for school purposes, to regulate the construction of dams over navigable rivers, to provide for the investigation of leprosy with special reference to the care of lepers in Hawaii; to incorporate the American Academy, in Rome, Italy, and amending the revised statute so as to permit entrymen under the homestead laws to deed rights of way for telegraph and telephone lines without prejudicing their claims.

SHERIFF CHOSEN

SAN JOSE, February 28.—The Supervisors today elected Frank H. Ross, Sheriff of the county, to fill the vacancy caused by the death of Sheriff Langford. S. G. Benson, a well known newspaper writer of this city, who for four years was under-sheriff under Sheriff Lyndon, has been placed at the head of the office by the new Sheriff.

WIFE AND BABE ALONE

The police have not yet received any word as to the whereabouts of George Bennett, formerly an employe of the Contra Costa Laundry, residing at 1641 Market street, who disappeared from his home on February 18th, leaving a young wife and babe alone.

The wife has sought the services of the police of two cities to assist her in locating her husband. The circumstances of his disappearance were that both of them were visiting in San Francisco on the 18th of this month. Owing to an illness of the baby the wife decided to remain in San Francisco for the night and the husband proceeded home.

When the wife returned the following day there was a note addressed to her stating that the husband had gone to San Jose and would be back the following day. Since then no word has been received from him.

ESTATE MATTERS

META ULRICHS FINDS MORE PROPERTY BELONGING TO HER.

Petition was made this morning by Meta Ulrichs to the court to have the final decree of distribution of the estate of her late husband, J. F. Ulrichs, set aside on the ground that she has discovered more property belonging to the estate which she wishes to have included in the decree of distribution.

An inventory and appraisement of the estates of Linda, Emory, Emma and Clifford Lamp filed with the County Clerk today shows their estate to be valued at $1200, and consists of two pieces of realty in Fruitvale.

A petition for the sale of all of the property is also made by their guardian, Caroline J. Lamp.

HE LIKES THE BILL

Diverting Immigration to the West

An effort is being made to stop the congestion of foreign immigration at the port of New York, which has for sixty years been the great landing place for immigrants. Boston and Baltimore get some of the foreign immigration, but the proportion is small—New York continues to be the Mecca of the European seeking a home in the United States. Owing to the disposition of the immigrants now coming to this country to squat down in the metropolis, large districts of the city are peopled almost entirely by foreigners huddled together, speaking their own language and retaining the customs of their native countries. This congestion of foreigners has bred serious social and political problems. Hereditary pauperism, sweat shops and unsanitary modes of living are the commonest manifestations of the congregation of foreign communities in the great city.

It is recognized that it would be better for New York and better for the immigrants themselves if the newcomers could be scattered abroad in the freer, fresher life of the West, with its larger opportunities and less stifling atmosphere, where they could assimilate and throw off the ideas bred of association, custom and the traditions of centuries. So, the thoughtful elements of the metropolis have entered into hearty sympathy with the movement to divert a portion at least of the stream of immigration to some point less congested and nearer the prairies of the real West. The Government officials are also lending their aid, and so are the great railway systems traversing the Mississippi valley and the table lands to the west of the Missouri.

The point selected for diversion is Galveston, Texas. It is the nearest Atlantic port to the Pacific coast, and several large railroad systems radiate from it into the regions to the north and west. It affords the shortest route to the more inviting and more unsettled sections of the Union. Texas alone has vast areas yet waiting the settler and his plow. Oklahoma, Indian Territory, New Mexico, Colorado, Kansas and Arizona also hold out hospitable hands and flattering opportunities for willing and energetic workers.

Galveston is all the more available because the tide of immigration which ran so strong to the far Northwest a few years ago has turned and is running strongly to the Southwest. In order to transport immigrants by the most direct route to the field of settlement the North German Steamship Company has decided to put a line of vessel, fitted for immigrant travel in commission to ply between the Texas port and the German seaports. Very likely this is done with the co-operation of the railroads—particularly the Southern Pacific and the Santa Fe—and if so, there will probably be a considerable diversion in the immigration tide from New York. It will be a good thing for all concerned. It will promote the building up of the Southwest and relieve New York of a congestion that has reached threatening proportions. It will also make business for the railroads.

California ought to get a share of the immigration that is to come by way of the Gulf, and the Promotion Committee ought to be on the alert to seize any opportunity which may be presented in that direction.

"Why is a hen?" Dearly Beloved is the question of a fool. Debating it is the idle amusement of feeble wits.

Bunkers, who was Senator till he was Belshawed, has a right to complain of discrimination. First they handed him a package that was $50 shy and then they picked him out as the first man to be "trun out." As a matter of justice he should get that missing fifty. It might be used to stop Tom Cator's tears.

Some of our contemporaries are congratulating C. K. McClatchey, editor of the Sacramento Bee, for coming off first best in a round with appendicitis. Our sympathy is extended to the appendicitis. A little thing like that has no business tackling Charley McClatchey, who is something of a buzz-saw in action. Appendicitis! huh! What does the man who downed the bubonic plague care for such a small-gut affair as that!

The absorbing question whether Mrs. Buffalo Bill did or did not give her husband dragon's blood to retain his love arouses curiosity in another point. Where did she get the bleedin' truck?

President Wheeler of the State University has gone East to be present at the inauguration of President Roosevelt. His presence will lend eclat to the occasion, lustre to the administration and laurels to the State University. With Dr. Wheeler on hand the inauguration may now proceed without further delay. En passant, the University is still at Berkeley.

All the Japanese Generals are old men, and we have no doubt the Russians will cordially agree with Dr. Osler that they ought to be chloroformed.

Good Men For the School Board.

The value and importance of a conscientious and energetic Board of Education cannot be disputed. Men who take an active interest in the schools, who appreciate their needs and who will give the affairs of the school department their thoughtful personal attention are particularly desirable.

The selection of School Directors for the ensuing term is a matter deserving the special attention of voters, for the incoming Board will direct the expenditure of nearly $1,000,000 derived from the recent bond issue, and will besides have to grapple with the problem of meeting the deficiency in revenue that will result from the passage by the Legislature of the Kirk Apportionment Bill. As the personnel of the Board will be of unusual importance, the public can study with satisfaction the qualifications of the School Board nominees on the Republican ticket. It is not too much to say they are unexceptionable.

Oakland is fortunate in having as the guardian of her schools such men as C. H. Redington, John D. Isaacs, Dr. Pratt, Dr. Wilcox and C. D. Rogers, members of the present Board. Mr. Redington has been a member of the Board for nearly twenty-eight years continuously, and John D. Isaacs has rendered the department services of a tehnical character during the last two years that would have cost the city $5,000 if rendered by an employe.

These gentlemen have all been renominated and their re-election may be regarded as a foregone conclusion, and fortunately they will have the co-operation of Charles L. Ingler, a public-spirited friend of the schools. Mr. Ingler is not a member of the present Board, but he has served two terms as School Director in the past, and by his pains-taking, intelligent work in the Board gave abundant proof of his fitness and capacity to deal with the problems arising in the management of the schools.

Mr. Ingler is a practical business man of large experience, and hence will be of especial value in directing the construction of the school buildings. Mr. Redington, whose acquaintance with school boards runs over more than a quarter of a century, warmly endorses Mr. Ingler's candidacy, and so do all who served with him in the Board of Education.

The other nominees on the Republican ticket are all good men, worthy of the suffrages and confidence of their fellow citizens, and at some future time their qualifications will be reviewed more particularly and at greater length in these columns. They fit in well with the gentlemen particularly named, and will assist in making up an active and harmonious working Board.

THE SOUL'S HOUR.

All day I have toiled at the busy mill
Where souls are ground and money is made:
All day, till my temples throb and thrill
With the whirring wheels of trade.

All day I have gripped the trenchant steel,
And grappled with columns black and grim,
Till tonight I am faint, and my senses reel
And the glory of God seems faint and dim.

And so I have come to the quiet room
To sit in the darkness and touch the keys—
To waken the ghost and the lost perfume
Of the soul's dead flowers with my harmonies.

And here, alone, for a single hour,
I can dream and idle and drift away;
I can touch the ghost of a passion-flower—
I can catch the gleam of a vanished day.

I can gather the lilies of long ago,
That bloomed by a path which a baby trod,
And love's first roses, as white as snow,
That are blossoming now at the feet of God.

O, stainless lilies, and roses white,
O passion-flower, with your petals red!
You are mine, once more for an hour, tonight,
Though the heart be dumb and years be dead.

O scented summer of long ago!
O vanished day, with your gleam of gold!
O blood-red lips and neck of snow!
You are mine once more, as in days of old.

Just for tonight. For at early dawn
I am back to the grovel of greedy lust,
Where the wheels of traffic go whirring on
And souls are ground into golden dust.

—Albert Bigelow Paine in World's Events.

"FITTING FOR FREEDOM."

(From Morley's Life of Gladstone.)

He was never weary of protest against the fallacy of what was called "preparing" these new communities for freedom, teaching a colony, like an infant, by slow degrees to walk, first putting it into long clothes, then into short clothes. Our modern colonists, he said, after quitting their mother country, instead of keeping their liberties, go out to Australia or New Zealand to be deprived of these liberties, and then, perhaps, after fifteen or twenty years' waiting have a portion given back to them with magnificent language about the liberality of Parliament in conceding free institutions. During the whole of that interval they are condemned to bear all the miserable jargon about fitting them for the privileges thus conferred, while in point of fact every year and every month during which they are retained under the administration of a despotic government renders them less fit for free institutions.

HEAD SOLID SORE

Awful Suffering of Baby and Sleepless Nights of Mother.

CURED BY CUTICURA

Skin Fair as a Lily with no Scar to Recall Awful Sore Writes Mother.

"I herewith write out in full the beginning and end of that terrible disease eczema," says Mrs Wm. Ryer, Elk River, Minn., "which caused my babe untold suffering and myself many sleepless nights. My babe was born seemingly a fair, healthy child, but when she was three weeks old a swelling appeared on the back of her head, and in course of time broke. It did not heal but grew worse, and the sore spread from the size of a dime to that of a dollar. I used all kinds of remedies that I could think of, but nothing seemed to help; in fact, it grew worse. Her hair fell out where the sore was, and I feared it would never grow again. It continued until my aged father came on a visit, and when he saw the baby he told me to get Cuticura Soap and Ointment right away.

"To please him I did so, and to my surprise by their use the sore began to heal over, the hair grew over it, and to-day she has a nice head of hair, her skin is as fair as a lily, and she has no scar left to recall that awful sore, and it is over eight months and no sign of its returning."

CURE PERMANENT

"Your letter of the 19th inst. received, asking in regard to the cure of my baby some six years ago. Well, the disease has never returned to her head which at that time was a solid sore on top and down the back."

MRS. WM. RYER, Elk River, Minn. Feb. 25, 1903.

Hints for the Ladies

Striped and checkered shirtwaists will be worn.

Those new plaid mohairs are exceedingly smart.

It is said long overskirts will soon be worn.

Cuffs flare upwards, with upstanding frills of lace.

Drape effects characterize the simplest shirt-waists as well as the dressy gowns.

Soft, fluffy and dainty are the blouses made entirely of valenciennes.

Heliotropes, lavenders and plums are to the fore in the spring shades.

The new shirtwaist proper shows sleeves slightly full, raised at the top and finished with narrow starched cuffs.

Fine pleatings of lawn and Swiss, as well as much English embroidery, will be used on summer silk and mohair gowns.

The very wide belts are confined mostly to the use of soft crush silks or panne velvet. The leather belts, while still crushable, are not as wide as formerly.

Certain of the new linen frocks have heavy lace or embroidery inset in long, tapering points reaching up the skirt.

The last cry is shaded leather, especially in the form of belts and stocks finished with buckles of hammered copper or silver.

Cloth promises to be much more worn in the spring than has been the case this season, and the ochre and mustard shades are to be fashionable.

Hats are a decided change from last season, higher and more irregular effects being sought for. For early spring they will be massed with flowers.

Among the novel effects in lace and embroidery which are prophesied for the spring season is the combination of Venise and broderie anglaise. The latter will be more in evidence than last year, while the boule de neige effects will likewise be much favored. Even among the new nets the broderie anglaise designs, which hitherto have been confined to the cotton fabrics, are being reproduced.

Buttons are still used extensively for trimmings; such beautiful ones in mother of pearl, green and gold bronze and looped buttons resembling the old-fashioned fob. There is an enormous demand for ribbons for trimming; all widths and of every description are used.

Fashion decrees that we shall once more bespangle ourselves, fill our hair as it were, with fireflies, wear trimmings and ornaments and embroideries that shine, and carry little shimmering bags and sparkling fans, and set our feet in shoes that are encrusted with golden and metallic beads.

The most striking feature of this season's silks is the small checks and stripes. Their variety is infinite, not only as to color combinations, but in weave as well. Chiffon taffetas, the regulation taffetas, lousines in plain colors, in changeable effects are all checked off in tiny squares with white.

NOT WORTH WHILE.

Talkin' 'bout the weather, don't you recollect the day
When the robin was a-singin'? It is not so far away;
An' the night when star dust shimmered an' was mirrored in the lake,
While the whipperwill was singin' like its heart was goin' to break.
It's hardly worth complainin' 'bout the weather of today,
When weather such as that is not so very far away.

A day when woodland perfumes are awakened by the dew
Is surely worth the trouble of a wintry storm or two.
An' the clover will be bowin' in the sunshine an' the shower,
An' the bee will make his customary way from flower to flower.
So 't's hardly worth complainin' of the weather of today,
When weather such as that is just a little while away.

—Washington Star.

ARBITRATION.

In bringing about a settlement of the long strike in the Fall River cotton mills the new Governor of Massachusetts has not only ended a struggle which for protracted bitterness, costliness and suffering is probably unparalleled in the history of the textile industry in America, but has done a public service in giving one more conspicuous example of the wisdom and efficiency of arbitration. Both operatives and mill owners have yielded points.—Philadelphia Ledger.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. KNIGHTS OF THE ROYAL ARCH BANQUET

CARL S. PLAUT, CHAIRMAN OF THE BANQUET COMMITTEE AND SECRETARY OF THE BOARD OF TRUSTEES.

Elaborate Affair Given at Maple Hall—Many Prominent Speakers in Attendance.

"Perplext no more with Human or Divine,
Tomorrow's tangle to the winds resign,
And lose your fingers in the tresses of
The Cypress-slender Minister of Wine."
—Rubaiyat.

If ever the spirit of good fellowship hovered over an assemblage it was certainly present at the third annual banquet of Oakland Lodge No. 3, Knights of the Royal Arch, at Maple Hall, last night.

The banquet tables were exquisitely decorated with carnations and maiden hair fern, while an orchestra dispensed music behind a screen of potted palms.

The menu, which follows, was elaborate and the service perfection:

Eastern Oysters on the Half Shell
Sauterne

SALAD
Mayonaise of Shrimp
Consomme

Zinfandel

RELISHES
Celery Olives Salt Nuts
Crackers Bread and Butter Rolls

ENTREES
Chicken Terrapin
Roast Squab and Mushrooms
Peas and Potatoes

Cliquot

DESSERT
Bisque Tortini in cases
Fancy Cakes Glace Fruits Candies
Cigars Black Coffee

Dick Knabbe was introduced as toastmaster after all were seated and in a few well-chosen words welcomed the guests to the banquet.

THEODORE GIER.

Theodore Gier was called upon to say a few words and responded by a humorous speech, which in substance duplicated the welcome of the toastmaster.

"I endeavored to borrow a speech Mr. Hanrahan had writen out, as he could not come tonight," said Mr. Gier, "I was unsuccessful, however, and perhaps it is just as well, for I probably couldn't have delivered it if I had secured it."

A toast to the future of the order was then drank at Mr. Gier's request.

B. C. CUVELLIER.

Councilman Cuvellier responded to an invitation to address the assemblage, by stating that it was a relief to be present and feel that he was not a candidate to any office.

"I have retired from the ring," he said, "and I don't have to hand out a bunch of hot air to get your votes."

"I have you where I can tell you what I think of you and I'm going to do so. I have been ill and Sunday I was a wreck, but when your invitation came, I made up my mind to be with you, and now that I am here I feel splendidly. I've found you all to be a good lot of fellows and friends who have never betrayed my confidence or trust. I can only say that since the organization of the Knights of the Royal Arch, the liquor traffic has been raised to as high a plane as any other business in Oakland."

GEORGE E. RANDOLPH.

George E. Randolph was called upon and said:

"In accepting your kind invitation to be here tonight I did not realize I was accepting an invitation to speak as well. But I am pleased to be here. Actions speak louder than words and if I did not believe the Knights of the Royal Arch were all right, I would not be here. I hope to be with you at your next annual meeting."

John E. McElroy was present and made a few remarks.

EDWIN STEARNS.

Edwin Stearns, secretary of the Board of Trade was introduced and said:

"I am very glad to be here and enjoy a vacation. I've been here now three hours and I haven't heard either the Contra Costa Water Company or the Bay Cities denounced or roasted. That's what we want to get away from—this habit of roasting. If we can't say a good thing let's keep our mouths shut.

"There are, I believe, 254 liquor licenses issued in Oakland and you have 250 members—that's a good showing. Unity is the secret of progress and strength and in uniting for the good of the liquor traffic you have done Oakland a big service and are helping to build up what will ten years from now be the greatest city on this coast."

Mr. Stearns was accorded three cheers.

OTHER SPEAKERS.

L. E. Bloomberg, W. L. Teague, A. J. Belle, W. J. Hennessy, Clay Hawbaker, George E. Aitken and others also spoke, and Frank W. Bilger entertained the assemblage with some clever card tricks.

Esco Ives, the popular singer of the Empire Theater, made the hit of the evening by singing "Dear Old Girl" and other selections. He was in splendid voice and was applauded to the echo. Mr. Oxenham sang and Ben Trask of the Novelty Theater gave a rag-time piano solo.

Letters of regret were received from P. J. Edolph, Abe P. Leach, P. N. Hanrahan and others who were unable to attend.

The affair from beginning to end was delightful and entirely successful and absolute harmony and good humor prevailed throughout.

As the champagne sparkled in the glasses and the blue smoke from the Havanas curled lazily ceilingward, much brilliant repartee was exchanged and laughter reigned supreme.

Much of the success of the affair is doubtless due to the efforts of the following committees, which had it in charge:

Committee of arrangements: Carl S. Plaut, chairman; C. T. Hodgman, secretary; W. P. Courtney, P. N. Hanrahan, Dick Knabbe, Dick Smith, T. Mante, Ed. F. Freund, Jerry Weiss.

Reception committee: W. C. Jurgens, chairman; T. W. Sigourney, Frank J. Maiden, Charles H. Hawbaker, Carl S. Plaut.

The officers of Oakland Lodge, No. 3, are:

Valiant Commander, Dick Knabbe; Lieutenant Commander, W. P. Courtney; Treasurer, O. A. Smith; Orator, W. L. Teague; Recorder, M. J. O'Gara; Master of Ceremonies, C. T. Hodgman; Captain of the Guard, R. L. Jones; Tyler, N. B. Vail; Attorney, L. S. Church; Trustees, P. N. Hanrahan, T. W. Sigourney, Theo. Gier, Carl S. Plaut, I. L. Foster.

Among those present were:

John E. McElroy, Edward B. Meek, George E. Randolph, R. Knabbe, Theodore Gier, B. C. Cuvellier, Edwin Stearns, R. J. Boyer, Alex. S. Bell, L. E. Bloomberg, George E. Aitken, C. J. Hodgman, F. IN SOCIETY

INFORMAL TEA AT MANUEL HOME

MRS. WALTER G. MANUEL ENTERTAINS A LARGE NUMBER OF FRIENDS.

Mrs. Walter G. Manuel gave one of the prettiest teas of the season this afternoon at her home on Chestnut street. The house was effectively decorated with masses of pale pink and white fruit blossoms and about 150 guests enjoyed the hospitality of the charming little hostess.

The affair was quite informal and those who assisted Mrs. Manuel in receiving her guests included Mrs. W. E. Montgomery, Mrs. J. C. S. Akerly, Mrs. F. B. Ogden, Mrs. E. D. Williams, Mrs. George Roeth, Mrs. Edmond O'Neill of Berkeley, Miss Olga Korbel, Miss Martha Korbel, San Francisco, Miss Sadie Sigourney, Miss Alice Nickerson, Miss Hattie Alexander, Miss Marguerite Ogden and Miss Leslie Manuel.

WEDDING CARDS.

Cards are out for the wedding of Miss Josephine Winifred Barraclough and Mr. Percival John Harwood, which will take place Wednesday evening, March 22, at St. Andrews' Cathedral in Honolulu. The Rev. MacIntoch will be the officiating clergyman and the marriage is to be an elaborate affair, followed by a reception at the Alexander Young hotel.

Miss Nettie Barraclough will attend her sister as maid of honor and the groom will be attended by Malcolm MacIntyre. The groom-elect is identified with the Mackay-Bennett Cable Company and the young people will make their home in the Islands.

Mrs. John T. Barraclough of Piedmont and the bride-to-be will leave March 4 for the Islands on board the Siberia.

ELABORATE LUNCHEON.

Mrs. Frank Deering was hostess yesterday at one of the prettiest luncheons of the season with Mrs. Frank Richardson Wells as guest of honor. Mrs. Deering is giving a series of these pleasant affairs and unique decorations marked the event yesterday afternoon. The table decorations were Chinese lillies and tulips, the lillies arranged in a soft brown basket, around which the tulips were massed.

Those present were Mrs. Wells, Mrs. Thomas Magee, Mrs. Willard Brown, Mrs. Horace Hill, Miss Gunn, Mrs. J. H. Deering, Miss Florence Hush, Miss Ethel Moore, Mrs. Oscar F. Loug, Mrs. Mark Requa, Mrs. Charles Minor Cooper and Mrs. Deering.

"THE LITTLE TYCOON."

Plans for the production of "The Little Tycoon" are about complete and society is interested in the success of this venture probably more than any event of the year.

A clever cast is announced and patrons are anticipating a musical treat. The comedy situations are said to be the funniest ever, with Milton Schwartz as General Knickerbocker. Lowell Redfield as "Teddy" will introduce a talking Irish song and Mrs. Orrin Kip McMurray as Miss Hurricane is one of the fun makers. The various characters are cleverly interpreted as follows:

Gen. Knickerbocker, Milton Schwartz; Alvin Beery, Ernest McCandish; Rufus Ready, Rufus Smith; Lord Dolphin, Willard Barton; Teddy, Lowell Redfield; customs house officer, Rossiter Nikel; captain, Reeves Baker; Montgomery, Leo Weil; Miss Hurricane, Mrs. Orrin Kip McMurray; Dolly Dimples, Miss Etta Eiben; Violet, Mrs. D. Walter Rasor.

The setting of the opera promises to eclipse all former efforts and a beautiful scene with gorgeous costuming is promised in the Japanese garden scene.

The opera will be preceded, of course, by the tableaux, and one of the most interesting features will be the singing of the choir boys from Christ church, Alameda, who will sing in the wedding tableau.

Franklin C. Smith is the choir master and David A. Dickie is the organist.

The singers include: Heath Angelo, Ray Allen, Harry Brickwedill, Richard Bates, Arthur Beach, Edward Beach, Thomas Bunker, Harry Bradley, Harry Bissell, Hamilton Bell, Elbert Clintsman, Hans Danker, Erwin Donker, Herbert Donker, Chester Eschen, Paul Frick, Frank Gay, Earl Gay, Elmer Gay, Charles Gibbs, George Henderson, Herman Henderson, Wilfred Hall, William Hasken, Sanderson Ilderton, Harold Ilderton, Charles Kuchel, Adolph Luderman, Herbert Lanier, Guy Medcroft, Kenneth Medcroft, Charles Medcroft, Wyndham Medcroft, Robert Marshall, Chester Marshall, Charles McCloughry, Alexander McCloughry, Ellis Morser, Harold Marser, Frances McFarland, Cecil McFarland, Arthur Nield, Arthur Niland, Meredith Parker, Clarence Parr, Homer Stock, Edward Schroder, Randolph Sharpstem, Clair Seagrave, Edward Seagrave, Clifford Wolkup, William Woodside, Walter Woodside, Frank Weeden, Raymond White, Robert Wolff, George Wood, Wilfred Webber, Horace Wooley, Harold Young, Harold Yates, Winchell Yates.

MISS BUTTLAR'S SURPRISE.

A pleasant surprise was given to Miss Hilma A. Buttlar, the popular teacher, by her Fruitvale pupils yesterday afternoon in Masonic Hall. It was the first anniversary of the inauguration of her class. She was escorted into the banquet hall, which was most artistically decorated, by two pupils, Ruth Burnham and Alma Lorenz, and there found seated around the tables, the pupils and their mothers.

After dainty refreshments a program of recitations, songs, dances, etc., was given and then two little tots, Ruby Jeffers and Doris Orton presented Miss Buttlar with a large bunch of California poppies and a very handsome vase.

WITNESS SUICIDES

Death of Woman May Affect Proctor's Trial.

Mary S. Nichols, aged 21 years, until recently employed as a domestic by Mrs. Elizabeth Tyson of Niles, committed suicide yesterday afternoon by shooting herself through the head with a rifle. For the place of her death the girl chose the bank of a creek near the residence of her father, Charles Nichols, which is situated about a mile from Niles.

In a note which she left, addressed to a girl friend in Niles, the suicide assigned ill health as the cause of her death. As a matter of fact, the girl had been sick and despondent for some weeks and had been forced to resign her employment with Mrs. Tyson. The Coroner has taken charge of the remains, and an inquest will be held.

The death of Mary Nichols may seriously affect the trial of "Dr." William Proctor and of his stepson, Roy Ashbury, who are in the County Jail, charged by Mrs. Tyson with having procured money and jewelry from her under misrepresentation, and so far as Proctor is concerned, under promise of marriage. The Nichols girl, who was a resident in the Tyson house at the time of the commission of the alleged crimes, was considered one of the most important witnesses for the prosecution.

SHETLAND PONY IS KIDNAPPED

Mrs. H. Stolzel, residing at 4525 Grove street, reported to the police today that some cattle thief or horse thief had stolen her Shetland pony, valued at $125 from a vacant lot in which he was pastured at the corner of Firty-fifth and Grove streets.

The pony has been missing for forty-eight hours and that is enough to give rise to the theory that he has been kidnapped.

The police have no clew which will lead to the detection of the horse thief as yet, but are working on the case. It may be, say the police, that the pony merely ran away and was not stolen at all.

SHIP OREGON STILL IN FLAMES

EUREKA, March 1.—The burning steamer Oregon arrived here at 8:30 this morning from Crescent City. She is now in the lower bay steaming up towards the mud flats, where an effort will be made to beach her. The vessel came in under her own steam and unassisted. She is still on fire.

DOCTOR EASY

DAYLIGHT BURGLAR MADE A GOOD HAUL AT BERKELEY.

BERKELEY, March 1.—A daring daylight burglary was perpetrated about 5:30 o'clock yesterday afternoon, when a bold thief entered the office of Dr. Denton in the Shattuck building, and secured $115 in gold from the doctor's desk.

The office door had been left unlocked, and entrance accordingly was easy. The thief chose a time when no patients were likely to be in the office and then with a chisel or some such instrument pried open Dr. Denton's desk and then easily possessed himself of the gold kept there.

It was the physician's habit to have a large sum of money in the desk without more protection than the desk lock afforded. He had been remonstrated with by his friends for this practice and believed that the remonstrances were overheard by persons who yesterday took advantage of the information thus gained.

WON HIS FIGHT IN THE FOURTH WARD

BERKELEY, March 1.—As a result of the primary election held yesterday, M. Shaad won his fight in the Fourth ward and is conceded the nomination for town trustee. His candidacy was endorsed by the Fourth Ward Republican club, but he was opposed by the ticket which the Central Committee put in the field. His victory is a victory for the club and a rebuke to the Central Committee.

In the First ward the election resulted in the defeat of E. C. Marliave by W. N. Eehelman as the head of the ward delegation. There were no contests in any of the other wards.

RETURN OF COMMISSIONERS

NEW YORK, March 1.—Dr. Charles A. Reed of Cincinnati and Thomas T. Goff of Washington, the commissioners appointed to settle the differences between the United States and Panama arising under the canal convention, arrived here on the steamer Advance today from Colon.

During their stay in the canal zone the commissioners satisfactorily settled the Diaz condemnation suit and also that of a small property near the hospital there.

GRANITE CUTTERS GO ON STRIKE

QUINCY, Mass., March 1.—The 1200 granite cutters of his city began a strike today for readjustment of hours and wages, practically tying up the granite manufacturing industry of the city.

BIG REAL ESTATE FIRM FAILS

EASTON & ELDRIDGE BANKRUPT—LONG LIST OF CREDITORS.

SAN FRANCISCO, March 1.—The big real estate firm of Easton & Eldridge is bankrupt, with liabilities of about a quarter of a million.

The company is one of the oldest and most respected on the coast and has been able to do a credit business with the most conservative institutions, while the ordinary investor has entrusted his savings to the firm with implicit faith in its stability. The failure will have far reaching effects. In the list of creditors filed with the County Clerk late yesterday afternoon appear the names of many working people who have bought lots on which to build their homes, and who will be in straitened circumstances because of the firm's suspension. Some of them must lose their homes as a consequence.

The charges against Wendell Easton in connection with the disastrous failure of the Pacific Coast Savings Society are fresh in the public mind. The purported sale of the firm's realty interests to the G. H. Umbsen Company takes on a new meaning in the light of entries on the schedule of liabilities. An item there shows that the Easton-Eldridge people have been standing all losses on the accounts handled by the Umbsens for the embarrassed company.

Another item shows that George Easton, the deceased brother of the head of the firm, overdrew his accounts $13,595.

SENSATIONAL STORY.

The failure of the Easton-Eldridge real estate firm, with liabilities in the neighborhood of $250,000, and assets covering only a small part of that sum, adds a chapter to the sensational story involving the head of the firm durin the past few months including the accusation of misappropriating $100,000 of the funds of the Pacific Coast Savings Society, forcing that custodian of the money of the poor to the wall, and the pretended sale of the Easton-Eldridge Company to the Umbsens last sumer.

The firm is not only one of the oldest on the coast, but its operations have extended all over the world. There is a London office and agencies in important Eastern cities. The largest branch office is in Los Angeles, and the firm made a fortune in subdivisions there.

In Southern California, too, began the speculation in oil stocks during the great oil boom in that section of the State, which was the beginning of the firm's undoing. Thousands of shares of oil stocks appear among the securities listed as assets in the insolvency papers. Some of these, it is alleged, were transferred to dummies and made the basis of loans whereby the funds of the Pacific Coast Savings Society were looted.

The largest single creditor of the firm is Wendell Easton himself, and it was claimed by his attorney last night that the president of the company has sacrificed almost his entire fortune in the effort to save the firm. It was stated that he has advanced $73,033.48 beside going on the company's paper for $12,-250.

CREDITORS FOR THOUSANDS.

The next largest creditor is the AngloCalifornia Bank, with claims aggregating $40,500, all secured by real estate mortgages. Other creditors who will share the loss of the failure are San Francisco National Bank, $15,000; Pacific Coast Savings Society, $12,125; Merchants' National Bank, $6,500; estate of George Easton, $7,830.02; G. H. Umbsen Company, $7,038; Union Consolidated Oil Company of Los Angeles, $6,932; Central California Oil Company, $2,293; P. N. Lilienthal, $2,-000; Western National Bank, $2,000. Other smaller amounts are owing to many creditors throughout the city and State.

A large share of the losses which brought the firm into liquidation are due to speculation in oil ventures which have so depreciated since the firm took them up that only a very small percentage of their cost could be realized today. Apart from this item the general business of the firm has been conducted at a loss for a long time and grew worse instead of better as the years went by.

GIVES HEALTH, VIGOR AND TONE

Herbine is a boon for sufferers from anaemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middlesborough, Illinois, writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50 cents. Sold by Wishart's, Drug Store, Tenth and Washington streets.

"CROCKERY SHOWER" FOR SAILORS

There will be a "crockery shower," whatever that means, at the Seamen's Rest, Fourth and Broadway, to-morrow evening at 8 o'clock.

A "crockery showers" might mean that the sailors who return to port after a wearisome cruise and who have heaved-ho for months on the mighty main intended to heave dishes at one another. Dr. A. S. Kelley, president of the County Union of the Young People's Society of Christian Endeavor, the organization that is conducting the Rest, explains that this is not the case.

Each night, according o Dr. Kelley, food is furnished to the men who go down to the sea in ships, and it is necessary to have crockery. Naturally, a great many dishes are broken and the "crockery shower" was devised to replenish the supply. There will be no admission charged to the entertainment to-morrow evening, but everyone who attends will be expected to take a plate, a cup and saucer or some other piece of crockery for the benefit of the sailormen.

PROHIBITION CLUB.

The Woman's Prohibition Club will have its regular monthly tea on Thursday afternoon, from 2 to 5 o'clock, at the home of Mrs. N. M. Rice, Eleventh avenue and East Eighteenth street. Take Twelfth street cars and get off at Eighteenth street, East Oakland. A cordial invitation is extended to any and all ladies interested in the work. A good program is promised.

QUESTIONED ON RECIPROCITY

LONDON, March 1.—Answering a question in the House of Commons today, Earl Percy, under-secretary for Foreign Affairs, said he regretted that the British representations at Washington regarding the injurious effect on British trade of the reciprocity treaty between the United States and Cuba had been fruitless, owing to the fact that the United States held the view that the most favored nation clause did not relate to privileges granted to third persons in return for special concessions.

EMPLOYES GIVE BANQUET TO SUPERINTENDENT

I. D. MAGNES, SUPERINTENDENT ABRAHAMSON BROS.

I. D. Magnes, of Abrahamson Brothers, Guest at Elaborate Affair.

In honor of his twenty-fifth birthday, I. D. Magnes, superintendent of Abrahamson Brothers, Inc., was tendered a banquet last night at Foresters' Hall, by the employes of the firm.

Mr. Magnes is to-day the youngest superintendent in the United States and has won his present high position as a direct result of his practical application of the motto—

"Words without deeds have no weight."

He has been identified with the firm for ten years and has won the respect and affection of those under his supervision by means of his sterling qualities and kindly disposition.

About ninety were present at the banquet which was elaborately gotten up. L. B. Reeb acted as toastmaster and toasts were responded to by D. L. Lyons, W. Todd, I. Bryant, D. Magnes, M. H. Coffee, Julius Abrahamson and Hugo Abrahamson.

A recitation by L. D. Danzis was much enjoyed. A vocal solo was rendered by Miss Moore and a musical selection by Miss Hudson. Miss L. Speetgen, introduced as "prima-donna of the store" gave a vocal solo, which was highly applauded.

Exquisite music was rendered by Shapro's Pensacola band from Mare Island.

During the evening a telegram was received from Henry Abrahamson, a member of the firm in New York, expressing his congratulations and best wishes. As it was also the occasion of Mr. Abrahamson's birthday, a resolution was adopted by those present that a telegram be sent to him, conveying similar expressions of congratulation.

The affair was conducted under the supervision of Fred Bauer, advertising manager for the firm.

There is no firm on the coast where so strong a feeling of sociability exists between the employers and employes as Abrahamson Brothers and affairs of this sort are of frequent occurrence.

Among those present were: Mr. and Mrs. Julius Abrahamson, Mr. Hugo Abrahamson, Mr. and Mrs. D. L. Lyons, Mr. and Mrs. Rylaud, Mr. and Mrs. Ring, Mr. and Mrs. Danzis, Mr. and Mrs. Pearlman, Miss Roscoe, Miss Driver, Miss White, Miss Blanche Owens, Miss Jacobs, Miss Stromgren, Miss Hudson, Miss Conroy, Miss Keefe, Miss Martin, Miss Hutchison, Miss Israel, Miss Fitzgerald, Mrs. Deering, Mrs. Hatcher, Miss Clarke, Miss Roswell, Miss Shanley, Miss Malone, Miss Malone, Miss Schmiltz, Miss Speetzen, Miss Eshlornson, Miss Dwyer, Miss Humes, Mrs. Estello Gilbert, Miss Alice Muller, Miss Mulier, Miss De Pass, Miss Springer, Miss Mulverhill, Miss Klinkner, Miss Montgomery, Miss Moore, Miss Owens, Miss Beers, Miss Davidson, Miss Achs, Fred Bauer, L. D. Reeb, R. Swartout, A. Wachtel, J. Calvin, J. J. Rose, Sullivan, Welmore, Todd, Ed. Theile, M. H. Coffee, J. Litzenstein, J. Buchman, J. J. Griffin, Earl Champney, Chas. Besserer, E. STORE WATER IN YOSEMITE

SECRETARY METCALF WILL WORK FOR RELIEF OF SAN FRANCISCO.

SAN FRANCISCO, March 1.—City Attorney Percy V. Long, who has just returned from the city of Washington, where he went on business for the city, says that President Roosevelt gave careful attention to his plea for the right to store water for municipal use in the Yosemite forest reserve, and promised that Forester Pinchot should, if possible, get Congress to grant the desired permission.

Pinchot was detailed to examine into the merits of San Francisco's petition for the reservoir sites of Hetch Hetchy canyon and Lake Eleanor. He reported to the President and the Secretary of the Interior that the works proposed to be erected by this city would not injure the national park or detract from its beauties and natural wild grandeur. The Secretary, however, said the law gave him no option, and he suggested that San Francisco look to Congress for relief.

President Roosevelt informed Long that he would consult former City Engineer Grunsky and Secretary Metcalf, and that he would keep Pinchot at work on the matter, with instructions to use his best efforts to get a bill through Congress granting San Francisco the relief asked for.

AGED ENEMY OF COMBINED OIL DEAD

NEW YORK, March 1.—George Rice, for many years well known as an independent oil operator in the Ohio field, is dead at Asbury Park, N. J., from an attack of the grippe, aged 65 years.

Rice was an active figure in the numerous investigations against the combined oil interests and a few years ago asserted that $500,000 had been offered him to cease prosecuting cases in the Ohio courts.

SETTLERS READY TO MAKE RUSH

MISSOULA, Mont., March 1.—Lake Como forest reserve becomes subject to homestead entry this morning at 10 o'clock. Between 15,000 and 20,000 acres of land will be thrown open for settlement. The land is in the famous Bitter Root valley and was set aside by President Cleveland as a temporary reserve.

The city is thronged with people ready to file claims as soon as the doors of the land office open this morning.

One kind word to the living is better than a long-drawn-out eulogy over the dead.

Advice in Strange Hands

SOME people of wealth tell you, in the tone of wise men teaching a refractory scholar, that you ought to do as they do. But fortunately the American people think for themselves.

They do not like to be dictated to, and prefer to think out a problem with their own brains rather than accept somebody's *theories*. Be a true American and do not permit a physician or an editor—who are perhaps prejudiced for selfish reasons—to persuade you that in order to get a cure for your ills you must go to a doctor, perhaps pay $2.00 for a prescription in Latin that few can read or understand, and take it to a drug store and pay 75 cents for a bottle of medicine which will last about a week. Furthermore, nine times out of ten the prescription calls for alcohol as a medium for dissolving the drugs. Now, the level-headed American woman who isn't over-burdened with wealth, when she is sick, when she has periods of pain and distress, knows what her needs are, knows that a prescription which was originally put up by a physician of eminence for just such cases, a specialist in woman's diseases, will give her the required strength and benefit. Doctor Pierce's Favorite Prescription has been sold for the past thirty-eight years in larger quantities than any other prescription for woman's ills. Women who have used this prescription have gotten well. It does not contain alcohol, or any dangerous drugs, and is guaranteed perfectly harmless to the most delicate system. It is scientifically compounded from active principles, extracted from the roots of the most valuable medicinal plants, and has been found most efficient in making *weak women strong and sick women well*. Follow the experience of others—write to Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Give a description of your case and he will tell you frankly and truthfully whether your case is one for which his "Favorite Prescription" can be recommended or not. There is no charge for his medical advice.

"I write to express my gratitude to Dr. Pierce for his medicine, 'Favorite Prescription,'" writes Mrs. Lucy A. Moss, of Meagsville, Tenn. "I was suffering for about twenty years with female disease, also sick headache, painful periods, dizziness and many other bad feelings. At last was confined to my bed and was given up by my husband and friends. I could not walk a step, and my husband had to lift me about like a baby. At last I began taking Dr. Pierce's Favorite Prescription. Took three bottles and am glad to say to-day that I feel like a new woman. Am able to do my own washing and housework, and I wish to praise Dr. Pierce's Favorite Prescription world-wide. I cannot say enough for it; it is worth more than all I could say of it."

"I have used your medicine, and can say there is none to equal it," writes Mrs. Samuel Taylor, of Ransom, Kans. "I recommend it to all I know to be in need of medicine, and all seem equally pleased with it. The medicine speaks for itself. One of my lady friends, the doctor said, had ulceration of womb, and she has, I believe, used twelve bottles of 'Favorite Prescription,' and is now in the best of health, after trying the home doctor quite a while. So your medicine will sell itself. I have great faith in Dr. Pierce's medicines, and will always speak a good word for them."

"I have taken several bottles of Dr. Pierce's Favorite Prescription and cannot praise it enough," writes Mrs. Wm. Greenhalgh, of Colfax, Iowa, Box 33. "I think it has no equal for female weakness; it is worth its weight in gold.

"You are at liberty to use this testimonial if you wish."

UNION OFFICERS ARE CHOSEN

COOKS AND WAITERS MEET— WOMEN'S LABEL LEAGUE BALL TONIGHT.

The Cooks' and Waiters' Alliance met in regular session last night and filled several vacancies on the official staff. O. A. Hamblin was elected second vice president to take the place of Max Roland, who resigned on account of a pressure of other business.

George Wells was chosen for the position of inside guard. Frank Overton was elected on the local joint executive board. O. A. Hamblen is to serve the rest of the term as delegate to the Central Labor Council.

There were two candidates initiated. Five applications for membership were received and laid over until the next meeting.

LEAGUE BALL TONIGHT.

Preparations are complete for the entertainment and dance to be given to-night by the Women's Label League, Pythian Hall, at the corner of Twelfth and Franklin streets, where the ball is to take place, has been tastefully decorated. A delicious supper is to be prepared and served by the following committee: Mrs. C. K. O'Brien, Mrs. Adolph Lee, Mrs. J. Blake and Mrs. H. C. Schaffer.

Members of local No. 120 of the Butchers' Union are assisting in the arrangements. J. F. Erhard will act as floor manager. His assistants will be Miss M. Hampton, Miss Osterloh and George Janssen.

A short program of musical numbers and speeches will precede the dancing.

The other committees on the ball are as follows:

Program — Mrs. Robert West, Mrs. Kerns, Mrs. Adolph Lee, G. F. Erhard and George A. Janssen.

Tickets—Mrs. C. K. O'Brien, Mrs. J. Blake and Miss Hampton.

LATE NEWS FROM RICHMOND

MRS. GOLDSTONE DIES—SOCIAL AND PERSONAL ITEMS.

RICHMOND, March 1.—Mrs. Sylvia Purnell Goldstone, wife of R. L. Goldstone, proprietor of the Keyston Hotel, died last Sunday of paralysis of the brain.

She was forty-four years of age and leaves a husband to mourn her loss.

The funeral will take place in Oakland tomorrow and the remains will be cremated at Mountain View columbarium.

NEW CLUB.

A gentlemen's club has just been organized here although as yet no name has been chosen. Over fifty of the leading citizens of Richmond are enrolled already and the Lamore Building has been leased as the home of the club.

Officers elected are: President, John Q. Black; vice president, H. B. Kinney; secretary, Charles Rickabaugh; treasurer, E. A. Gowe; trustees, L. D. Dimm and J. Q. Black.

BIRTHDAY PARTY.

A pleasant birthday party was given Monday evening at the home of Mr. and Mrs. M. L. Parks on Richmond avenue, in honor of the eighteenth anniversary of Miss Lillian Parks.

The rooms were prettily decorated and about sixty guests were present. Music, dancing and other diversions occupied the company until a late hour. An elaborate repast was served.

Miss Parks received a handsome gold watch from her parents as a token of their love.

CHURCH ENTERTAINMENT.

At the Presbyterian church last night a pleasant entertainment was given and the following numbers enjoyed: Piano solo, Mrs. Shipman; recitation, Mrs. Beach; vocal solo, Mrs. Russell; duet, Mrs. Lucas and Miss Russell; vocal solo, Mrs. Jenkins; reading, Miss Wood; violin solo, Mr. Russell; vocal solo, Mrs. Blake; recitation, Miss Hickman; piano solo, Miss Coleman; song, Choral.

KILL THE DANDRUFF GERM.

Or Your Hair Will Fall Out Till You Become Bald.

Modern science has discovered that dandruff is caused by a germ that digs up the scalp in scales, as it burrows down to the roots of the hair, where it destroys the hair's vitality, causes falling hair, and ultimately, baldness. After Professor Unna, of Hamburg, Germany, discovered the dandruff germ, all efforts to find a remedy failed until the great laboratory discovery was made which resulted in Newbro's Herpicide. It alone of all other hair preparations kills the dandruff germ. Without dandruff, hair grows luxuriantly. "Destroy the cause you remove the effect." Sold by leading druggists. Send 10 cents in stamps for sample to The Herpicide Company, Detroit, Michigan. Bowman & Company, Special Agents.

Consults A Physician

But does NOT Tell Him All.

Few women confide fully in a physician. They simply *will* not tell him all. That's why many doctors fail to cure female diseases.

Every woman dreads the ordeal of the physician's consulting room. A sensitive, refined woman shrinks from the searching questions and the physical examination!

It is not so in writing to Mrs. Pinkham. Thousands of women owe their present health and happiness (yes, and their good looks, too) to the fact that they have *told all* their physical troubles to Mrs. Pinkham and followed her advice and been cured of female diseases.

Lydia E. Pinkham's Vegetable Compound

Cures more women every year than any other medicine in the world. If you are in doubt about your case, write in perfect confidence to Mrs. Pinkham, Lynn, Mass. You will receive in reply a personal letter of advice free.

DEAR MRS. PINKHAM:—For three months I was sick in bed with female trouble and had four doctors, who all agreed that I must undergo an operation and have my ovaries removed. My sister advised me to try Lydia E. Pinkham's Vegetable Compound before I submitted to an operation. I did so and am very glad to say that after I had used five bottles I was restored to perfect health, which I have enjoyed ever since. I am only too glad to recommend your medicines, as they saved me from an operation which might have proved fatal. MRS. M. KUTTNER.
556 South Main St., Los Angeles, Cal.

Mrs. Hayes also profited by Mrs. Pinkham's advice.

DEAR MRS. PINKHAM:—Sometime ago I wrote you describing my symptoms (fibroid tumor) and asked your advice. You replied and I followed all your directions carefully and to-day am a well woman. MRS. E. F. HAYES.

NELSON Again Defeats "CORBETT" Dane May Now Fight BRITT

OAKLAND TEAM IN BASEBALL PRACTICE TODAY

On the grounds at Idora Park this afternoon, members of the Oakland baseball team and candidates for positions began the first practice of the season.

The Pacific Coast League season for 1905 opens in this city during the latter portion of this month.

Nearly all of the men are already on hand and the absentees are expected within a few days. Almost all the members of last year's team will be seen once more in Oakland uniforms and Manager Pete Lohman will try out a number of new men.

Among the new material is a pitcher named Hogan, from Bakersfield; another twirler from Los Angeles named Rapp and another by the name of Cox, who was formerly with Peoria. Lohman will also try out the local semi-professional pitcher, Zamlock. About the only old men who have not already signed up for this season are Schmidt and Streib.

BIG LEAGUES LINE-UP GIVEN.

According to present indications, the National and American League teams will be made up in the following order:

GAME ON AT BERKELEY TODAY.

BERKELEY, March 1.—This afternoon the varsity baseball team appears upon the diamond against the Claybrough-Golcher team that defeated it a week ago. The visitors put up a rattling good game of ball and the contest scheduled for today will be well worth seeing.

TROUBLE FOR M'CREEDIE, SURE.

Walter McCreedie is already learning the troubles of a baseball manager by bitter experience.

When the "Judge" started his dictatorial career by signing "scrappy" Jack Doyle for captain and first baseman, such of the fans as follow the game closely realized that the boy was biting off a big slice for one so young. He was taking chances upon a player of undoubted ability whom few managers even in the National League ever succeeded in handling. Foxy Ned Harlon was the winning ticket on one occasion; he can handle anything that can be touched.

"Aggressiveness" was McCreedie's slogan, however, and Doyle was said to be just the man he wanted. Jack is all that, and to use a slang expression, "then some." He doesn't believe in taking the worst of it from umpires.

Doyle isn't the only scrapper on the Portland team. One can almost go down the line from pitcher to outfielders and hardly miss one in transit.

There is second baseman Jakey Atz, for example. Atz used to eat an umpire alive for breakfast every morning during the playing season, and in the Southern League he nearly broke President Cavanaugh buying new ones.

Runkle, the shortstop, is also a "man with a past." He is quieter than the other two, however, and gets along with the indicator man about as well as the average ball tossers.

French, the pitcher, who came from New Orleans, is a good running mate for Jakey Atz. If memory serves, he took a brief rest at his own expense last summer for a little disagreement with the man in the blue suit. French can throw very good ball when he wants to, according to all reports.

Harry Walton, the former Stanford star backstop, well known here, is to have a try-out in league company this spring.

Pete Lohman has decided to see what there is in the young man. He will report with the rest of the Oakland recruits. Walton was a star at the same time as Frank Chance, who since has developed into one of the greatest players ever identified with the national game. Pete expects to do some catching himself, but is relying upon "Busher" Byrnes for most of the backstopping work.

ANOTHER SCRAPPER.

Then there is another familiar face on the Portland team that ought hardly to be ignored in this connection—namely, Eddie Householder. A more perfect gentleman off the field would be hard to find; on it Eddie believes in aggressiveness as the best policy, and he is a "scrapper" from 'way back. Let the umpire miscall about two on Edward at the bat, and a declaration of war is no less swift than certain.

All things considered, it is small wonder poor Jim McDonald took a turn for the worse. A sizing up of this aggregation of McCreedie's is enough to discourage any poor umpire. But that, the team looks like a very strong one; all the men can play first-class ball, and the only snag in sight seems to be the prospect of their getting on together like the proverbial "happy family" of the 10-cent circus.

McCreedie has a rare opportunity to show his diplomacy as a manager. In truth, he has had a foretaste already; Jack Doyle has hinted at an offer from Clarke Griffith of the New York Americans, and has tried to get a raise out of the Portland club.

'VARSITY WINS BASEBALL GAME.

BERKELEY, March 1.—Boone's Academy nine went down to defeat before the Varsity players on Monday afternoon by the score of 8 to 1. Newman pitched for California throughout the game and four freshmen were tried out in the out field.

The team from Boone's is one of the strongest in the Academic league this year, and for eight innings the youngsters held the Varsity down to one run. Randolph, the Academy pitcher, tossed excellent ball and was well backed up by his team mates.

Score by innings:

California	0	0	0	1	0	0	0	7	8
Base hits	2	0	0	1	0	0	1	6	10
Boone's	0	0	0	0	0	0	1	0	1
Base hits	1	0	0	0	0	0	2	1	4

WANT BOAT RACES AT VALLEJO.

BERKELEY, March 1.—An invitation was received by the executive committee of the A. S. U. C. last night from a Vallejo boating club to hold rowing races at that place. The club promised to provide a good course and furnish launches to keep it clear. Graduate Manager Decoto was authorized to reply that it was too early to accept such an invitation.

Decoto was also authorized to put in a bridge over Strawberry creek west of the cinder path for the intercollegiate field meet, so people will be able to reach the west seats without going over the track.

AUTOS IN THE DESERT.

The question of carrying tourists to Palmyra in automobiles, starting at Homs, has been seriously discussed in Beirut and Damascus, and one is led to believe in the possibility of a regular freight service between Damascs and Bagdad by automobile transport wagons. Experiments in the Soudan and Congo Free State have proved their feasibility. In the plains of Syria, Mesopotamia and Arabia oil motor freight cars would seem to have a future. Petroleum is comparatively cheap, owing to the proximity of the Caucasian oil fields.

CAN'T ACCEPT EXCUSES SAYS TRAINER CHRISTIE

WALTER CHRISTIE, TRAINER, UNIVERSITY OF CALIFORNIA.

Lectures Track Men Who Fail to Come Out.

BERKELEY, March 1.—On Saturday, March 4, at 1:15 p. m., a track and field meet will be held on the University oval between the classes of 1907 and 1908. The sophomores will be captained by C. R. Zacharias. P. K. Yost has been appointed captain of the freshman team. A week later, on March 11, the annual interclass field day will be held. Both events are expected to be exceptionally interesting and close contests are assured.

The men are getting down to hard work. Those of last year's team are out and many new men of the upper class are in training. From these and the freshman material a first-class team is expected. The hot weather has improved the men considerably and they are gradually rounding into form.

One of the gravest evils of training this term is the laxity on the part of the men in regular and consistent work. In this regard Trainer Christie said:

NO EXCUSES.

"Several of the track men on whom we depend most to help us out this year still have many outside engagements and each day bring more or less petty and trivial excuses explaining why the men do not come out and train. This sort of thing will have to stop. In order to be in the pink of condition for the intercollegiate meet good, hard and consistent work is absolutely necessary. I can't accept excuses. The men must come out regularly. Excuses won't beat Stanford. It takes work and hard work at that. Of course, this doesn't apply to very many. But it's those few who bring around excuses that cause a misunderstanding among the track men and bring about a general laxity in training. As regards the majority, I'm very well satisfied. The older men are gradually striking their gait and each day shows better performances. As a whole, the track men are working splendidly and faithfully, and I'm very well pleased with them."

It is requested by the trainer that all men show up for track work this afternoon, especially freshmen, as Christie wishes to get a better idea of their capabilities.

"YOUNG CORBETT" IS AGAIN DEFEATED BY "BAT" NELSON.

IS BRITT DANE'S NEXT OPPONENT?

Just before the end of the ninth round, Battling Nelson placed a right hook on "Young Corbett's" jaw and the Denverite went down to the mat; his head rocking and his eyes blinking, he took the count of nine and then staggered to his feet; with a rush the Dane was upon him, delivering blow after blow and under this fire the pudgy boy's knees gave way and he sank helpless to the canvas, the sponge was thrown from his corner and Referee Welch named Nelson the victor.

SECOND TIME.

It was the second time that "Corbett" and Nelson had come together in a ring encounter and the second time that the Dane demonstrated that he is the best of the two and so thought many who sat about the ring last evening in Woodwards Pavilion, the fighter capable of defeating Jimmy Britt if meeting under the same conditions as governed last night's affair.

After fooling about for nearly two minutes in the first round, the men rushed into a clinch and from that moment scores of "Corbett" followers switched to the following of the Dane.

Cool and collected, Nelson went about the work of beating down his little opponent. He did not hurry. He simply hooked and chopped away, knowing that in time the Denverite would fall under the blows.

In the opening rounds "Corbett" danced about the Dane, appearing a bit nervous. Nelson used an uppercut in the clinches and jabbed with his left.

The fight was hardly on before it was seen that Nelson was the best of the two at close range and that "Corbett's" swinging blows had no terror for him.

He blocked many of those directed for his body with his gloves and elbows and had an almost perfect defense for that portion of his frame.

The blows to his jaw he caught on the side of his head, causing the force of the punch to glide off, and nothing that "Corbett" could do stayed the Dane in his conquering ring journey.

"CORBETT'S CONDITION.

As to "Corbett's" condition, it must be said that he had prepared faithfully for the battle, still there was a little pile of flesh about his waistband. This was more noticeable when, after the first few rounds he stripped off his flannel trunks and fought the rest of the battle attired in elastic bandages.

The Dane never was really in danger. He took the best punches "Corbett" had and was ready for more.

In the eighth round, "Corbett" made his dying spurt. He rushed, swung and punched and for half a minute Nelson was on the defense, his arms failing to stop all the blows and being forced around the ropes.

But those who know Nelson's style want to detract from the glory coming to him. I was in as good shape as I ever was in my life before. Nelson simply wore me down. I thought I had a chance in that eighth round when I waded in and brought rights and lefts over as fast as I could steer them. I had him worried and I really believed I was going to put him out. But I could not last. I was worn down and all my strength left me. I was game to the last and never wanted to quit. No, I will not quit the game. I will keep on training and show the public that I am capable of coming back and beating a lot of them."

were aware that he would come up stronger, and he did.

After the minute's rest he began his chopping again and just twenty-nine seconds before the end of the last round "Corbett" received the punch which proclaimed to all that his best fighting days are over.

PRELIMINARIES.

George Curran and Billy Dolan, a couple of lightweights, opened up the night's fun with a six-round mill that was brimming over with resounding wallops, wild swings and footracing all over the ring. Referee Jimmy McDevitt gave Curran the decision for his aggressiveness and cleverness.

Curran brought a haymaker over on Dolan's jaw in the second round, and the latter rested on the carpet for seven seconds. He came back willing to mix and from that time on the milling was fast.

Dolan was the stronger and was there with an awful wallop which, however, Curran managed to duck. Dolan tried to finish his man in the sixth round, but Curran countered each time and sent in many mean jabs to the stomach.

Caesar Attell bobbed up again after a long vacation and celebrated the occasion by stowaing husky Mike Kelly away in five rounds. Both men were wild and erratic. Kelly was very foul in his fighting and managed to earn the hisses of the crowd.

Attell finished his man with a right to the jaw. Kelly was not entirely knocked out, but when he hit the floor the second time it looked awfully good to him and there he stayed.

THE SECONDS.

Corbett entered first, accompanied by "Spider" Kelly, Tim McGrath, Al Herford, Joe Gans and Frank McDonald. Nelson came next with Billy Nolan, Martin Murphy, Fred Landers and "Rawhide" Kelly. There were consultations, pictures, announcements and the rest. Two speeches were of note.

McGOVERN'S DEFI.

SYRACUSE, N. Y., March 1.—Terry McGovern last night issued a direct challenge to Jimmy Britt, Young Corbett or Battling Nelson for a fight at 130 pounds ringside or 126 pounds at 3 p. m. He offers to post a forfeit of $5000 to bind any match.

SAYS NELSON.

"Well, I guess he knows now that I can punch some," were the first words uttered by Battling Nelson after his game little opponent was laid out on the carpet. "I waded in and won just as I did before and just as I told my friends I would do this time. His wallops never hurt me. After the fifth round I knew I had him. Those old comebacks did not bother me, for I could see that he would blow up. I took my time and when I saw a chance I went in and landed. Now I am ready to talk to Britt. I have signed a contract to meet him and posted my $1500 forfeit. He has not covered it yet. I am still waiting. As soon as he shows the color of his money I will feel happy, for I am going to beat him next time."

SAYS "CORBETT."

"Nelson beat me fairly and squarely," said Young Corbet after the mill. "I have no excuses to offer, and I do not

SAYS BRITT.

"I thought Corbett showed great gameness and determination," declared Britt. "It was a case of a younger and stronger man setting a pace that was too much for the ex-champion who was his opponent. Nelson has improved immensely since my battle with him, and I will have to make a better fight than I have ever made to win from him. My money to bind a match is in the safe at Harry Corbett's. I am sure that I will win inside the limit if I hook up with the Dane."

THE BETTING.

Nelson was a consistent 8 to 10 favorite in the betting on the fight almost from first to last. This is easy to understand, as he defeated Corbett decisively at their first meeting and then made a brilliant showing with Britt. It was generally believed he was fighting under a decided disadvantage when he met the latter, as he was not allowed to fight in his accustomed style.

It was thought the racetrack contingent would send in its coin on Corbett in such amounts as to make him favorite. This money did not offset the Nelson money, the price at the track being 7 to 10.

There was some betting at even money that Nelson would not stop Corbett in nineteen rounds.

Early in the evening the betting went to 10 to 7 1-2, and each boxer had a large following.

RECEIPTS OF THE FIGHT.

The total receipts amounted to $14,208, which was divided as follows: Hayes Valley Club, $7104; Battling Nelson, $4262.40 and "Young Corbett," $2841.60.

NEXT FIGHT.

Probably the next fight between little fellows on this coast will be provided by Jimmy Britt and Battling Nelson. The Dane has $1500 on deposit to bind the match, while Britt says that Harry Corbett has $1000 waiting to be covered by Nelson.

A return match between the pair would be a great card. Those who saw Nelson fight last night realized that he has improved greatly since his last meeting with James Edward, and Jimmy himself says that the Dane will if they meet again, give him a harder battle than before.

Both Britt and Joe Gans were called upon for a speech last night and it was remarked that the colored fighter received the best reception.

BRITT AND GANS.

Said Britt:

"Gentlemen—I am ready to fight anybody in the world at my weight. That's all."

Joe Gans said:

"Gentlemen—I'll lay quiet for a while. I'll just let these other lightweights battle for a while."

Then the crowd sat back and a hush came over the house as the men withdrew to their corners.

RALSTON'S BILL IS DEFEATED IN SENATE

The anti-prize fight bill introduced at Sacramento by Senator Ralston was defeated in the Senate last evening after it had been vigorously and eloquently debated by friends and opponents of the measure. Shortridge made an earnest talk in behalf of the manly art of the prize ring, and Nelson thought San Francisco and Los Angeles, the only cities in which prize-fights are conducted, should be allowed to regulate such contests as they do at present. Ralston spoke at length in favor of the bill, but failed to get sufficient votes to accomplish its passage. The bill was defeated by a vote of 18 to 10, Ralston giving notice of reconsideration.

HAIR-RAISING TALE ABOUT FITZ.

Vanity among pugilists is a common trait, and most of them hate to get punched in the ring for fear that their beauty may suffer. The worst affliction a scrapper can suffer is a deformed or "cauliflower ear." The member becomes mutilated after a long campaign in the ring, and unless good care is taken the malformation becomes permanent. Tom Sharkey, one of the fighters who carries a "cauliflower ear," and it is said that he would give a year's receipts of his saloon to have his ear back in the form it was when he was born. Other bruisers have scars as telltale evidence of some of the hard battles they were in, while others have other marks on their visage that in no way enhance their looks, such as broken noses, puffed up lips, etc. Many fighters are vain about their dress and wear flashy jewelry and pad their shoulders. Some have the cologne habit, some have a penchant for patent leather shoes, turned up trousers and so on, but few thus far have displayed any weakness toward their hair.

Their hirsute adornment is the last thing they worry about, but there is an exception in the case of Bob Fitzsimmons. The Cornishman, as many ring followers are aware, is partly bald. His auburn locks, which have been immortalized in yellow, blue and other tints by the genius of the caricaturist, retired many years ago. In fact, it is said that they disappeared when Fitz was just turning 25 years old. Fitz has a youthful countenance, and when he has his head covered he can pass for a man of 30, and Bob confesses to being 42 years old.

SPOT CONCEALED.

When the ex-champion started out this season on the road with a theatrical company to strive for new histronic honors he concluded that something must be done to take the place of his departed locks. So he bought a toupee. This was last August, and he has been wearing it ever since. Probably the fact would have remained undiscovered until this day had not something happened to the thing. Fitz's vanity is the cause, and thereby hangs a story.

Fitz thought that he would make the toupee a permanent part of his head by making it stick closer by other means than mere paste. So he bought a porous plaster, cut it the size of the toupee, glued them together, and then stuck the sticky side of the plaster on his head. The scheme worked very well until the plaster began to draw. Joe Edmonston, Fitz's former manager, who tells the story, says that the plaster might have attracted Fitz's brains to the surface had he not warned the Cornishman in time. Edmonston found out what Fitz had done only after the plaster had been on two days. He grabbed the toupee and the plaster and pulled it from the fighter's head. The toupee and plaster were by this time on familiar terms with Fitz's bald pate, and it was not gentle job. Bob writhed in pain, but after much exertion the toupee came off, and with it some of the few remaining hairs which grew in that locality.

For one whole week Fitz suffered intensely, and it required all his fortitude to wear the toupee on the stage. Fitz still sports his toupee on the stage he wishes to conceal, but he has since retrained from bringing into requisition anything that is extra adhesive.

ANLOFF WINS WRESTLING MATCH.

BERKELEY, March 1.—The wrestling matches won the most applause in the opening performance of the indoor athletic championship meet at the San Francisco Y. M. C. A. Monday night. There were two bouts, one of which G. J. Anloff, '06, representing the Reliance Athletic club, won, by decision from W. R. McCollugh, Y. M. C. A., in twenty minutes. Anloff has participated in many wrestling matches about the bay. He is also interested in boating, being on last year's Varsity crew.

SEMI-FINALS OF TENNIS TOURNEY.

BERKELEY, March 1.—In the semi-finals of the Sophomore tennis tournament played yesterday afternoon, C. A. Wayne and H. L. Lane defeated O. J. Lowell aand J. B. Francis, 6-0 and 7-5. The second set was very hotly contested, and Lowell and Francis came near victory several times during the play.

Yesterday's result puts Wayne and Lane in the finals, where they will play R. C. Gorrill and R. E. Whitaker for the 1907 championship.

HOW THEY RAN.

First race, six furlongs—The Volt, 6 to 5, won; Sterling Towers, 8, second; Yellowstone, 30, third. The other starters were Marello, Bab, Dr. Sherman, Serenity, Madder, Lady Kent, Bath Beach, Joe Gall; scratched, Edinborough, Vaughan, Mocorito, Toupee; time, 1:14.

Second race, one mile and a sixteenth—Hugh McGowan, 3 to 2, won; Maketta, 50, second; Flaunt, 7 to 5, third. The other starters were Hellas, Rasp, Cinnabar, Chablis, Theodore L., Homage, L. O. U., Petrolia; scratched, Dandie Belle; time, 1:47 1-2.

Third race, five and a half furlongs—Pickaway, 10, won; Fort Wayne, 3, second; Silent Water, 16 to 5, third. The other starters were Recipe, Miss Richelieu, Batidor, Sir Preston, Artillery Star, Lady Bimbo, Albemarle, Mogregor; scratched, Light of Day; time, 1:07 1-2.

Fourth race, one mile and a quarter—Schoolmate, 7 to 5, won; San Nicholas, 6 to 5, second; Stillcho, 18 to 5, third. The other starter was Col. Anderson; scratched, Major Mansir; time, 2:06 1-4.

Fifth race, six and a half furlongs—Arabo, 18 to 5, won; Letola, 7 to 5, second; Toledo, 23 to 5, third. The other starters were Venator, Andrew B. Cook; time, 1:19 3-4.

Sixth race, seven furlongs—Salable, 18 to 5, won; True Wing, 9 to 2, second; A. Muskoday, 15 to 2, third. The other starters were Indicate, The Mist, Andvari, Fisher Boy, Lady Goodrich, Duplex; scratched, Big Beach; time, 1:27 1-4.

JEFF CAUSES CORBETT TO TALK.

Jack Munroe's turndown of the offer from Jeffries to act as his punching bag for a nightly walloping at $50 per week has brought forth the following comment and historic rhetoric from James J. Corbett:

"The refusal of Jack Munroe to act as Jeffries' sparring partner is not, as one might imagine at first thought, entirely foolish. When he miner refused the $50-a-week job, you can wager that deep down in his heart there was fear of a repetition of the beating he received at San Francisco.

"The refusal of the miner to become a punching bag for the champion reminds me of two little set-tos I had with sparring partners while on the road that were not planned in advance.

"Steve O'Donnell, the man I afterward had fight Peter Maher for the championship (note the extreme, retiring modesty), was at one time my sparring partner. He had a nasty habit of sticking out his elbows and parrying my blows when giving exhibitions with me, resulting in sore hands for yours truly, and I warned him to cease the practice.

"One night while I was playing in the 'Naval Cadet,' Steve was feeling unusually spry and went after me with a great deal of energy. I sidestepped and ducked time and again and kept fiddling away, but he kept coming after me as hard as ever.

"During one of the exchanges I started a swing for Steve, which he ducked and gave me the laugh. This was too much, and I went after him as hard as ever I did after any pug, and soon had him chasing around the ring.

SHOULD HAVE BEEN ARRESTED.

"The audience, about half 'wise,' cheered wildly. The first round was good, but the second was better. Finally I began to feel the effect of the hard work and caught Steve one on the point of the jaw.

"Billy Delaney, my trainer, rang down the curtain at once, realizing the seriousness of the situation.

"It was well that he did, for we had to carry O'Donnell to the dressing room and apply restoratives. (Mercy, how hard Corbett used to hit!)

"Another night, in New Orleans, Con McVey was sparring with me. Con was full of fight, and as the curtain went up on the ring scene, started for me with a rush and carried me to the ropes and sent a ripple of laughter over the house.

"I had been in a grouch all day and had acted mean toward McVey and he had waited for the sparring scene to get even. I lost my temper at once when I realized what was on.

"There was a lot of fight fans present and to this day they will tell you that on that night they witnessed one of the fastest three-round bouts ever seen in this country.

"The majority thought they were seeing a part of the regular program. But it was the real thing. I was trying to put the big fellow away and he had a like desire concealed in his mind.

"After three rounds of the hardest fighting I have ever done, I copped Con on the jaw, and the curtain saved him from getting the laugh and at the same time kept the audience from getting 'wise' to what really happened.

"Think of Jeffries forgetting about the match being for fun, or losing his temper, as I did!

"Why, Munroe would earn a whole year's salary in one night."

TODAY'S SUBURBAN NEWS

FRUIT BLIGHTS

Government Expert Visits University and Consults Authorities.

BERKELEY, March 1.—M. B. Waite, pathologist in charge of the diseases of orchard trees of the United States Department of Agriculture at Washington, visited the Agricultural Department of the University yesterday for further consultation concerning the pear and walnut blights with the staff of the California experiment station. Mr. Waite is accompanied by Professor R. E. Smith of the University in his examination of California orchards and both are now on their way to the Paso Robles region where the pear blight has wrought much havoc.

GEODETIC WORK ON THE COAST

BERKELEY, March 1.—The next meeting of the Civil Engineering Association will be addressed by Professor George Davidson on the subject, "The Methods and Work of the United States Coast and Geodetic Survey." Professor Davidson has for years been actively employed in geodetic work on this coast and his thorough knowledge of the subject assures an interesting meeting. The lecture will be given Monday, March 6, at 4 p. m., in room 18, Civil Engineering building.

"MOTHER GOOSE" MARKET

CHILDREN OF ST. MARK'S SUNDAY SCHOOL TO GIVE ENTERTAINMENT.

BERKELEY, March 1.—The children of St. Mark's Sunday School will hold a Mother Goose Market in the parish house on Bancroft way next Saturday afternoon and evening from 4 to 8. The classes have each been assigned some character, which they will present in costume. One class, for instance, will have its boys dressed as little Jack Horners, another as little Bo-Peeps, and so on. Each class will have some booth to look after and will sell a few fancy articles and look after fish-ponds and grab-bags, and sell things to eat so that the visitors need not go home for supper. The King in his counting-house has consented to act as cashier for the market, and will collect all the money that comes. An admission fee of five cents for children in costume, and ten cents for children not in costume, and twenty-five cents for grown-ups will be charged.

HEADQUARTERS FOR SENIORS

BERKELEY, March 1.—Consent of President Wheeler has been obtained for the building of a room for senior headquarters in the basement at North hall. The east end of the locker room in the basement will be partitioned off and a door cut in through the space now occupied by one of the windows.

A committee consisting of A. A. Thompson, Miss Florence Ansley and Miss Jeanette Green, has been appointed for the fitting up of the senior headquarters.

MOVEMENTS OF BERKELEY FOLK

BERKELEY, March 1.—W. J. Hanna is now pursuing graduate study at Cornell University.

Mr. and Mrs. W. Ruble of San Jose are visiting their daughter, Mrs. Earl Rhodes of 1916 Haste street.

W. Clyde Smith has just been appointed a member of the business committee of the State organization of the Y. M. C. A.

Dr. Gilbert Shepard and family have returned from a six-weeks' visit in Eastern States and will reside at 2509 Parker street.

NEGRO CHURCHES.

NEW YORK, March 1.—By a vote of 31 to 19, the Brooklyn Presbytery has gone on record in favor of allowing the organization of the separate Presbyteries for negroes within the bounds of Presbyteries established for white persons.

Rev. W. A. Alexander, pastor of the only negro church in the Presbytery, opposed the plan vigorously, declaring it was unscriptural, un-American, contrary to the spirit of the Declaration of Independence and averse to the progressive sentiment of other denominations.

DO YOU SUFFER

From Bloating, Heartburn, Nausea, Belching or Cramps? If so we want you to try Hostetter's Stomach Bitters at once. A dose before meals will tone up and strengthen the digestive organs and cause the bowels to relax. Then these ailments will quickly disappear. MILITARY DANCE

Preparations Complete for Notable Social Event at University.

BERKELEY, March 1.—General arrangements have been completed for the annual military ball at the University of California which will take place on March 24. The committees have met and the course of procedure has been decided upon.

All commissioned officers are expected to appear in full uniform. Privates and non-commissioned officers will wear their military coats and white duck trousers. Seniors not drilling and outsiders will wear evening dress.

The ball will be held in Hearst hall. Yanke's orchestra will furnish the music. James A. Force will act as floor manager.

The invitations will be placed on sale at the Co-op. on Monday, March 13. The price of double tickets will be $1.50. No single tickets will be sold.

Numerous suggestions have been received in regard to the program and it is assured that this will be one of the features of the evening. The decorations will be a novelty in every detail.

The general chairman is Captain J. M. Wolfsohn. The arrangement committee consists of Captain J. M. Nightingale, Captain B. B. Jaggard, Captain D. P. Boothe, Lieutenant W. L. Potts, and Lieutenant G. E. Dickie. On the decoration committee are Captain A. S. Weister, chairman; Captain W. E. Hawley, Captain H. H. Miller, Captain F. P. Vickery, Lieutenant Max Underlein, Lieutenant C. H. Cheney, Lieutenant C. E. Stuart. The reception committee consists of Captain L. E. Bulkeley, chairman; Captain R. Tuttle, Captain R. O. Hoedel, Captain S. S. Hawley, Captain D. M. Evans, Captain E. V. Dodge, Lieutenant A. R. Heise, Lieutenant B. S. Norton, Lieutenant S. Bullard.

CHARTER DAY TO BE OBSERVED

UNDER GRADUATES PLANNING TO USE UNIQUE IDEA IN CELEBRATION.

BERKELEY, March 1.—Committees from the sophomore and freshman classes of the University of California met in 26 East hall at 10 o'clock this morning to discuss plans for the proper observance of Charter day by underclassmen.

Besides the committees, there were present at the meeting W. H. Dehm, president of the Associated Students, Lloyd Bryan, president of the sophomore class and J. M. Burke, president of the freshman class.

Special efforts will be made to get up some unique plan for the celebration. The two committees are: 1907, H. H. Kelley, John Fletcher and Ralph Button; 1908, C. H. Ramsden, M. E. Harrison and G. Meckfessel.

BOOKS COME FROM LONDON

BERKELEY, March 1.—A box of books from London has just been received at the library. The consignment embraces a set of works ordered by Professor Morse Stephens known as Somer's Tracts.

The books have a literary as well as historical value. Under Professor Hatfield's order is an encyclopedia of accounting which is a valuable addition to the library of the economic department. Besides books on Latin and Greek and history there are some excellent volumes on economics.

PROBATE CONTEST

The hearing of the contest between Mary Agnes Breen and James F. O'Hanlon, her uncle, as to whom she administer upon the estate of the late Elizabeth O'Hanlon was before Judge Ogden yesterday afternoon. James O'Hanlon says that he is the deceased's brother and rightfully entitled to administer upon the estate. His niece says that she is an heir and that her uncle, for want of integrity and the fact that he claims the entire estate, amounting to some $12,000, is not the proper person for the position.

In her petition Miss Breen says that her uncle claims the property by reason of certain deeds which, however, she asserts were never really given to him and which he only came into possession of after his sister's death. The property consists of $1100 in cash, three flats in San Francisco valued at $7,000 and a piece of property in Berkeley valued at $3,000. In behalf of O'Hanlon it is stated that he is an old-time merchant of San Francisco and that it is only animus that is at the bottom of the suit and that his niece now has a suit against him by which she is trying to get $3,000 worth of property from him.

IMMIGRATION.

NEW YORK, March 1.—Immigration statistics show more than 130 per cent increase of newcomers during the month of February over the corresponding period of last year.

The arrivals of the month were 53,469, as against 23,410 in February, 1904.

PARIS STRIKE.

NEW YORK, March 1.—The strike of the coach builders employes is, according to a Herald dispatch from Paris, assuming serious proportions. An increase in salary is demanded by the men, about 25,000 of whom are now out. Automobile makers are particularly affected.

EXPERT TO TALK

Late Discoveries in Greece Subject of Lecture Series.

BERKELEY, March 1.—Late discoveries in Greece will be described in a series of lectures by the well-known archaeologist, Professor Rufus B. Richardson at the University on March 6th, 7th and 8th.

For ten years Professor Richardson has been director of the America School of Classical Studies in Athens, Greece. He has had personal charge of the excavations at Corinth which have done so much to throw light upon the conditions of life in this buried city, once the seat of a highly developed civilization. Professor Richardson's first lecture will be devoted to an account of his own excavations at Corinth, and the two following lectures to an account of two similar excavations at Athens and in Sicily.

Professor Richardson was born in Massachusetts in 1845, was graduated from Yale University in 1869, and in 1878 took the degree of Ph. D. He then studied in Berlin for several years, in 1880 became professor of Greek in the University of Indiana, and in 1882 he was called to Dartmouth College, where he remained as professor of Greek. Since 1893 he has been in Athens as the head of the American School of Classical Studies. He is a member of many learned societies, including the American Geographical Society, the American Academy of Sciences, the British Society for the Promotion of Hellenic Studies, the German Archaeological Society, the Austrian Archaeological Institute, the Greek Archaeological Society. He has written copiously for various publications and scientific journals on archaeological themes and particularly concerning the excavations of late years in progress at Athens in Eretria, and in Corinth. His most recent work is "Vacation Studies in Greece," a volume of sketches of travel which has been read with much delight by those interested in Greek tradition.

These lectures on Greek art and Greek life will be open to the public without charge. They will be richly illustrated with stereopticon slides. The place will be the Students' Observatory and the hour 8 p. m. on the evenings of Monday, March 6th; Tuesday, March 7th and Wednesday, March 8th.

SPANISH WAR VETERANS MEET

OFFICERS ELECTED BY CAMP RECENTLY FORMED AT BERKELEY.

BERKELEY, March 1.—The camp of the United Spanish War Veterans, which was recently formed in Berkeley, met Saturday night at Odd Fellows' Hall, a large number of members being present.

Several matters of importance were brought up and discussed, including the election of officers, the following being elected: Commander, B. P. Baker; senior vice-commander, A. N. Webster; junior vice-commander, P. Roth; adjutant, R. B. Pierce; officer of the day, E. F. Bradley; officer of the guards, M. M. Carruthers.

In the near future a ladies' auxiliary will be formed in connection with the Berkeley camp.

The next meeting of the camp will be held Friday evening, March 3, at 8 p. m. All ex-soldiers who served during the Spanish war or the subsequent insurrection are cordially invited.

'TIS SAID THAT ABSENCE CONQUERS LOVE.

'Tis said that absence conquers love!
But oh! believe it not;
I've tried, alas! its power to prove,
But thou art not forgot.
Lady, though fate has bid us part,
Yet still thou art as dear
As fixed in this devoted heart,
As when I clasped thee here.

I plunge into the busy crowd,
And smile to hear thy name;
And yet, as if I thought aloud,
They know me still the same;
And when the wine-cup passes round,
I toast some other fair—
But when I ask my heart the sound,
Thy name is echoed there.

And when some other name I learn,
And try to whisper love,
Still will my heart to thee return
Like the returning dove.
In vain! I never can forget,
And would not be forgot;
For I must bear the same regret,
Whate'er may be my lot.

E'en as the wounded bird will seek
Its favorite bower to die,
So, lady! I would hear thee speak,
And yield my parting sigh.
'Tis said that absence conquers love
But, oh! believe it not;
I've tried, alas! its power to prove,
But thou art not forgot.

—Frederick William Thomas.

WILL WED IN WEEK

Berkeley Maiden to Become Bride of Railroad Official.

BERKELEY, March 1.—The announcement of the engagement of Miss Marietta Parramore to Harry Vester Johnston was made yesterday. It comes with no little surprise to most Berkeleyans, although the match has been known among the immediate friends for some time.

The bride is the daughter of Mrs. Parramore and the late Dr. E. R. Parramore, formerly one of the most prominent physicians of California. Miss Parramore spent her younger days in Woodland and has been a resident of Berkeley for the past nine years, where she has always been most popular.

The groom is the son of J. J. Johnston of Denver, Colorado, and is a member of the class of '02 of the University of California. He is at present civil engineer for the Western Pacific railroad.

The date of the wedding has been set for Tuesday, March 7, the Rev. E. L. Parsons of St. Mark's Episcopal Church officiating. The wedding will be a quiet home affair owing to the illness of the bride's mother, the immediate friends only being present. After the wedding a short tour of Southern California will be made, and Mr. Johnston will take his bride to Plumas county, where he will resume active duties. Their permanent home will be in Berkeley, where they have a host of friends.

PUPILS RESORT TO DRAMA

DELIGHTFUL ENTERTAINMENT PLANNED FOR THURSDAY AFTERNOON.

BERKELEY, March 1.—In order to take advantage of a very generous offer made by Miss Kate Newhall, the well known marine artist, the low eighth grade at McKinley school has perfected a class organization, and arranged for a series of entertainments to be given during this last year of their connection with their school.

The first of these affairs will take place on Thursday afternoon next, in the McKinley assembly hall at 3:30 when a delightful program will be rendered by Mrs. Carrie Fross Snyder, a dramatic reader, who has more than once given great pleasure to large audiences.

Mrs. Snyder's program has been arranged to meet the demand of children and at the same time be thoroughly enjoyable to adults. Two of the readings have musical accompaniments, and in these Mrs. Snyder will be assisted by Mrs. Sweesy at the piano, and by Miss Hibberd with the violin.

Miss Grace Winter, whose beautiful contralto voice is a favorite in Berkeley, has graciously consented to help the young people in their efforts. The program is as follows:

The Fairies of Pesth..Eugene Field
The Limitations of Youth.....
..... Eugene Field
Nurse Nora's Version of the Sleeping Beauty .....Elliott Hower
A Darktown Lullaby .....
The Beduoin's Love Song.....Pinsutti
Miss Grace Winter
The Swan Song..Katherine R. Brooks
A Thurru Rest.....Edmund V. Cooke
The Moo-Cow-Moo.Edmund V. Cooke
The Day of Judgment .....
.....Elizabeth Stuart Phelps
Accompaniments by Mrs. Swees, and Miss Hibberd.

The officers of the class are: Oscar Clayton, president; Esmond Wiley and Mabel Mattern, vice-presidents; William Goebel, secretary; Jack Morse, treasurer.

RESIGNS JUDGESHIPS

MONTGOMERY, Ala., March 1.—Judge Osceola Kyle, announces that he has resigned his position as Judge of the Panama zone, to be effective at the expiration of his present term of leave of absence.

Drunkards Cured Secretly

ANY LADY CAN DO IT AT HOME—COSTS NOTHING TO TRY.

A Family Restored to Happiness by the Great Haines Cure for the Liquor Habit.

A new tasteless discovery which can be given in tea, coffee or food. Heartily endorsed by W. C. T. U. and all temperance workers. It does its work so silently and surely that while the devoted wife, sister or daughter looks on, the drunkard is reclaimed even against his will and without his knowledge. Send your name and address to Dr. J. W. Haines, 1247 Glenn Bldg., Cincinnati, O., and he will mail a trial package of Golden Specific free, to show how easily it is to cure drunkards with this remedy.

TRUSTEES TO MEET

Special Session to Fix Haywards Water Rates.

HAYWARDS, March 1.—There will be held tonight a special meeting of the Town Trustees, when the water rates will be fixed for the following year.

The rate is now about $1.25 monthly for the average family and $3.75 for each fire plug. An average pressure of seventy pounds to the square inch is maintained, so that the town is at no expense for fire engines.

Last year the company was obliged to pay a rebate of $165 to the town to prevent a further decrease in the rates as well as a license fee of $60. Because of all these things the plant pays only about four per cent interest on the value, which profit the directors consider entirely too small.

WILL ENTERTAIN.

Hayward Lodge, Order of Pendo, will entertain its friends next Tuesday evening at Luce Hall with a lecture and stereoptican display. A. P. Tugwell, supreme councilor, and Dr. G. A. Horner, supreme lecturer, will each give a lengthy address. State Organizer Jordan of San Francisco also will be present and speak.

There will be a series of stereoptican views and illustrated pictures. Arrangements are being made by the following committee: C. Fish, Fred Sims and S. Beaumont.

ELECT MEMBERS.

At the meeting of the Laurel Club at Native Sons' Hall Monday evening four members were elected as follows: Frank Zambresky, Edmund De Camp, Frank Oliver, and Joe Peters.

The other business transacted was unimportant.

The directors of the club also held a meeting and attended to the routine matters.

ITEMS OF INTEREST.

The Ladies' Aid Society of the Presbyterian Church will give a "hard times" socal at the building on Friday, March 10. A good attendance is expected and the ladies are working hard on an interesting program. There will be games and refreshments as well.

Mr. and Mrs. Gils Summers and Mrs. Knickerbocker of Oakland were the guests of Mr. and Mrs. W. E. Pimentel Sunday.

PERSONALS FROM ELMHURST

COMPANIONS OF THE FOREST PAY VISIT TO ALAMEDA LODGE.

ELMHURST, March 1.—A visit to Hamlet Lodge of Alameda was made last night by the Companions of the Forest Circle, No. 460. They were entertained royally with a dance and supper. A large number of the grand officers made their official visit at the same time.

Several speeches and toasts were made at the conclusion of the supper, after which the guests recommenced dancing. The visitors from Elmhurst left just in time to catch the last car for home.

ATTEND FUNERAL.

Constable Harry Cramer went to San Francisco this afternoon to attend the funeral of his brother, Frank Cramer, who died suddenly last Saturday. Many friends of the family from Elmhurst and Fitchburg were also present at the ceremony.

ELMHURST NOTES.

A visit to the Oakland lodge of the Druids will be made tonight by the newly organized circle, No. 38, of Elmhurst and Fruitvale.

Mrs. Du Pratt, a former resident of Elmhurst, is spending a few days with her daughter, Mrs. George Dugan on Mountain View avenue.

Charles Hardwick of Fitchburg, who has been seriously ill with pneumonia is now much better.

IMPORTANT WORK TO BE DONE

PROFESSOR FORTIER TO EXAMINE PROPOSED IRRIGATION DISTRICT.

BERKELEY, March 1.—Arrangements have been completed to have Professor S. Fortier make an examination of the Sierra Valley and the sources of water supply with a view of formation of an irrigation district under the Wright law, to furnish water to about 50,000 acres of land.

The opening of this territory will mean much to the State, as all crops of the north temperate zone can be grown there. The elevation varies from 4000 to 5000 feet. The value of the land is sufficient to warrant the expenditure of $15 per acre for irrigation purposes.

BATTLE OF FLOWERS.

NEW YORK, March 1.—At Vilefranche the annual battle of flowers has just taken place, cables the Nice correspondent of the Herald. Enormous crowds from Monte Carlo and Nice witnessed the beautiful spectacle on the bay, which commenced at 2 o'clock and continued until 5 o'clock with great animation.

QUIET PRIMARY HELD IN ALAMEDA.

Only 246 Ballots Cast Out of Registration of 3500—Notes and Personals.

ALAMEDA, March 1.—The municipal primary yesterday was one of the quietest ever held in this city. There were no contests, and the vote polled was accordingly light, there being but 246 ballots cast out of the fifteen precincts, although the total registration here foots up in the neighborhood of thirty-five hundred. The Socialist party had a place on the ticket, and succeeded in registering 39 votes. The object was simply to preserve the right to representation at any future election by participating in yesterday's primary.

The Alameda City Republican Club, representing the Republican party of this city, elected its forty-five delegates, who will hold a caucus tomorrow night, going over all the names of citizens so far suggested for the offices of City Trustees, and School Directors, there being three vacancies in each board to be filled at the city election in April. No decision as to nominations will be arrived at, however, before the convention, to be held on March 7th.

The Republican delegates chosen are L. H. Brink, N. Madeson, L. J. Cordes, Col. George Babcock, E. D. Ellis, B. G. Elliott, George F. Weeks, George W. Renner, E. J. Blanding, George Morris, Frank Hally, Charles Powell, B. L. Fisher, J. D. Jamison, John W. Heidt, Capt. H. A. Thompson, Alex. Mackie, C. L. Robinson, A. P. Smiley, F. N. Delanoy, Wm. Frier, Frank Otis, Frank Browning, T. W. Eisfeldt, Leo S. Robinson, Col. E. B. Bullock, W. E. Schwerin, C. E. Naylor, Dr. E. M. Keyes, C. L. Langley, G. A. Nissen, J. L. Crawford, B. C. Brown, Al Kihn, F. W. Voogt, George Fulton, J. Magnin, George Wulzen, V. A. Dodd, C. R. Smith, F. J. Croll, E. J. Probst, John Seebeck, L. L. Schuler, F. I. Macauley.

The eleven delegates elected on the Socialists ticket are as follows: Wm. Harter, H. Jentzen, R. M. Hart, R. A. Dague, C. D. Crombly, J. W. Powell, C. L. Thomas, F. G. Welp, D. M. Henderson, J. D. Rogers, G. W. Townsend.

BUGGY DEMOLISHED.

ALAMEDA, March 1.—A horse and buggy which had been driven by a solicitor for H. Helbush, a tea and coffee merchant of San Francisco, came into collision yesterday morning with a local train on Railroad avenue. The buggy was badly demolished and the horse slightly injured. The animal had been left standing by the driver and being frightened it ran on the track near Paru street, when the vehicle was struck by the locomotive, scattering tea in every direction.

GOT SOME ADVICE.

ALAMEDA, March 1.—Fred Behrens expected leniency from City Justice Robert Bell Tappan yesterday when he was brought before his tribunal for violating the ordinance prohibiting intoxication, but instead of having his sentence suspended the Judge relieved his suspense by pending him to the City prison to remain in solitary confinement from 9 a. m until noon.

"You will have a chance to think it over, Mr. Behrens," said his honor. "Look not upon the wine when it is red; for the next day you are sure to have a large sized head. That is a line from Confucius, and it will do you a world of good, my friend, to ponder it over."

REVIVAL MEETINGS.

ALAMEDA, March 1.—Dr. Ostrom, the revivalist, is still pacing the First Presbyterian church nightly with earnest listeners. Last night he said, in part: "Evil is always baited. No boy ever starts out to become a drunkard or a rake. The first drink is taken to be courteous or social. The victim is made to feel he is cold or ungenerous if he does not consent. The first steps in deceit are often in behalf of what seems good, and there always seems some plausible excuse for the falsehood. There is always subtlety in temptation.

"The devil's temptation to Christ was cunningly devised. The first one was to make bread out of stone to satisfy hunger. The second temptation was veiled under a scriptural quotation. 'Trust God,' the tempter said. And the last one was, 'Be great!' In every temptation there was that which would appeal to instincts which in themselves are most excellent."

WHIST CLUB MEETS.

ALAMEDA, March 1.—The Isle City Whist club met on Monday night at the home of Dr. and Mrs. Louis T. Cranz, when a very enjoyable evening was spent by the members. Mrs. Hamby won the first prize offered the ladies, and George M. Leavitt, who is a candidate for School Director, found a happy augury in carrying off the gentlemen's trophy. The consolation prize went to Theodore W. Leydecker, Alameda's postmaster. The next session of the Isle City Whist Club is to be held at the residence of Mrs. Hamby on Verdi street.

ENGAGEMENT ANNOUNCED.

ALAMEDA, March 1.—The interesting news is made public of the engagement of Miss Ethel Mae Allen and William I. Pixley. The bride-elect is the charming daughter of Mr. and Mrs. Edward Allen of 842 Cedar street, and is a favorite in the younger social set here. Mr. Pixley is a nephew of the late Frank Pixley, editor, lawyer and playwright of San Francisco. The wedding is to be solemnized in spring.

WANT TO GRADE STREET.

ALAMEDA, March 1.—The Board of City Trustees has been petitioned to grade, curb, macadamize and sidewalk Bay street south from San Antonio avenue to the bay. The petition is signed by George E. Plummer, N. C. Randall and Alexander R. Baum.

WHIST PARTY.

ALAMEDA, March 1.—An enjoyable meeting of the Double Ten Whist Club was that held at the home of Miss Olive Dillon on Paru street. Prizes were awarded to Miss Grace Renner and Stephen Otis. The members of the club are Misses Grace Renner, Ethyl Brown, Hope Cortelyou, Josephine Keenan, Maude Fischer, Florence James, Olive Dillon, Mabel McMillan, Mabel Peck, Mabel Smith, and Messrs. Edmund Brush, Leslie Baker, Russell Baker, Stephen Otis, Lewis Durkee, Fred Crawford, Chester Jamison, Dan Wise, Raymond Perry, Frank Rue.

MARRIED AT SAN LEANDRO

WEDDING OF MISS BELLE ROBERTS AND JOSEPH AUGUST.

SAN LEANDRO, March 1.—Joseph August of Sacramento and Miss Belle Roberts of this place were married this afternoon at St. Leander's Catholic Church by Father Alfred Souza, the assistant pastor. There were present at the ceremony only the nearest relatives and friends of the contracting parties, which included Mrs. M. G. Roberts, Mrs. M. S. Pires and Miss Elsie Pires of Centerville; Mrs. L. E. Arnaud and A. Anderson of San Francisco, Mr. and Mrs. M. S. Silva of Oakland, Mr. and Mrs. F. Roberts of San Leandro and Mr. and Mrs. E. E. Roberts of San Francisco.

Miss Alice Roberts acted as bridesmaid and her brother, Andrew, was best man. The bride was dressed in white silk trimmed with orange blossoms, and carried in her hand a magnificent bouquet of Saint Joseph lilies. The bridesmaid wore a costume of lavender silk and carried lilacs.

After the ceremony, which took place at 2:30 o'clock, the guests accompanied the couple to the bride's home, at the corner of Haywards and Knox avenues, where a wedding feast was served. Shortly afterward Mr. and Mrs. August started on their honeymoon trip through Southern California.

They will make their home in Sacramento, where the groom is established in business.

ODD FELLOWS MEET.

Two candidates for membership were initiated last night at the meeting of San Leandro Lodge, No. 221, I. O. O. F. They were R. E. Gray and Harry Eber.

After the degree work the members transacted only the usual business.

NOTED SPEAKER IS TO LECTURE

Mrs. Letitia W. Owen of the Southland, a national platform speaker of over thirty years' standing, will give her celebrated lecture: "On the Rail," this evening at the Golden Gate Baptist church. Rev. Currin, the pastor, a personal friend of Mrs. Owen, has prevailed on the lecturer to confer this favor, not only for the church, but also for the benefit of the "Golden Gate" community.

SOCIAL DANCE IS PLANNED

"JOLLY THREE" WILL ENTERTAIN AT UPPER FRUITVALE.

FRUITVALE, March 1.—Another social dance is to be given by the "Jolly Three" at Upper Fruitvale Hall. It will take place March 11 and promises to be fully as successful as the three previous affairs given by the young men. They will decorate the building with smilax and acacia in blossom, with colored electric lights. Light refreshments will be served.

SICK ONES IMPROVING.

There are a number of convalescents in town who are recovering from illness brought on by the recent wet weather.

Walker Baker of the Old County road, who has been seriously sick with pneumonia, is much better.

T. B. Hollenbech of Peralta avenue has been suffering from grip and has nearly recovered.

Harry Hardwich is convalescent at his home on Basset street, after an attack of pneumonia.

W W Blake, the railway mail clerk, who was injured in the train wreck near Los Angeles last week, is improving rapidly and is able to walk on crutches His left leg below the knee is badly torn and bruised Dr Callen attended him.

William Thornally, deputy constable and sanitary inspector, is down with a severe case of la grippe

A NOTED WOMAN

COUSIN OF LATE U. S. PRESIDENT ZACHARY TAYLOR.

76 Years of Age, Recommends Vinol for Old People,

Mrs. Sarah J. Windrom of 429 W. Erie street, Chicago, a member of one of the most distinguished families in the country, cousin of Zachary Taylor, 12th President of the U. S., and grand niece of Alexander Hamilton, who signed the Declaration of Independence, writes:

"Vinol is a godsend to old people. I am 76 years old, but I feel active and well today, thanks to the vitalizing effects of Vinol.

"My appetite is all that could be desired. I sleep well, and my mind is clear, and I am interested in the affairs of life as I was fifty years ago.

"When I was young cod liver oil was dispensed in a greasy, unpalatable form, and it fairly gagged me to get it down. Vinol is so different, palatable and nourishing to impoverished blood.

"I feel so much stronger, both mentally and physically, since I used Vinol that I feel it my duty, as well as a pleasure, to recommend Vinol as the finest tonic I ever used in my life."

MRS. SARAH J. WINDROM.

Such words of praise from a person of such high standing must be accepted as unquestionable proof of the superiority of Vinol.

Do you wonder that our Vinol has such a strong hold upon the esteem of doctors and patients? We know of nothing else that will accomplish such wonderful results; and, remember, Vinol is not a patent medicine.

There are hundreds of old people in this vicinity who need just such a strength-maker and tissue-builder as Vinol. Their blood is thin and sluggish—Vinol will enrich and quicken the blood and build up the system. It is so much better than whiskey and strong stimulants, which always have a bad after effect and weaken and break down. There is nothing in the world so good for the weak, the aged or the run-down system and to cure a hanging on cold or backing cough as Vinol, and because we know so well what it will do we are always ready to refund every cent paid us for it if it fails to do what we say. Try it on our guarantee. The Owl Drug Co.

BIG BENEFIT FOR STAGE WORKERS

Oakland has been gradually advancing in the theatrical world and has seen nearly everything worth seeing in the various theaters here, but it has never had a big benefit given by the theatrical employes themselves. Sunday night, March 12, at the Macdonough theater, one of the biggest entertainments ever given to the Oakland public will be the benefit to the "Theatrical Mechanics' Association," a body of men gotten together from the ranks of the different theaters in Oakland and having branches in every city where there is more than one theater.

The Oakland organization is less than a year old, but already has a membership equal to the San Francisco organization, which is more than fifteen years old, and has given a benefit every year, in which volunteers from every theater have lent their assistance.

This benefit promises to eclipse anything ever attempted in the amusement line in this city, the committee having already assurance from every having already assurance from every Francisco that they will assist in every way to make this entertainment the best Oakland has ever seen.

The tickets are now on sale by the members for 50 cents and 75 cents, and are exchangeable at the box office without extra charge. The gallery that evening will be the same old 25 cents for the benefit of the small boy friends of the organization.

An orchestra of fifteen pieces will be a big feature that evening. There will also be at least twenty vaudeville numbers, besides numerous sketches by well known members of the profession, and some of Oakland's best amateur talent that has not been seen on the local stage before a paid admission house. Secure your seats from the members.

REPUBLICAN CANDIDATES IN THIRD WARD.

Enthusiastic Rally Held in Aloha Hall on Peralta Street Last Evening.

The Republicans held a big rally at Aloha Hall, West Oakland, last night. The candidates were present and there was much enthusiasm at the meetings.

The meeting was called to order by A. Johnston, who introduced John F. Mullins as chairman of the evening.

Chairman Mullins made a few remarks and introduced Frank K. Mott, who was greeted with a storm of applause.

Mr. Mott delivered his address in an easy conversational manner, dwelling at some length on his boyhood days spent in the neighborhood, he having been a resident of West Oakland thirty-four years. He made some strong arguments in support of the Republican party in local and national government. He touched on many subjects of public interest, among them the city's commerce. He believes that much of the commerce that is now taken care of by San Francisco might just as well be claimed by the water front of Oakland.

One difficulty is that much of the capital of the citizens of Oakland is invested in San Francisco, where it is beyond the reach of the tax roll. The schools, parks and other institutions have to be maintained by a tax levied on property which is in our reach. The Republican party is pledged to as low a tax rate as is consistent with the necessities of good government.

Mr. Mott spoke of his career as councilman of the old First ward and the reclamation of the swamp land between Peralta stret and the railroad, which good work, said Mr. Mott, originated with four or five men in that ward. He spoke of the necessity of steps being taken to reclaim the remaining swamp land.

Frequent applause interrupted the speaker, especially as he spoke of the various candidates on the ticket.

Mott read the water plank in the platform adopted by the Republican city convention declaring for a municipal water plant and announced his adherence to the principles therein laid down.

E. E. Crandall, candidate for Third ward school director, was warmly greeted by the audience, and spoke briefly.

Fred C. Turner was likewise welcomed and made a frank statement of his position as nominee for city engineer.

Candidate for city attorney Abe P. Leach was warmly received by the audience and in his speech he called attention particularly to the growth of Oakland and the necessity for having the neighborhood of Sixteenth street depot developed and made beautiful, that passengers on the incoming trains may get a first view of Oakland which will be pleasing to the eye.

At this point the chairman apologized for the absence of George Fitzgerald, who was detained at some other meeting.

Edward Meese, candidate for councilman at large, made a brief address, speaking to the point and commending the Council in bringing the water question before the people.

Charles Bates, candidate for city treasurer, made a short speech, which was well received.

Eugene Thurston, candidate for councilman at large from the Third ward, spoke briefly.

Arthur Breed, nominee for city auditor, spoke of the duties of his office and its responsibilities.

Candidate for school director at large, Dr. Wood, made a few remarks.

Candidate George Aitken made a request to be returned to the Council. He made a brief plea for the municipal water supply bonds.

Harry T. Burns made a friendly and somewhat humorous speech.

City Committeeman Andrew Johnston was called up and as warmly greeted.

Chairman Mullins expressed regret that Wallace M. Alexander could not be present.

In his closing remarks the chairman stated that the candidates would come to the Third ward again if possible during the campaign.

After the close of the meeting there was a warm handshaking in the hall, the candidates stopping to meet personally the voters of the Third ward.

HAS TONGUE REMOVED BY SURGEON'S KNIFE.

Victim Had Been a Heavy Smoker For a Great Many Years.

NEW YORK, March 1.—B. S. Finch, an official of a Brooklyn coal company, has submitted to an operation for the removal of his tongue. About two-thirds was cut away, yet with the remaining portion of the organ and the muscles of his throat he will be able, after a little practice, to speak intelligibly. The operation is the second of that nature performed here within a few months.

Finch had been a heavy smoker for years and complained six months ago of an irritation near the base of his tongue. A cancerous growth appeared and spread so rapidly that when the operation was found necessary the tongue had become affected from tip to base. The glands of the mouth were also congested and it became necessary to remove them.

The tongue was first pressed to one side in order that the surgeons could get at the lingual arteries, severing and tying them, and thus checking the flow of blood. The loss of blood was about six ounces and the operation lasted fifty-two minutes.

CUT OF RATES CAUSES TROUBLE

NEW YORK, March 1.—Dissatisfied at the action of the lines running into Baltimore and Philadelphia in meeting the cut in import freight rates made by the lines extending to the Gulf, the Delaware, Lackawana and Western, Erie, and Lehigh Valley railroads have, according to the Times, withdrawn from the Trunk Line Import committee.

The result will not be a rate war. On the contrary, import rates will be maintained by the seceders, it is stated, without regard to what the Gulf lines or those to Philadelphia and Baltimore may do. The Trunk Line Import Committee has included in the past all the trunk lines coming to the Atlantic seaboard, and its object has been to maintain uniform rates on imports. These have been somewhat under the rates on domestic freight, and they were further reduced in the case of the Baltimore and Philadelphi lines when the roads running to the Gulf ports began to meet competition by reductions.

HIS MODEST CLAIM.

"Can you keep the wolf from the door?" asked the fond parent.

"I can keep the welsh rabbit away," replied the square-jawed young man.

Wiping away a furtive tear, the fond father gave his blessing.

NEWSBOYS TO CRITICIZE PLAY

At the Macdonough theater tonight every newsboy in this city will attend the performance of "Nettie, the Newsgirl," as the guest of Manager Guy C. Smith of the theater. It is one of the most successful comedy-dramas that has been seen on the coast this season, and tells of the trials of a little newsgirl in the heart of the City of New York.

All of her companions and fellow workers in this city will be most interested in her, and the criticisms which they have been asked to write, and which will be published in their respective papers tomorrow evening, and for which there will be three prizes awarded for the best written, should prove most interesting reading and a splendid guide for the playgoers of this city. For there are no more just and at times severe critics than these same newsboys who form a large percentage of the gallery gods so much feared by barnstorming companies.

WILL NOT VACATE HIS SEAT

LORD CECIL, IN BRITISH PARLIAMENT SETS CHAMBERLAIN AT DEFIANCE.

LONDON, March 1.—The political situation is undergoing some rather interesting developments and there are indications of the intention of the Government to sidetrack the fiscal controversy. An attempt was made on the part of the Chamberlain section of the Unionist party to compel Lord Hugh Cecil to resign the Parliamentary seat for Greenwich, but Lord Cecil politely declined to quit and in that determination received unexpectedly strong support from Sir Alexander Acland Hood, chief government whip, who in a public letter on the subject declined to "act unfairly toward a man who has rendered most valuable assistance to the party of which he is a brilliant member, simply because he does not support the government on the fiscal question."

This letter which virtually accords to all Conservative candidates complete freedom of action in fiscal affairs, is keenly resented by the Chamberlain group, whose irritation is increased by a letter from Premier Balfour to the Conservative candidate in Butteshire, in which, with reference to the change in the fiscal policy, the Premier says:

"Important as are the issues thus raised, we must not let them obscure the fundamental principle of the Unionist party. If I rightly read the signs of the times, the policy of home rule only awaits the advent of the Radical party to power to become active, militant and perilous."

This letter is interpreted as showing Mr. Balfour's resolve to thrust fiscal reform into the background as an election cry, and keen curiosity is excited as to how the move will be met by Mr. Chamberlain.

Much bitterness continues to prevail over the MacDonnell affair. Timothy Healy and three Nationalists who sympathize with the Wyndham-MacDonnell policy having declined to vote against the Government on Irish questions and the Ulster Unionists, decided upon a countermove and prevailed upon four English Unionists to vote against the Government in similar divisions and so neutralize what they regard as an intrigue on Mr. Wyndham's part.

AT THE MACDONOUGH

"Nettie, the Newsgirl," one of the best comedy-dramas seen here for a long time, is drawing large audiences to the Macdonough this week. It is a splendid play and is not only well written, but excellently played and mounted. Tonight is newsboys night, and the theater will probably be taxed to its utmost. On Saturday afternoon there will be a bargain matinee to which any child will be admitted to the best reserved seats in the theater for ten cents, and a ticket which is to be distributed among the various schools this week. Sunday afternoon there will be the usual bargain matinee, and on Sunday evening the final performance will be given.

LAWRENCE D'ORSAY.

The rehearsals of "The Earl of Pawtucket" before its original production in New York, were held in the Waldorf-Astoria, where the scenes of the play are laid. Manager Kirke La Shelle held the rehearsals there so that the actors could study the types they were to impersonate and absorb as much as possible of the atmosphere and local color of the big hotel. "The Earl" will be seen at the Macdonough as the attraction for next Monday and Tuesday evenings, with Lawrence D'Orsay and his famous company. Theater-goers should not fail to note that this is the original New York company, which held the attention of New York audiences for more than a year on Broadway. The fact that the piece has, perhaps, succeeded in prosperity the career of any comedy ever offered in America, with the possible exception of "Charley's Aunt," lends interest to this event. Seats are now selling for both performances.

CHAS. HANFORD.

Mr. Charles B. Hanford, who has always been an enthusiast in the matter of stage properties, has made an especial study of the costuming of "Don Caesar de Bazan" and "Othello," which he will present at the Macdonough theater next Wednesday and Thursday. The little touches of detail have been minutely watched with the keen delight of an enthusiast, and in the presentation of the plays the costuming will reflect the spirit of the times in which the characters are cast as accurately as does the dialogue.

THE KING OF BLOOD PURIFIERS

SSS

In every collection of things there is a superior, one that stands above all the rest and is known as the best, or king of its class. By its record of forty years of cures S. S. S. has demonstrated its superiority over all other blood purifiers and is known and recognized everywhere as the best—The King of Blood Purifiers. The people everywhere endorse it, and there are few homes where this great remedy is not known and used, and today there are thousands in all parts of the country who have been cured of diseases by its use and who are daily recommending it to those who are in need of a blood purifier. It has held the confidence of the public for this long period of time, and is more in favor now than ever before, because it does all that is claimed for it, and "S. S. S. for the blood" has grown to be a household saying.

One of its greatest claims to the title of "The King of Blood Purifiers" is that it is purely vegetable, being made entirely from roots, herbs and barks of the forests and fields, selected for their purifying and healing action on the blood and their fine tonic properties for building up and strengthening the entire system. Not so with the usual blood medicines, for they contain Potash and other strong mineral ingredients that derange the stomach and digestion and otherwise damage the health.

Bad blood is responsible for most of the ailments of mankind. When from any cause the Liver, Kidneys, Bowels or other organs of bodily waste become torpid, dull or sluggish in their action, and fail to carry out the poisons which are being constantly formed in the system, these poisons are absorbed by the blood. As this vital fluid is the very life of the body, nourishing and supplying strength, through its circulation, to every muscle, nerve, bone and tissue, disease in some form is sure to follow when it becomes contaminated.

Gentlemen:—My opinion of S. S. S. is that every bottle is worth its weight in gold. It has been used extensively in our family, given to both young and old, and always with the best results. It thoroughly cleanses the blood of all impurities, at the same time it builds up the general health, gives appetite, strength and energy. We have given it to our children as intimated, and found it to be non-injurious to the system and always capable of purifying the blood and restoring health. It is superior to everything else as a cure for blood diseases.

Schuylkill Haven, Pa. MRS. CLARA DAUBERT.

Eczema, Tetter, Acne, Pimples, Boils, etc., while they show on the skin have an underlying cause which is far deeper—a poisoned blood supply—and until this is corrected and the blood made pure and strong, the distressing itching and burning as well as the disfiguring, humiliating symptoms will remain to torment the sufferer. No amount of salves, washes, skin foods, rouge, etc., can reach the trouble; a real blood remedy is required. S. S. S. cures these and all other skin diseases, and when it has cleansed the blood of the poisons and impurities the cure is permanent and lasting. Rheumatism, Catarrh, Scrofula, Chronic Sores or Ulcers and Contagious Blood Poison are all deep-seated blood diseases. When the blood becomes contaminated with the poisons producing these diseases, the entire circulation grows polluted and vitiated, and these painful and dangerous diseases will continue to grow worse until this vital fluid is cleansed and made strong and healthy again.

In all these disorders S. S. S. has proved itself a perfect remedy, and has well earned the title of "The King of Blood Purifiers." It goes down into the blood and forces out all poison of every kind, all waste and foreign matter, and makes it pure and health-sustaining as nature intended, curing the disease permanently. Nothing reaches inherited blood taint or old chronic troubles like S. S. S., and being a strictly vegetable remedy it can be taken by old or young without fear of bad after-effects or injury in any way to the system. Not only is S. S. S. a blood purifier and system builder of the highest order, but a tonic and appetizer without an equal, and is unexcelled in cases of general debility, loss of appetite, weakness, that tired, run-down condition, lack of energy and force, and other distressing complaints common to Spring and Summer months.

If you have any blood trouble write us about it, stating the case fully, and our physicians will help you to get rid of it by free medical advice and will send books on the different diseases, which contain valuable information, without charge.

TUNNEL ROAD IN BAD SHAPE

MERCHANTS' EXCHANGE WILL TRY TO HAVE IT IMPROVED.

At the meeting of the directors of the Merchants' Exchange last night the secretary was instructed to communicate with the Supervisors of Contra Costa county on the condition of the tunnel road between this city and Walnut Creek.

Director Sohst reported that the road on the Contra Costa side was in a bad condition from the tunnel to Butler, and that it was a shame to allow the $10,000 expended on the road by the citizens of Oakland to be almost a waste because of the negligence on the part of the sister county.

The City Council came in for a share of criticism for the manner in which the macadamizing and bitumenizing of Telegraph avenue had been carried on.

It was claimed that the street had been paved and bitumenized part by private contract and part by public contract and that a certain contractor had refused to finish the public's part of it because some parts of the street had been finished by private contract after the city had let a contract for its completion.

Director Wixson characterized the action of the City Council as an ignorant blunder and said that because of it the city would be at an additional cost of $1000 before the matter could be straightened out.

After a number of caustic criticisms on the action of the City Council, the matter was referred to the Telegraph Avenue Committee with instructions to locate the blame and report at the next meeting.

The San Francisco Merchants' Association sent a request to the Exchange asking that some action be taken calling attention of the Governor to the anti-trading stamp bill and urging him to sign the bill.

Joseph Martin called up the "water question," and asked that some action be taken letting the people know how the Exchange stood on the momentous question.

President Jonas stated that it was the policy of the Exchange not to go on record on the matter but to personally investigate it and to vote accordingly.

He took the floor and made a speech supporting the anti-trading stamp bill and asked that the members of the Exchange use all their influence in advocating the measures that will benefit the people of Oakland.

Upon the conclusion of his remarks an adjournment was taken.

ATTORNEY'S PISTOL CATCHES ROBBER

CHICAGO, March 1.—Firing through his overcoat pocket at two men who attempted to rob him early today, Assistant County Attorney Louis B. Anderson shot and fatally wounded one of them.

A short time later Frank H. Stamand, a negro, entered a drug store and asked to be given treatment for a wound in his breast. He was taken to a hospital, where Anderson later identified him as one of his assailants. The other escaped.

REGENTS FIGHT AGAINST REIMBURSEMENT.

Report Amended By the Senate But Has Not As Yet Been Accepted By the Upper House.

(Special to THE TRIBUNE.)

SACRAMENTO, March 1.—The anticipated fight in the Senate against the adoption of its report of the Committee which inquired into the financial system of the University of California and reported that the Regents were responsible for the defalcation of McKowen and should reimburse the State for its loss, was as warm as had been foretold in this correspondence.

It resulted in the elimination from the report, after three hours of debate, of "the conclusion that the Regents are under obligation to reimburse the funds to the full extent of the defalcation by McKowen," and the recommendation "that proper proceedings be taken to obtain reimbursement of said losses."

This came up as an amendment offered by Senator Curtin and was adopted by a vote of 27 to 7, but the motion to adopt the report as amended was lost by a vote of 12 to 11.

Senators Leavitt and Mattos were absent when the vote was taken. Senator Simpson of Alameda voted against the amendment and against the adoption of the report as amended.

Senator Lukens voted in favor of adopting the Curtin amendment, but it was for the purpose of reconsideration. He voted against the adoption of the report as amended.

The Senator sought to be excused from voting because he was a member of the committee which had made the report, but Senator Bauer objected and, on vote of the Senate, Senator Lukens was obliged to vote. He gave notice, however, that, at the next time the consideration of bills on revenue and taxation was before the Senate, he would move to reconsider the vote on the adoption of the report.

CARTER OPENS.

In referring to the report and its recommendation, Senator Carter said that no one entertained a higher regard for the Regents of the University than he did himself. There was no intention to put anything into the report which would reflect upon those officials. It could not, however, be denied that the Regents had displayed neglect. The defalcation had taken place by the abstraction of money from the student funds and from the Medical Department. Many of these thefts had been discovered by an examination of the books. The person depended upon to examine the accounts did not do his duty and this fact was not discovered until after the defalcation had been discovered. The Regents had, since, adopted a new system, but it was not a system which provided for receipts and which required the examination of the books of the Treasurer.

SHORTRIDGE'S OPPOSITION.

Senator Shortridge said he would oppose the recommendation that the Regents of the University be compelled to reimburse the institution in which the defalcation had taken place. He thought they should think a little before they voted for the adoption of that recommendation. He was not satisfied with all the things which the Regents did, but this was a case of locking the stable after the horse had been stolen. The report was expecting too much when it said that the Regents should go down in their pockets and pay up $51,000. Before he would do that he would resign from the position of Regent if he were a member of the board. There was no reason that he could see why a Regent should pay that money.

There were about fifteen Regents and that would make them pay about $3,000 apiece. He said.

"This Senate is going too far. It is putting a criticism upon an honorable board, which I will not endorse, because none of us are right more than half the time. I never would have built the fine mansion for the President to live in, as the Regents did at Berkeley, because he can't support it. I shall criticise the University Regents for not completing the building and paying the President a salary which would enable him to live in it."

SENATOR AND REGENT ROWELL.

Senator Rowell, who is a member of the Board of Regents, said there was money coming from many sources and it was impossible for the Regents to keep track of all the funds which went through the Secretary's hands. The defalcation was not the fault of the Regents. He did not want to reflect upon the Auditor of the University, but he was not as circumspect as he ought to have been. The Governor, the Lieutenant-Governor, the Speaker of the Assembly, the Superintendent of Public Instruction and the President of the State Board of Agriculture were all ex-officio Regents, and there would be no justice in holding them responsible for the defalcation of McKowen. He moved to amend by striking out the three recommendations of the committee.

CURTIN AMENDS.

Senator Curtin offered an amendment to strike out of the recommendation of the committee, the sting that the Regents were responsible for the defalcation and that steps should be taken to secure the reimbursement of the University for the loss it had sustained.

The recommendations of the committee, thus far, he said, were proper. As to the reimbursement of the Regents, he opposed that. As to the recommendation that proceedings be instituted for the purpose of securing reimbursement, he didn't oppose that so much because something might be recovered from some surety or other sources. The report showed that the Regents had been lax in the performance of their duty, because it had been demonstrated that the books had not been expected for several years.

SHORTRIDGE OPPOSES.

Senator Shortridge opposed Senator Curtis' amendment. The honeyed words, he said, should be taken out, and section three should remain. He moved to amend Senator Curtin's amendment by striking out several words.

Senator Carter rose to a point of order, requiring Shortridge to put his motion in writing.

Senator Shortridge said Senator Curtin would prepare his amendment for him.

Senator Rowell withdrew his motion to strike out all the recommendations made, and another one to the effect that the second recommendation by rejected.

QUESTION OF RESPONSIBILITY.

Senator Curtain moved to leave in the report the statement that the Regents had assumed a great responsibility—one which, when once undertaken, should be executed with care and diligence.

SENATOR LUKENS.

Senator Lukens spoke as follows:

"I regret very much that there should be a feeling that the time to be expended upon the subject matter of this committee report ought to be restricted. The amplest time that may be taken cannot be disproportionate to the importance of the subject matter. It is evident from what has been said on the subject of this report that there may be many different occasions in this session of the Senate when the heart contends strongly with the intellect, and just which way to turn and to go means a great struggle for each of us.

"I want to say what is a true and well known thing to each of us, perhaps, that the special committee report, after an investigation, would have as many different colors as there might be different men to draw it. This committee report, now before the Senate, is the collective work of the committee you specially appointed after a due deliberation upon and full consideration of the subject matter that they had before them. For my part, I regret that the notes of the stenographer of that committee were not fully transcribed and made a matter of record for the convenience and inspection of every member of this Senate and every person who might find any interest in this subject; but all that is before the Senate is merely a summary of the evidence, upon which the report of your committee rests. I shall hope to vindicate that report and justify a vote rejecting the amendments now proposed and finally the adoption of the report.

THOSE WHO GAVE TESTIMONY.

"If you had the testimony before you it would have appeared from that testimony who were the persons who presented themselves before that committee and gave their testimony. I may not give them in the order in which they appeared before that committee, but I shall give them to you in somewhat the nature of the logical importance of the persons who did appear before that committee.

WHEELER ADMITS RESPONSIBILITY.

"In the first instance President Wheeler of the university was examined by the committee. I well remember the impression created on all of his auditors, shown visibly by their attitude in the committee room, when President Wheeler characteristically spoke out frankly and assumed his full proportion of the responsibility for the misfourtune that had overtaken the university in the management of her funds.

FORSTER AND WORTHLESS SURETY.

"I well remember how Regent Foster when his attention was called to the fact that the surety company which is disputing in the courts in a more or less technical manner its obligation on the bond it wrote as surety for the defaulting secretary, was shown to him to be a surety on the present bond of the treasurer of the university; I well remember how Regent Foster at once said that, for his part, now that it was called to his attention, he was for rejecting that surety and requiring another.

DOHRMANN'S REGRET.

"I remember the statement of Regent Dohrmann to the investigating committee, and I remember the frank way in which he deplored the misadventure that had overtaken the trusteeship of the university funds.

"I don't wish to go into all the details, but I wish to say that if your committee had not made these recommendations they would have directly ignored and gone back on the actual showing there before them. The Regents themselves, many of them, admit and deplore the aspects of inattention shown by the facts.

"It may be that there is no exact legal liability on any member of the Board of Regents or upon that board, collectively, but I am bound to say that, long before this session assembled, and therefore long before this committee was formed, in private conversation with members of the Board of Regents, many of them freely and openly admitted to me that they considered it would be becoming; I don't know of any one who said it would be legally binding upon them or any of them, but they did say it would be becoming if the Board of Regents should restore to their integrity the various funds of the university which had been misappropriated through the wrongful acts of the secretary of the board. You will observe that the committee report does not say that legal proceedings should be taken; and it is the united opinion of the committee that there is a higher sanction than a judgment at law merely, which guides and binds the conduct of men towards each other and towards those things that are intrusted to them in life. Perhaps, at the present time, it is not open to any lawyer even to say upon the basis of any adjudicated case of this State that there is a full and strict legal liability upon any Regent or upon the board collectively, but I wish to close this branch of the subject by saying that your committee could not, without having closed its eyes to those features of the investigation frankly and unhesitatingly disclosed, among others, my Regents themselves, have reported otherwise than it has.

"I want, at the risk of taking some grudged time, to say here in this connection that there is no trust in the State of California short of the supreme trust of the commonwealth itself, that I know of, that is so important, so rich with possibilities of great and good things for the whole people, as the State University. The university has a great and renowned name that makes the State of California honored and respected wherever it is carried; and your committee shrinks from the position of doing an unjust thing affecting that name or that great reputation.

TRUSTEE OF PUBLIC TRUST.

"Further than that, your committee would feel that it had misconducted itself seriously if it should, in its report, say anything that amounts to charging direct willful culpability in this matter of the defalcation upon any one other than the secretary himself, but the question that these circumstances presented to the committee was a question of the nature of the obligation of a trustee of a public trust.

DETECTION OF MALFEASANCE.

"I think the Senator from Fresno (Rowell) will bear me out when I say that the Regents are not State officers, but they are trustees of the university and of all its property, and of all its funds, and when the facts were presented to the committee showing that throughout and extraordinarily long period of time there was no audit of the accounts of the university, that the audits that were had were at irregular intervals, and that they were had only on the occasion of the secretary himself notifying the auditor that he was ready to have his books experted, that this condition obtaining through a long period of time, it amounted, if not to negligence in the conduct of the Regents, at least, to some inattention, some disregard of the duties resting upon those Regents, the performance of which let us hope in the full of their obligation might have earlier detected the malfeasance of the secretary, and saved some of the loss sustained.

REQUEST FOR TESTIMONY.

"Now, I say this, lest any injustice be done to any one, let this matter be continued until the testimony upon which this report is predicated can be transcribed and presented to the Senate.

"The report can be justified by the evidence that was presented before the committee. If I am mistaken in this, the Senator will be able, with the testimony actually taken, to show wherein the findings of the Committe are not justified by the evidence and so, in the only way that can be justified, revise the recommendations of the report before you. I don't wish to rely upon a memory that has been somewhat overtaxed, and I make that as a motion, that the stenographer of the committee make a transcript of the notes of the testimony that was taken and that the testimony be made a part of the record in the Senate and that a further consideration of the report be postponed till then."

The motion was lost.

RALSTON AN DTHE REGENTS.

Senator Ralston said:

"I learned from one of the Regents that the matter had been discussed by them and that he believed that, while the Regents were not legally bound, they were morally bound to reimburse the University and that most of them agreed to that sentiment although one or two objected. I believe as Senator Lukens does that when gentlemen accept such responsibility as goes with the Regents of the University, the obligations imposed should be conscientiously discharged. When men assumed such an office, without having time to attend to the duties of the office because of too much private business which was the case with many of the Regents, those men should resign. Dr. Rowell said that very few defalcations had taken place in the University. That is true. We can recall when the University of California was short of funds and it was necessary then to take care of the money, but the moment the University became flush, then they became careless in its management. I understand it was customary for the Regents to deputize some one to do the work in the various departments for them and that they afterwards endorsed what that man did but in this case that was not done. I believe the Regents of the University should be made responsible to the people of California for the trust committed to their care."

SELVAGE AND WHEELER.

"President Wheeler is a brilliant man," said Senator Selvage. "He is a man of big moral character. He ranks high in the possession of attainments as men of his character should possess. But nobody feels that he ought to be expected to examine into the finances in detail. There should be imposed on the Regents the obligation of handling all the financial matters. The president has ample duties to perform which ought to cause him to be excused from being expected to enter into the minutiae of the financial affairs of the University.

M'KOWEN'S CLIENTELE.

The Finance Commitle hired an auditor and paid him the paltry sum of $300 per year and he was expected to examine the books only when called on to do so by the Secretary. But the secretary was at large parading the streets. He was known to waiters in all the French restaurants of San Francisco and he was better known among sporting men on the race track."

Senator Carter reviewed the work of the committee and made a forcible plea for the adoption of the measure.

Senator Lukens made a motion to the effect that the shorthand notes taken by the stenographer at the investigation, claiming that it would give the Senators a true insight into the facts upon which the report was based.

This motion failed to carry.

Then followed the balloting, the result of which is given above.

POISONER CAUGHT AFTER A CHASE

CONNELLSVILLE, Pa., March 1.—John Marzt, a bartender, is in jail at Uniontown in connection with the poisoning of his wife and three children. All four were made ill by drinking coffee which has been found to contain arsenic and little hope is held out for their recovery. Marzt, who died soon after dinner, at which meal the coffee was used, was captured after a chase of several miles.

NOT A PATENT MEDICINE

Hyomei, the Guaranteed Catarrh Cure, Prescribed By Physicians.

No one should confound Hyomei with the patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hyomei gives its formula to all reputable physicians.

Its base is the valuable eucalyptus oil, famous for its valuable eucalyptus This is combined with aromatic and healing gums and balsams, making a pure liquid, which when used in the Hyomei pocket inhaler, fills the air you breathe with germ-killing, disease destroying and healing powers that kills all catarrhal germs there may be in the throat, nose and lungs.

How foolish it is to try and cure catarrh by swallowing tablets or liquids. The only natural way to cure this disease and all other diseases of the respiratory organs is to breathe Hyomei.

This treatment has been so successful, curing 99 per cent. of all who have used it, that Hyomei is now sold by Osgood Brothers under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hyomei. If it did not possess unusual powers to cure, it could not be sold upon this plan.

The complete Hyomei outfit costs $1.00 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a lifetime; and additional bottles of Hyomei can be obtained for 50 cents.

GUARDS LOSE HIGH WAGES

Convict Herders to Get Not More Than Sixty Dollars.

(Special to the Tribune.)

SACRAMENTO, March 1.—Have the guards at San Quentin and Folsom decided upon resigning in a body in the event that the Legislature fails to pass a bill raising their salary from $50 to $75 per month.

That is the story which was circulated here on the day that the bill providing for the increase referred to was passed by the Senate after the same had gone through the Assembly.

When the bill providing for the increase in question was passed by the Senate, as was afterwards shown, quite a number of the members did not know the effect of the measure nor the amount of money which its passage would require to be produced. This would amount to about $75,000.

It has now been made apparent that, while the bill in question has been passed, no provision has been made in the General Appropriation bill to provide money for the payment of the guards for the increase in their wages provided for in the bill in question. There is no possibility of a change being made in the bill in question in either house.

Coupled with this fact comes the information to certain senators that the bill increasing the salaries in question will not receive the signature of the Governor.

At the time that the bill with the increased wages passed the Senate another measure was to have been introduced providing for a graduated scale of wages, beginning at $50 a month and increasing the same at the rate of $5 for every six months served, until a maximum of $65 was reached, but there is no chance now of making use of that measure.

A representative of San Quentin prison was here today and was asked if the guards at that place would refuse to work if they were denied an increase of wages from $50 to $75 a month and replied:

"Let them resign, let them strike if they want to. There are plenty of men to take their places. Where can you find unskilled labor paid any more liberally? Included in that $50 are board and lodging. That makes the total at least $70 a month. If the guards should be paid $75 a month, the allowance for board and lodging would bring up the total to $95 a month."

It is more than likely that a solution to the difficulty will be found by having the Prison Directors increase the wages of the guards from $50 to $60.

Representatives of San Quentin here say that if the guards are not satisfied with this arrangement they will be welcome to strike.

FINAL SESSION MARCH 10

Assembly Agrees to That Date and Senate Will Concur.

(Special to THE TRIBUNE.)

SACRAMENTO, March 1.—The Legislature will adjourn Friday, March 10th at noon.

That is the decision of the Assembly and it will undoubtedly be concurred in by the Senate.

The subject was brought up in the Assembly by means of a resolution of the Ways and Means Committee setting the date Friday, March 10th.

Atkinson moved to amend, fixing the date Saturday next, March 4th. This was voted down by 33 to 15.

Assemblyman Transue then moved to make the date of adjournment one week from Saturday next, March 11th. This was voted down by the same vote.

Assemblyman Walsh of Alameda then moved to adjourn one week from today, March 8th, and this, also, was voted down.

The suggestion of the Ways and Means Committee that the Legislature close Friday, March 10th, at noon was adopted unanimously.

Senator Leavitt has called a caucus of the Republicans of the Senate for today to discuss the question and there is no doubt that the date suggested by the Lower House will be agreed to.

BELSHAW WOULD BE GOVERNOR

Says He Would Like the Place But it May Not Be in the Cards.

(Special to THE TRIBUNE.)

SACRAMENTO, March 1.—Senator Belshaw of Contra Costa county is willing to serve the people as Governor of the great State of California. This was the admission made to THE TRIBUNE correspondent today by the Senator in question.

The rumor that Senator Belshaw entertained Gubernatorial aspirations has been in circulation here for several days, and, speaking on the question, a close Senatorial friend of Senator Belshaw said:

"We all call him 'Governor' but he takes no exception to it. In fact, he has told me he would like to be Governor."

Senator Belshaw was spoken to on the subject by THE TRIBUNE correspondent, and said:

"I am not making a fight for the position of Governor. Of course, I will say that I would like to be Governor. But, I don't know that it is in the cards. It is too early to make a fight for it. I remember what happened when Tom Flint was a candidate. Such a thing as this has got to come to a person."

BRACE OF BILLS.

The Assembly Bill No. 239, by Mr. Waste, relating to the State Board of Health came back from the Senate amended and the amendments were concurred in by the Assembly.

The bill by Assemblyman Burke preventing the hunting of certain game under cover of night failed of passage.

YE LIBERTY

SUPERIOR QUALITIES OF "MIZPAH" BECOMING MANIFEST.

Some few of the playgoers of Oakland are just beginning to realize the superior qualities of Ella Wheeler Wilcox's great play, "Mizpah" which is being produced at Ye Liberty Playhouse this third and last week. As a result there has been a large advance sale of tickets for the remaining nights of the play. The audience last night was large and all appreciated this great production.

It is expected from the tremendous sale of tickets that the theater will be filled to overflowing tonight when the benefit for the Spanish War Veterans will take place. "Mizpah" will be played, and a large sum will no doubt be realized.

The comic opera "A Little Tycoon" which will be presened at Ye Liberty on Friday evening for the benefit of Fabiola Hospital, will be an important social event. A number of society amateurs will render the opera under the direction of Miss Georgia Cope, and it will be thoroughly enjoyable.

MANY MEASURES PASSED ON BY LEGISLATORS.

Speeding Passage of a Bill Which Provides For Punishment of Legislative Felons.

[Special to THE TRIBUNE.]

SACRAMENTO, March 1.—The Assembly has received a favorable report from the Committee on Judiciary on the bill requiring the State to bear the greater part of the cost of prosecuting charges of felony made against members of the Legislature who are brought to trial in this county growing out of transactions connected with the Legislature. The bill was drawn by District Attorney Seymour of Sacramento county and was suggested by the four criminal prosecutions which have grown out of the prosecution of Senators Emmons, Wright, Bunkers and French, non-residents in this county, who have been charged with bribery. In the event of this bill becoming a law, the expense of the cases now being tried in this county will be borne by the State.

WANTS TANFORAN.

Tanforan is wanted as a site for a State fair. This is the purpose, it is said, of the Beckett bill, which is still in committee and which provides for the holding of the State fair within fifty miles of San Francisco. The bill provides for the appointment of a hold-over committee to investigate and report upon the subject at the next session of the Legislature. There is little hope, however, for the project, because it is already assured the State fair at Sacramento at the present session will receive an appropriation, and the appropriation, amounting $115,000, or in that vicinity, will preclude the probability of the next Legislature voting assistance to a rival institution in a distant section of the State.

THE GAME BILL.

The Wolfe game bill was debated for several hours and finally passed the Senate, although an attempt was made to amend it several times.

Senator Simpson of Alameda spoke in opposition to the measure. He declared that it seemed to him that the bill proposed to establish a duck trust. It seemed that there was nothing to prevent the commission men from sending out as many hunters as they felt disposed to bring game in unlimited quantities.

LEAVITT AND DEER.

Senator Leavitt sought to amend the bill by limiting the number of deer to be killed in a season by any one individual to three. Another member of the Senate wanted the number reduced to two and Senator Leavitt's motion failed to carry.

ASSEMBLY DEFIANT.

The Assembly has refused to concur in amendments to one of the Waste bills regarding the number and salaries of the attaches of the proposed District Court of Appeals. The measure passed the Senate providing simply for a clerk of the court and a stenographer, who was also to act as assistant clerk of the court. When the Assembly bill reached the Senate it was amended, creating the office of assistant clerk and a stenographer. With these amendments the bill went to the Assembly, and that organization refused to concur in the changes. The matter will now go to committee on conference between representatives of both Houses.

LUKENS INDIGNANT.

Senator Lukens was considerably stirred during a certain portion of the time devoted to the discussion by the Senate of the report of the Finance Committee of the Senate regarding the general appropriation bill, which had been prepared by the Ways and Means Committee of the Assembly.

The bill was brought up at short notice and Senator Belshaw, who is chairman of the Finance Committee, sought to have the measure considered at once greatly to the surprise of Senator Lukens and others, who declared that such an omnibus bill should not be rushed through the Senate. There were some important amendments in it, which should be given some attention. He hoped that the Senator from Contra Costa had no intention of coercing Senators into a consideration of the measure.

The reading of the bill was proceeded with, however, and, later, it developed that there had been a conference between three members of the Senate Finance Committee and three members of the Assembly Ways and Means Committee on the bill during the noon recess, and that these six had made changes in the bill which had not been authorized by either the Senate or the Assembly or the financial committees of either.

Senator Lukens was surprised and indignant at the statement, which showed, he said, that they were considering, not, as he supposed, the general appropriation bill as reported from the Ways and Means Committee through the Finance Committee of the Senate. Instead, however, the bill was in effect a measure which had come from an unofficial conference. It was the first time in his legislative experience that he ever knew of anything of the kind.

Senator Lukens then said that he had consulted with Adjutant General Lauk regarding the allowance made for the militia, and now he found some appropriations changed affecting the Guard. The Senator had spoken to the Adjutant General about the organization of another company and had been told that he could not with the money allowed him by the Ways and Means Committee keep in good condition the companies now in the Guard. He then asked if Adjutant General Lauk had been consulted with regard to the cut in an item and Senator Belshaw said that the Adjutant General had not been consulted on the subject. General Lauk declared, Senator Lukens said, that he would require at least $10,000 more to maintain the National Guard in a respectable condition.

CODE REVISION.

By working a great deal at night, a great deal of code work has been done by both the Senate and the Assembly, and, as a consequence, Code Commissioner Davis feels happy. The bills which he has prepared comprise about 200, which are divided between the civil and penal codes. These have passed the Senate and are now on third reading in the Assembly.

CATOR WANTS MONEY.

Today there was a conference between Senators Belshaw, Rowell, Diggs, Simpson and Ralston who comprised the Investigation Committee upon whose report Senators French, Emmons, Wright and Bunkers were expelled from the Senate and Attorney Cator as also other attorneys who acted as counsel for the accused Senators. The meeting was brought about by the attorneys who made a plea to the effect that they were entitled to fees for having defended the expelled Senators. The attorneys declared that they were entitled to a liberal allowance on the same principal that a fee was always allowed by the State in contested election cases.

The Senators took the matter under advisement.

KIRK BILL PASSES SENATE.

The apportionment school bill prepared by Superintendent of Instruction Kirk, passed the Senate and is now before the Governor by whom it will undoubtedly be signed. Senator Wolfe of San Francisco proposed an amendment providing that the school money should be apportioned, not on the actual attendance at school but on the average attention. This, he claimed, would take $100,000 less from San Francisco than the bill drawn up by Kirk, would take.

The amendment was voted down, and then the bill went through by 26 votes in the affirmative and 6 votes in the negative. The vote of the Alameda county delegation was as follows:

Aye—Lukens, Mattos—2.

Nay—Leavitt, Simpson—2.

Simpson later changed his vote to aye.

LEAVITT HAS LAST BILL.

What was probably the last bill of the session has been introduced in the Senate by Senator Leavitt, with the unanimous consent of all the members present who were in excess of the two-thirds majority required by the rules after the fiftieth day of the session. The bill was numbered 899 and it is intended to afford relief to the prison management. Heretofore, the sale from jute bags has gone to the jail, whereas under the present conditions, the proceeds will go into the General Fund of the State.

PRIZE FIGHTING.

Senator Ralston's bill prohibiting prize fighting has failed of passage in the Senate. It received 18 votes in the affirmative and 10 in the negative. The author gave notice of reconsideration.

Messrs. Lukens, Mattos and Simpson voted in the affirmative.

COMPULSORY EUDCATION.

The Assembly has passed the Espey bill 981 which is used in connection with the measure governing child labor. It requires childen under 14 years of age to attend school during the time that the school of their district is open.

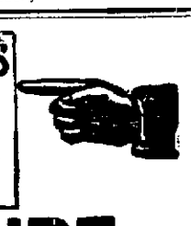

LUKENS HEARS FROM KNOWLAND.

Congressman Knowland has written a letter to Senator Lukens which states that he will return home in a couple of weeks. He intimates that he will be glad to get away from the National Capital because the winter has been pronounced the severest that has been experienced in many years. The ground there has been covered with snow since last December.

ARBOR DAY.

The Senator has passed a bill by Senator Wolfe requiring the Governor to designate a day as Arbor Day, upon which the people will plant trees in their respective localities throughout the State, as a means of attracting moisture from the clouds, breaking the severity of winter storms and also contributing to the beauty of the country. This idea is following that which obtains in some Eastern States, notably in Nebraska, where the idea originated, the originator being J. Sterling Morton of Nebraska City. Arbor Day in that State is annual occurrence and the observance of it has led to the planting of thousands of trees every year which have been of incalculable benefit to the section in which the planting takes place.
